THE MARQUIS OF ANGLESEA'S LEG.

The notice of the recent death of the Marquis of Anglesea, at the advanced age of 86, brings to recollection a very remarkable epitaph upon a portion of his mortal remains buried some thirty-nine years ago. It was written in 1815, soon after the battle of Waterloo, and was long attributed to the Rt. Hon. George Canning, in whose Memoirs, anonymously published after his death, we find the poem as from *his* pen. But doubt is cast on this authorship by a later biographer of the British statesman.—*New York paper.*

EPITAPH ON THE MARQUIS OF ANGLESEA'S LEG.

Here rests—and let no saucy knave
Presume to sneer and laugh,
To learn that mouldring in the grave
Is laid a *British calf*.

For he who writes these lines is sure
That those who read the whole
Will find such laugh was premature,
For here, too, lies a *sole*.

And here five little ones repose,
Twin-born with other five,
Unheeded by their brother toes,
Who all are now alive.

A leg and foot—to speak more plain—
Rest here, of one commanding,
Who, though his wits he might retain,
Lost *half his understanding*.

And when the guns, with thunder fraught,
Pour'd bullets thick as hail,
Could only in this way be taught
To give the foe *leg bail*.

And now in England, just as gay
As in the battle brave,
Goes to the rous, review, or play,
With one foot in the grave.

Fortune in vain here show'd her spite,
For he will still be found,
Should England's sons engage in fight,
Resolved to stand his ground.

But Fortune's pardon I must beg;
She meant not to disarm;
And when she lopp'd the hero's leg,
She did not seek his *h arm*.

And but indulged a harmless whim,
Since he could walk with one;
She saw two legs were lost on him
Who never meant to run.

VANITY OF LIFE.

The following, from a late speech of Mr. Benton, is a touching exhibition of the vanity of political ambition.

I have gone through a contest to which I have no heart, and into which I was forced by combination against life and honor, and from which I gladly escape. What is a seat in Congress to me? I have sat thirty years in the highest branch of Congress, have made a name to which I can add nothing, and I should only be anxious to say, what has been gained. I have domestic affections, sorely lacerated in these latter times; a wife whom I have never neglected, and who needs my attention now more than ever; children, some separated from me by the wide expanse of oceans and continents, others by the slender bounds which separate time from eternity. I touch the age which the psalmist assigns as the limit of manly life, and must be thoughtless indeed, if I do not think of something beyond the flitting and shadowy pursuits of this life, of all of which I have seen the vanity. What is my occupation? Ask the undertaker, that good Mr. Lynch whose face, present on so many mournful occasions, has become pleasant to me. He knows what occupies my thoughts and cares; gathering the bones of the dead—a mother, a sister; two sons; a grandchild; planting the cypress over assembled graves, and making the spot where I, and those who are most dear to me, are soon to be laid.

"THOUGHTS TOO DEEP FOR TEARS."—I know not how it is with others, but often amid the busy scenes of life, when hope and ambition are at their zenith, there will steal over me a sense of morality. A deep and tender melancholy settles down upon the soul, and unfits me for business, or to hold communion with the things of common earth. Then "vanity" is written upon all those things here, for which men toil, and struggle and even dare to die, wealth and fame—how insignificant! how vain and foolish seems their pursuit! "Passing away," is inscribed upon every living thing, and upon the green earth, and and the blue sky. Then life seems but a span, and all men as grass, as flowers nipped by untimely frosts, that fade and die. In such an hour, I wish communion with the living; but wherever I may be I shun the busy hum of the world, and as soon as the shades of evening prevail, seek some burying-place of the dead, to hold communion with departed ones—to mingle for a time, with spirits of the spirit world.

Harriet Beecher Stowe, has given $1000 in aid of a school, established in Washington city, for educating colored children.

Dr. Gardiner the English chemist has taken out a patent for his preparation for roasted coffee leaves, which are little inferior to tea as a beverage.

A butcher boy in New York says he has often heard of the *fore*-quarters of the globe, but never heard any person say anything about the *hind* quarters.

Messrs. Wright of Birmingham, England have recently patented a rope, constructed of the best hemp and galvanized wire spun together by machinery; and a rope so manufactured four and a half inches in circumferance, was found on trial capable of drawing three huudred tons weight, which required two engines to propel it.

"Vice is first pleasing, then easy, then delightful, then frequent then habitual, then confirmed; then the man is impenitent; then he is obstinate, then he resolves never to repent—then he is damned.

R. R. R.

What do the Sick Require?

To those who think—If sick, if suffering the tortures of pain, or afflicted with long illness, the invalid's constant hope and most fervent desire is to be relieved and cured of the distressing ailment, that time. On this principle the R.R.R. REMEDIES are founded. Instant Relief from Pain, Quick Cure of Diseases, Speedy Restoration to Health, is the great platform on which the R.R.R. Theory is predicated.

The R.R.R. REMEDIES are worthy of the age. They instantly relieve the bed-ridden from the most excruciating pains, and quickly free the afflicted from the most obstinate and serious maladies, infusing new life and vigor in the shattered and bruised body, and renew each member and organ of the human system with strength and power.

The R.R.R. REMEDIES consist of RADWAY'S READY RELIEF, RADWAY'S RENOVATING RESOLVENT, and RADWAY'S REGULATORS.

RADWAY'S READY RELIEF is for the instant relief of the sufferer from pain, and to check and arrest the progress of diseases; to disinfect animal, malarious, and infectious poisons, thus protecting whoever uses it against all poisonous infection from Contagion, and from sudden attacks of Cholera, Pneumonia, Ship Fever, Fever and Ague, &c. Likewise for the effectual and radical removal of all pains and diseases of the Joints, Limbs, Nerves, &c.

Its first action is to remove the pain, (hence its usefulness in Neuralgic cases;) its second, to repair and heal, as in the case of a cut, or wound. If the Relief be applied after the first little smarting is over the pain is extinguished, and the work of reparation now commences. But if the Relief is not applied, there are many chances to one that the pain will continue, and an inflamation be set up, and instead of a simple incised wound we have inflamation—disease to contend with. Beside, its direct power over pain, the Ready Relief is the most effectual and convenient "counter irritant" that is known to the medical world.

If there be a congestion or heaping up of the blood in any particular part, occasioning pain and threatning inflamation or disease, as Sore Throat, Lumbago, or pains in the loins, Pleuratic congestion &c. the Relief will be found the most invaluable curative. By applying it over the adjacent parts, the blood is drawn away from the affected parts, the congestion dissipated and the pain removed at once. Let any one who may doubt this but make the trial. Now, these two properties, its power over pain and its "counter irritant" render it the most valuable remedy for Diarrhœa; and although not an astringent in the popular meaning of the term, yet it stops the pain and arrests the discharge of the most frightful Diarrhœa or Cholera in a short time.

DISINFECTANT.

RADWAY'S READY RELIEF is the most safe and powerful disinfectant in the world—as such, it is a most effectual cure and positive preventative of

FEVER AND AGUE.

So with other fevers and all malarious diseases. Ten or twenty drops, taken internally, in a little water will protect the system against any attacks from infectious and malarious poisons.

PNEUMONIA.

whether Typhoid or Bilious, RADWAY'S READY RELIEF, given internally, and applied over the surface of the body, and the bowels regulated and kept soluble with RADWAY'S REGULATOR, the patient will soon be out of danger, and speedily restored to health. If the R.R.R. Remedies are given, the will save the life of the patient.

RADWAY'S RENOVATING RESOLVENT is the second of the R·R.R. Remedies. It is for the cure of old Chronic Diseases that have been lingering in the system for years.

HIGHLY IMPORTANT TO ALL AFFLICTED WITH CHRONIC DISEASES.

For the present, then, let us pass to the consideration of the RESOLVENT, the second of the three R.R.R. Medicines.

RADWAY'S RENOVATING RESOLVENT is for the cure of Chronic Diseases, of inflammation that is kept alight on fire by some sustaining cause: for the Chemists tell us that inflammation is a slow concealed combustion. And this cause is a deposit resulting from the inflammation whilst it is in an active or acute condition, for all disease is at one time acute before it becomes chronic. If a person has Chronic Rheumatism, it is the result of a deposit in the fibrous issue surrounding joints; if a person is Scrofulous, these deposits often show themselves in small lumps under the chin and along the neck; if he have a Consumption or Chronic Cough, there is tuberculous matter deposited in the lungs; if Bronchitis, it takes place the Bronchial tubes: if Syphilis, it occurs in every tissue and organ in the whole system, for that disease spares nothing. Now to cure these diseases, these Chronic inflammations, (for it is this in every case.) it is manifest that the diseased deposits must be first removed, the sustaining cause be taken away, and that the impure blood be altered in its condition and rendered pure and healthy.

It becomes necessary, then, that the absorbents be active and the blood be purified. We therefore want a medicine that will act on the absorbents and stimulate them into action, and at the same time purify the blood. Medicines that depend merely on purifying the blood alone will scarcely ever cure Chronic diseases: to ensure success they must at first have the power to stimulate the absorbents, and remove the diseased deposits. The action; of the RESOLVENT is directed first to the absorbents, stimulating them into action, and second to the blood which it depurates by its action over the glands, the liver, pancreas, kidneys &c., which are the sewers that nature has established for purifying the blood. You will, after this description, we hope, appreciate the name we have given to the second of the R. R. R. REMEDIES OF RENOVATING RESOLVENT. It resolves away diseased deposits; it purifies the blood and renovates the system. Tumors are removed and discussed by its operation: Chronic Swellings are dissipated; Nodes are softened and melted away. The most loathsome Skin diseases disappear under its action; Scrofulous constitutions are soon amended, and the disease checked when over it has attacted the system. Syphilis, with all its horrible train of concomitants, here finds a certain and infallible cure; and Consumption too, oftimes finds its master—Consumption, that prevalent and lamentable disease of the lungs, that is so well known to you all, from its fatal and almost helpless character, and the havoc it produces among the young, the most gifted and the most beautiful of the human race, creeping over our vitals with an insidious yet awful certainty, and consigning to an early and premature grave its yearly hecatombs of victims. Tubercular Consumption is often regarded as a specific disease of the lungs alone. This is a mistake: it is but one of the forms of Scrofula—it is a Scrofula deposit, an inflamation of the lung structure, and could be as readily cured as any other Scrofulous disease—such as Rickets, Hip Complaint, or White Swelling—if it was not for he peculiar structure and action of the lungs in which it takes place.

The lungs expand and contract during every respiration; and from the moment the first breath of life is drawn, until the last guttural sigh passes from the dying invalid, a never-ceasing action is kept up on their part. It will readily be conceived then, how difficult it must be for an Ulcer of the lungs to heal, where it is continualy kept irritated by the act of breathing.

Understand, then, we do not offer you the RESOLVENT as so certain a cure for Consumption or Scrofula of the lungs, as it is for other Chronic diseases. We believe that it will cure Scrofula in any other part of the body, but from the very nature of the case, this complaint—except in its first stages—is oftentimes incurable; but we can recommend it as the most certain remedy (when taken as directed in our pamphlets) that we possess to arrest its progress, and can point to a large number of cases of Lung Diseases that it has cured.

Such then, is the RENOVATING RESOLVENT When the Relief is to Acute Disease the RESOLVENT is to Chronic; it resolves away the foreign and diseased deposit; it purifies the blood and it renovates the system

NO. 3

We now request the reader's attention to the third of the R.R.R. REMEDIES.

RADWAY'S REGULATORS.

Every pill taker should examine the theory on which the REGULATORS are founded. Every one "who takes pills," will find RADWAY'S REGULATORS the most pleasant and safe Regulator of the Liver, Bowels, Kidneys, and other organs of the system in use

We have hitherto been treating of diseases or inflammation in its acute or chronic state, and its remedies; the RELIEF in one hand and the RESOLVENT on the other. We now pass to the consideration of that state of the system immediately proceeding disease or inflammation, viz: IRRITATION. To allay irritation of the nervous system, and remove its effects wherever it exists, and to aid the RELIEF or RESOLVENT in treatment of inflammation, are the chief purposes of the REGULATORS.

But how is nervous irritation the cause of diseases? Because the glands of the system are controled by the brain and nervous centers, and what irritates the brain causes irregularities of the glands; and when the glands refuse to do their work, the foreign matter which it is their duty to remove, is left in the blood, and increases already existing irritations. The glands are sewers of the system and are composed chiefly of the Liver, the Kidneys, the Pancreas, the Salivary Glands, and those of the skin and intestinal canal. Now, a regular and honest action of these organs are indispensable to keeping the blood in a pure and natural state. If we give you poison instead of food to eat you can easily understand that the blood will becorrupted by it, and diseased action will follow; and it will be just as surely corrupted if the glands do not abstract the worn out materials from it

Again if the kidneys be interfered with in their action, from any irritation whatsoever, why then we have the salts of the urine, the poisonous urea, circulating in the blood, producing headaches, coma, drowsiness, &c.

And, last and most important of all, if any irritating causes interfere with the operation of that great laboratory the Liver, behold the disasteous effects! The bile, instead of passing into the intestines to aid them in their movements, (for the bile is Nature's purgative) is left to circulate in the blood: the bowels, therefore become inactive and the carbanaferous bile (for carbon or charcoal is the chief compoent of bile) circulating in the blood is the cause of the fevers of the system. The superabundance of the carbon in the blood meeting with the oxygen as it passes through the lungs is slowly consumed, and gives out a superabundance of heat, and this is fever.

RADWAY'S REGULATORS induce a healthy regularity of glandular action No. Costiveness or Dyspepsia or Indigestion, or Pains in the Side, or Liver, Complaint or Pains in the Kidneys will trouble you if RADWAY'S REGULATORS are taken: and we positively assure all who are afflicted with these distressing complaints that RADWAY'S REGULATORS will cure them

R.R.R. REMEDIES are suited to the treatment and unaided will cure most of "the ills that flesh is heir to." The sanguinary practice of the lance, the cupping glass, and leeches, they entirely dispense with,,and banish forever the pernicious use of that baneful drug, calomel

If you be sick, we advise you to resort at once to the R.R.R. REMEDIES, as the most prompt in their action, the most sure and effectual of remedies,

Instance of diseases prevented, of rapid cures, and almost miraculous recoveries we can furnish you the certificates and credentials without number.

But these may be obtained without merit as well as with it, and, without knowing the circumstance prove nothing to your mind.

The R.R.R. Remedies are for sale by druggists everywhere. Persons desirous of learning more of our REMEDIES, are referred to our FAMILY FRIEND a Monthly paper. A copy will be sent free of charge, to all who will send in their names and address. RADWAY & Co.,

May 4, 1854. 162 Fulton street, (up stairs) N.Y.

The Laws of Prince Edward Island

FROM 1773 to 1851, both years inclusive—2 vol. Royal 8 vo., with a copious Index; published under an Act of the Colonial Legislature, and carefully revised and consolidated, by Commissioners appointed for the purpose, may be had at the Bookstore of G. T. HASZARD.

Twelvetrees Brothers' Soap Powder

(an entirely new invention.)

IS the cheapest, safest, best, and most effectual article for all washing purposes, a packet of which is equal to ten Pennyworth of Soap!

The saving of Time and Labour is so astonishingly great, that a WEEK'S WASH can be accomplished BEFORE BREAKFAST—no rubbing being required.

This wonderful Article is MORE SERVICEABLE THAN SOAP, as it produces a better and much quicker lather, and is adapted for purposes for which Soap cannot be safely or effectually used.

It will not injure the hands, or the most delicate material; but whilst it is incomparable for permanently whitening Linens, &c., after they have become discoloured by age, or injured by bad washing, it is also unsurpassable for improving the colors of FLANNELS, BLANKETS, WOOLLENS, COLORED PRINTS, MUSLIN and LACE. For Sale by

GEO. T. HASZARD, QueenSquare.

APOTHECARIES HALL.

The Old HOUSE, Established 1810.

CHARLOTTETOWN, JANUARY, 1853.

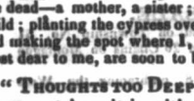
T. DESBRISAY & Co.

HAVE just received, per late arrivals from London, Dublin, United States and Halifax, their Supplies for the Season, comprising, in the whole, an

Extensive and Varied Assortment of

DRUGS & CHEMICALS, PERFUMERY, Brushes, Combs, Soaps, and other Toilet requisites; Paints, Oils, Colours, and Dye Stuffs; Fruits, Spices, Confectionary, Medicated and other Lozenges; with all the Patent Medicines in repute, and every other article usually kept at similar Establishments in Great Britain. (*See Apothecaries' Hall Advertiser.*) The whole of which they can with confidence recommend to the public, and, if quality be considered, at as low, if not lower prices, than they can be procured in the market. on

The New London Horse "FEARNOT,"



WILL stand for the Season, commencing on the 1st May at Malpeque, Barrett's Cross Roads, through Prestown, and South West Bedeque; at Neil Laforgy's, Bedeque Road; Barny Trowsdale, Crapaud; down the South Shore to Long Creek, at Michael McRae, on the West River, and at the North River, up Anderson's Road, at Mrs. Todd's; at Richard Bagnal's on the Malpeque Road, round by New Glasgow, Grand River, New London; and station at Duncan McIntyre's, South West River.

The Horse will visit each Station once a fortnight, making six rounds in the Season.

At the Cattle Show in Charlottetown, the following Premiums, offered by the undermentioned gentlemen, will be awarded, viz;

By Judge Peters, £1 for the best half-bred Galloway Bull.

By Mr. Walkinshaw, £1 for the best yearling Ayrshire Heifer.

By Mr. Walkinshaw, £1 for the best yearly Heifer of any breed.

By Mr. J. D. Haszard, £1 for the best Poll Bull of any age

By Mr. J. D. Haszard £1 for the best Poll Cow of any age.

By Mr. B. E. Wright, £1 for the best two year old Heifer of Alderney breed.

All Cattle intended for Exhibition must be entered at the Society's Depot on or before Saturday the 16th September.

Regulations will be published in a future advertisement.

The same amount of Premiums will be given, to be competed for at Saint Eleanor's, in Prince County, and at Finlay's, Cross Roads, in King's County; the time of holding the Shows to be determined by the local Committees in each County.

By Order,

CHARLES STEWART, Sec'y.

Committee Room, May 3, 1854.

Hat and Clothes Cleaning ESTABLISHMENT.

THE Subscriber, grateful for past favors, begs to remind his friends, and the public, that he still carries on the above business in all its branches. Gents.' Beaver, Silk and Felt Hats, re-stiffened, redyed and cleaned; Old Clothes of every description, cleaned; all spots of paint, grease, &c., removed, and the garment restored to its former lustre.

JOHN HOBBS, Hatter, &c.

Orders left at Mr. J. William's, Market Square, will be promptly executed, and returned semi-weekly.

Charlottetown Royalty,
April 1st, 1854. 3m.

PAPIER MACHIE GODDS.

JUST RECEIVED at George T. Hazzards Bookstore, a handsome variety of Fancy Goods consisting of—

Papier Machie Writing Desks
" Work Boxes
" Portfolios

Tortoise Shell Card Cases, Parian Statuettes, Wax Baskets, Bronze Figures, Mantel Stands, do and Papier Machie Watch Stands, with a variety of useful articles.

THE LIQUOR TRAFFIC:

Ought it to be protected, or to be prohibited by Law?

THE ADDRESS, recently delivered at the Temperance Hall, Charlottetown, before *the Members of both Houses of Legislature*, and others, by the Rev. J. R. NARRAWAY, just Published and for sale by Mr. G. T. Haszard and Mr. Stamper. Price sixpence; considerable reduction if sold by the dozen

Mountaineer.

THE BEAUTIFUL thorough-bred STALLION *Mountaineer*, by Muley Moloch out of Champagne, (the Carpenter and Lightning's dam) By Blacher (winner of the Derby in 1814,) by Waxey out of Pantina by Buzzaard, grand-dam by Trentham out of Cytheres. Muley Moloch by Muley out of Longwaist's dam, by Dick Andrews out of Spitfire.

He is a Dark Bay with Black Legs, very powerful has fine action, and a good temper. His pedigree is excellent, combining the most fashionable and racing blood on the turf. Muley Moloch being sire of the celebrated Alice Hawthorne, and many other superior Racers. Mountaineer's stock, now four years old, are very powerful and promising, and selling at high prices. The performances and racing capabilities of Muley Moloch, Longwaist, and Alice Hawthorne, are too strongly impressed on the minds of the racing public to require repetition, especially the latter, she having won about 35 Queen's Plates and Gold and other Cups, besides many of the most valuable Stakes and Prizes in her day.

He will stand in Town, at the Subscriber's stables. Fees Twenty Shillings, paid in advance.

NEIL M'INNIS.

April 8th, 1854.

WAXWORK.

THIS celebrated Horse "WAXWORK," imported from England, by the Royal Agricultural Society in 1853, will serve for the Season at the following places, commencing on the 1st April:—He will stand in Charlottetown every Saturday, and every second Wednesday, at Mr. Jakeman's; and will travel as far as Crapaud, at Mr. James Bulpets, and remain there from Tuesday evening, until Thursday morning, once a fortnight for the Season; thence return home; and the remainder of the time at the Subscriber's Stables, Old North River Road, 4½ miles from Charlottetown.

This Horse stands 16¼ hands high, is very powerful, and of a handsome grey color. Terms, 15s. for the season; the money to be paid the first time of serving.

JOHN STOCKMAN.

Old North River Road, May 3.

From the Liverpool APOTHECARIES' COMPANY.

PER Brig *Helen*, from Liverpool, M. Wallace Skinner, family and dispensing Druggist, has received a large supply of genuine British DRUGS and MEDICINES from the above Company, which include every thing in his line.—Patent Medicines; Perfumery; Toilet requisites; Hair Oils; Pomades; Fancy Soaps, &c.; a large lot Feeding Bottles; and every article kept by Druggists generally, will be found at his Establishment.

M. W. S. begs to intimate that in future, he will get his supply of Drugs from the Liverpool Apothecaries' Company, which will be a guarantee that they will be of the very best quality. Surgeon's prescriptions, and family receipts carefully prepared from Drugs of reliable quality.

Medical Ware House,
June 6th, 1854. Ex & 1m

PASTURE GROUND.

THE Subscriber having sixty Acres of good Pasture Ground, well watered, he will take in stock at a moderate rate. Four miles from Town.

ISAAC HENDERSON.

Brackley Point Road, May 30.

TURNIPS.

THE ROYAL AGRICULTURAL SOCIETY offer the following Premiums, to be competed for in Queen's County this season, viz:

For the best acre of Swede Turnips,		£3	0 0
2d do	do	2	10 0
3d do	do	2	0 0
4th do	do	1	10 0
5th do	do	1	0 0
6th do	do	0	10 0

Should the most successful competitor have been a winner of a First Prize on any previous occasion, he will receive, instead of the Money Prize, a Silver Medal, with suitable inscription; and the money for the first Prize will be awarded to the next successful competitor, and so on to the end of the list.

AN INDUSTRIAL SHOW will be held in Charlottetown in November, at which the usual Prizes will be awarded.

By Order,

C. STEWART, Secretary.

Committee Room, 3d May, 1854.

HOUSE AND LAND FOR SALE.—The Subscriber offers for Sale the House and Lanb opposite Heath Haviland, Esqr's.

GEORGE HIX.

May 3.

AYER'S PILLS,

A NEW and singularly successful remedy for the cure of all Bilious diseases—Costiveness, Indigestion, Jaundice, Dropsy, Rheumatism, Fevers, Gout, Humors, Nervousness, Irritability, Inflammations, Headache, Pains in the Breast, Side, Back, and Limbs, Female complaints, &c., &c. Indeed, very few are the diseases in which a Purgative Medicine is not more or less required, and much sickness and suffering might be prevented, if a harmless but effectual Cathartic were more freely used. No person can feel well while a costive habit of body prevails; besides it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is alike true of Colds, Feverish symptoms, and Bilious derangements. They all tend to become or produce the deep seated and formidable distempers which load the hearses all over the land. Hence a reliable family physic is of the first importance to the public health, and this Pill has been perfected with consummate skill to meet that demand. An extensive trial of its virtues by Physicians, Professors, and Patients, has shown results surpassing anything hitherto known of any medicine. Cures have been effected beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of untruth.

Among the eminent gentlemen to whom we are allowed to refer for these facts, are

PROF. VALENTINE MOTT, the distinguished Surgeon of New York City.

DOCT. A. A. HAYES, Practical Chemist of the Port of Boston, and Geologist for the State of Massachusetts.

IRA L. MOORE, M. D., an eminent Surgeon and Physician, of the City of Lowell, who has long used them in his extensive practice.

H. C. SOUTHWICK, Esq., one of the first merchants in New York City.

C. A. DAVIS, M. D., Sup't and Surgeon of the United States Marine Hospital, at Chelsea, Mass.

Did space permit, we could give many hundred such names, from all parts where the Pills have been used, but evidence even more convincing than the certificates of these eminent public men is shown in their effects upon trial.

These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies extracted by chemical process, in a state of purity and combined together in such a manner as to insure the best results. This system of composition for medicines has been found in the Cherry Pectoral and Pills both, to produce a more efficient remedy than had hitherto been obtained by any process. The reason is perfectly obvious. While by the old mode of composition, every medicine is burdened with more or less of acrimonious and injurious qualities; by this, each individual virtue only that is desired for the curative effect is present. All the inert and obnoxious qualities of each substance employed are left behind, the curative virtues only being retained. Hence it is self-evident the effect should prove as they have proved more purely remedial, and the Pills a surer, more powerful antidote to disease than any other medicine known to the world.

As it is frequently expedient that my medicine should be taken under the counsel of an attending Physician, and as he could not properly judge of a remedy without knowing its composition, I have supplied the accurate Formula by which both my Pectoral and Pills are made to the whole body of Practitioners in the United States and British American Provinces. If however there should be any one who has not received them, they will be promptly forwarded by mail to his address.

Of all the Patent Medicines that are offered, how few would be taken if their composition was known! Their life consists in their mystery. I have no mysteries.

The composition of my preparations is laid open to all men, and all who are competent to judge on the subject, freely acknowledge their convictions of their intrinsic merits. The Cherry Pectoral was pronounced by scientific men to be a wonderful medicine before its effects were known. Many eminent Physicians have declared the same thing of my Pills, and even more confidently, and are willing to certify that their anticipations were more than realized by their effects upon trial.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting wherever they exist such derangements as are the first origin of disease.

Being sugar wrapped they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity.

For minute directions, see the wrapper on the Box.
