ADVERTISE IN THE EVENING JOURNAL

In the Spring Time

Any fool knows enough to carry an umbrella when it rains, but the wise man is the one who carries one when it is only cloudy. Any man will send for a doctor when he gets bedfast, but the wiser one is he who adopts proper measures before his illness becomes serious. During a hard winter or the following spring one feels run-down, tired out, weak and nervous. Probably you have suffered from a cold, the Grip or flu, which has left you thin, weak and pale. This is the time to put your system in order. It is time for house-cleaning.

A good, old-fashioned alternative and temperance tonic is one made of wild roots and barks, without the use of alcohol, and called Dr. Pierce's Golden Medical Discovery, in tablet or liquid form. This is nature's tonic, which restores the tone of the stomach, activity of the liver and steadiness to the nerves, strengthening the whole system. First put up by Dr. Pierce over 50 years ago, now procurable at any drug store; or send 10 cents to Dr. Pierce's Laboratory, Bridgeburg, Ont., for trial package.

Growth Shows Desire To Extend Army Work

Commissioner W. J. Richards, chief of the Salvation Army in Eastern Canada, has completed his fifth year in that capacity. During that time the Army has seen one of its greatest periods of usefulness. This period takes in the "war years." The great war had been under way since August and new problems presented themselves to the organization when he assumed command. These problems required a large measure of initiative to overcome. The task of rendering the highest and most efficient service was shouldered and Canada paid tribute to the success which attended those efforts by over subscribing the amount asked for during the Red Shield Drive.

Commissioner Richards is a forceful man. He is a man of few words. He believes in doing things. During the five years, more than 11,000 persons are recorded as having sought salvation. Notwithstanding the losses due to war, there are today nearly 2,000 more names in the Membership Roll than there were in this territory five years ago.

In July, 1915, Canada East was separated from Canada West, the dividing line being Port Arthur. Even in view of this, there are now only forty one fewer officers in active ser-

vice in the Eastern territory alone than there were in the combined territories five years ago.

In the Field Report two very striking indications of financial growth are given. In 1914, the Self-Denial total for the combined territories was \$43,726. In 1919, for Canada East alone, it was \$75,591. Harvest Festival returns have been doubled.

Shows Solid Growth.

In all the various departments the record shows that as often as humanly possible every opportunity has been seized for the advancement of every branch of the organization. Inasmuch as every act of service means the welfare of somebody, the same rate of growth has been reposition which the Salvation Army occupies today, indicates tremendous increase in service to the community.

This service has been rendered under the leadership of Commissioner W. J. Richards. His five years in Canada have been five big years for the Salvation Army in Canada, and give great promise for the future.

The police are investigating the recent thievery in summer cottages at Port Dalhousie and the burning of the buildings at the Fifteen Beach. It is hoped that some arrests will be made soon as the police are on the track of the wrong doers.

Courteous, Painstaking Service

From the moment you have opened your account with us we look upon you as a friend of the Bank, to be served in every way possible, at every turn.

It is this spirit of "friendly service" that has been largely responsible for this Bank's solid, steady 87 years of progress.

We will appreciate your account.
