### LOCAL AND OTHER ITEMS.

Extensive repairs and alterations are in progress in the parliament building at Ottawa, partly on account of the approaching visit of the Duke of York, and partly to secure much needed additional accommodation.

A British warship damaged struck a rock in the Gulf of Mexico, and was wrecked on the coast of Mexico. The vessel was considerably damaged. She reached St. John's looking. This is the third time the Buzard has met with a similar accident.

H. M. S. **INDEPENDENCE**, arrived at Georgetown on Saturday. The Indefatigable is a second-class steamship, capable of 2,000 tons and 9,000 horse power. She paid a visit to Charlotte two years ago in company with the **Cromwell** and **Thames**. She left for Sydney on Monday.

On the arrival of the steamer **Orion**, at Halifax last week, a passenger named Edward Hooper, of Bermuda, was arrested by Detective Power, charged with the theft of government stores from the naval dockyard at Bermuda. He has made a confession and several prominent officials of the dockyard are said to be implicated.

The schooner **Marie Josephine**, has returned to Quebec from her search at Seven Islands for the bodies of the unfortunate victims of the ill-fated steamer **St. Olaf**. No further signs of human bodies were found than those reported some time ago, and it is now certain the body of **Capt. Lacombe** and the remainder of the victims must have been washed out to sea or buried by waves in the drifting sand. A large part of the hull of the vessel still remains where it grounded. The **Marie Josephine** brought up boilers and some other portions of the wreck, and will shortly return to endeavor to secure the engines and other parts of the steamer which was wrecked.

The latest man in the United States has just been buried. He was 62 years old and never had done a stroke of work. He was supported by his parents as long as they lived. A legacy was left which was doled out to him. His money was in time all gone, and he was left to eat the bread that was given to him; and he died in 25 years, and was buried in a pauper's grave. He was too lazy to use a pistol or a rope.

The remains of King Edmund the Martyr, the last King of the East Angles, who reigned from 855 to 870, have been returned to England after being in France more than seven hundred years. They reached London July 29th in charge of Monsieur Del Val, Archbishop of Nioca, Asia Minor, and were placed in the private chapel of the Duke of Norfolk, pending burial in the shrine being prepared for their reception in the new Catholic Cathedral in Westminster. The body, after burial at Home, was again buried at Bury St. Edmund's, whence it was carried off to France by Louis VII. Through the good offices and personal intervention of the Pope the body is now returned to England.

A sad drowning accident occurred near Georgetown on Friday, by which Frederick H. Smith, a young man twenty-one years of age, son of the Hon. Sir Frederick H. Smith, and brother of Sergeant Homan of the first Canadian Contingent, was the unfortunate victim. He was a member of a party of young men who were out for a swim in the harbor. The water was not very deep and the men were not far from the shore. The unfortunate was seen to be struggling, and the other boys, who were all very young and in the water, did not know what to do. It is apparent, expert swimmers, could not save him. They were in the alarm but when assistance arrived it was too late. The body was recovered several hours later by Mr. John McDonald who brought it to the surface by diving. The funeral was a popular young man and his untimely end cost a large amount of his friends and relatives.

Mr. LAYCOCK TUPPER, arrived here Saturday evening for the purpose of inducing young men to go to Madeline to work at the harvest. The excursion trip leaves here on Friday and Saturday and costs \$10 going and \$10 to come back. The lowest pay is \$25 per month, and from that to \$30, according to the man's skill in farm work. A good strong man, accustomed to farm work as it is in the east, is said to get \$40 to \$45. If he is a machine capable of keeping a horse in order, he is worth \$10 more. As to the length of time there should be three months' work for those who wish to stay that long, taking in the harvesting, threshing and fall plowing. 45,000 men will be required to gather in the wheat in the Colony in 1901. It is to be carried to the Colony 1,000,000 acres, for which he receives \$800,000. The railway is to revert back to the Colony at the end of fifty years, for which Mr. Tupper is to be paid at once \$1,000,000. The railway line, which was given to Mr. Tupper in the original agreement, is also to revert back to the Colony under the new contract, excepting one mile which Mr. Tupper reserves for his own use. The contract is a very important one, and it is to be carried out by the St. John's Dry Dock still remains in possession of Mr. Tupper. Now that an amicable settlement has been arrived at, Mr. Tupper will be enabled to carry through his scheme of a joint stock company, with abundance of capital to develop the resources of the Colony and give employment to thousands of men. Newfoundland is rich in lumber, and one of Mr. Tupper's schemes is to establish large pulp mills. A sister ship of the **Bravo** will be placed on the North Sydney route, and one of the **Bravo** will be placed on the North Sydney route. Hotels will also be constructed by Mr. Tupper, and in a few years Newfoundland will become the greatest resort on this continent for people.—North Sydney Herald.

### FOREIGN INTELLIGENCE.

**COLUMBIA AND INDEPENDENCE.** The Columbia and Independence had great control on Saturday, the former winning by one minute and twenty seconds.

**CARRIAGE NATION LOOSE AGAIN.** Mrs. Carrie Nelson, having a sentence to jail for some time, was pardoned by Governor Stanley, of Kansas. She would not at first accept the pardon, because the fine and costs were not remitted, but afterwards decided to do so. The county commissioners will allow her to pay the fine and costs amounting to \$100 in instalments of \$5 a month.

**BRITISH WARSHIP LOST.** The British torpedo boat destroyer **Viper** struck a rock off the Island of Alderney, in the English Channel, a few days ago, and is a total wreck. There was no loss of life. The **Viper** was the only vessel of the British navy fitted with turbo-engines. During her speed trials in May and June she attained 30 1/2 knots, and was pronounced capable of doing 31 knots. At that time she was carrying a large number of torpedoes, and her hull was damaged and she would not attain 31 knots.

**TESTIMONIAL TO LORD "BOBS."** In the Commons last Wednesday the proposed grant of £100,000 for his services in South Africa came up and Balfour warmly praised his services, comparing him to Wellington, Nelson, Marlborough and Wellington, and asked for a unanimous vote. The Liberal leader, however, Mr. Dillon objected. He complained of comparing Balfour to Marlborough, and declared Balfour has shown great humanity in South Africa, had employed barbarous methods and proved a dismal failure.

**EMPEROR FREDERICK DEAD.** The Emperor Frederick, of Germany, died of cancer of the throat at Kronberg, on Monday at 6:15 p. m. He was the eldest child of Queen Victoria and Albert of Prussia. He was born at Buckingham Palace, November 21, 1840, and was married to the late Empress Frederick, William of Prussia, when he was Crown Prince of Prussia in January, 1862. He was Emperor of Germany from 1873 to 1888, in which year she was also a widow.

**THAT I OOR OLD FLAG.** A Rochester, N. Y., despatch of the 3rd says: John McBride, of Adam's Basin, Erie County, one of the dignitaries attending the annual parade of Western New York Firemen at Albion County, became engaged at the British flag flying among the decorations on Main Street. As the company arrived under the flag McBride left the ranks, mounted the shoulders of companions and cut down the banner. Just as the flag fell in the gutter the band played the "Star Spangled Banner," and intense enthusiasm prevailed. A match was applied and the flag burned.

**A WEEK-OLD RECORD BROKEN.** Says a Columbus, Ohio, despatch of the 3rd inst.: Creoson, champion of the trotting turf, added more laurels to his fame today, by trotting a mile in 2:02, reducing by half a second his week-old record of 2:02, made at Cleveland last Friday. The first half was made in 1:02, the first time that the distance has been covered in less than one minute by a trotter. The time by quarters was 59, 59, 1:30, 2:02. Only a stiff wind blowing directly at the stretch kept Creoson from stepping faster than 2:02.

More than 12,000 people jammed to the driving park to see the great trotting action. At noon a few drops of rain fell, but the track was in excellent condition. About 10 o'clock the sky cleared, but the wind did not decrease. A great deal of money went into the box at odds of \$25 to \$15 on time against the trotter. At the track, owing to the heavy wind, the odds against the horse increased to \$25 to \$15, but the backers of Creoson took the short end as long as pools were sold.

George Ketcham appeared with Creoson a little before three o'clock. The trotting began at 3:30, and three minutes and 30 seconds later he came out again and after several times, stopped a mile in 2:02. Still later he worked out for the last time in 2:15. He had great power in running.

At 5:40 the stallion was brought out for the last time. Tim Martin, his trainer, was ready to accompany him with a runner, and Dan Laban waited at the half mile pole to take him on from the track. The runner was a good one, and the horse was in good shape. Gamey facing the breeze, the champion moved with apparent ease and at his greatest speed. The runner caught him at the quarter and a shout went up from the throng as the time went up, a quarter of a second less than thirty. Now the wind was at his back, and realizing the advantage, Ketcham kept him at his great clip. The half mile pole was passed in 59 seconds, a record never before attained, and here the second runner caught him up. The three quarter pole was reached in 1:30.

As Creoson turned into the stretch, the bitter wind beat him in the face and he was back by force. For the fraction of a second he seemed to falter, but his driver's voice encouraged him, and he came on. He plunged toward the finish with unweakened stride, and in spite of weariness and the buffeting of the breeze, he finished under the wire a winner against time.

But for the wind it is believed that his time would have been a second faster. As soon as the horse had passed the wire the crowd rushed on the track to greet the champion and a huge wreath of flowers was hung around his neck. Mr. Ketcham, owner and driver, was carried to the judge's stand, and in a few words he expressed his appreciation of the interest taken in the attempt. Creoson half an hour later seemed ready for another mile.

### The Great Eastern Tea Party!

In aid of the funds of St. Charles Church at Grosbeak, will be held on the Church Grounds on TUESDAY, 13th AUGUST.

No effort will be spared by the energetic committee in charge to make this the most enjoyable Tea Party of the season.

All the usual amusements will be provided. An interesting and brilliant feature will be a grand balloon ascension. Two valuable prizes (1st and 2nd) are offered for the aeronaut who will sail in the air at the highest altitude and return before 7 o'clock. The interior finish of Grosbeak Church is one of the wonders of the twentieth century. The most exquisite of magnificent carvings in its decoration worth more than a day's journey to see.

Tea on the tables at 12 o'clock. By Order of Committee. Grosbeak, July 24th, 1901-3.

ADMINISTRATOR'S NOTICE! Notice is hereby given that the undersigned has been appointed administrator "de bono non" of the estate of John P. Sullivan, late of Head St. Peter's Bay, King's County, Merchant, deceased, intestate, and all persons indebted to the said estate are hereby required to make immediate payment to him at the office of McLoud, M'neon & McQuarrie, Solicitors, Charlottetown, otherwise legal proceedings will be taken to enforce the same. Dated this sixth day of June, 1901. DANIEL SINNOTT, Administrator, &c. July 15-3mo.
