Three vessels were sighted flying signals of distress off Monomoy Point, Mass., at dawn Friday. One was towed to the shore, the second was anchored off Great Point Rip, with three men aboard in the rigging, and the third was taken in tow by a revenue cutter.

The schooner North America, 170 tons, owned by H. H. Acorn, laden with coal for J. J. Hughes, went ashore on Scourie beach in the gale on Thursday evening, 16th. The crew were saved. The vessel is a total wreck. We understand there was no insurance on vessel or cargo.

Last Wednesday evening, the 16th inst., the residence of John W. McIntyre, about five miles from Mount Stewart, was destroyed by fire. A considerable amount of household furniture was also burned. The fire is supposed to have started in the roof from sparks from a fire. There was some insurance.

Three murderers were led to the death chamber in N. Y. Sing Sing prison on Monday and put to death by electricity. The executions began at 5.25 o'clock, and lasted only twenty-five minutes. Thirg last Thursday night of his routine at balancing a ball on the end of his nose, a north side theatre, Chicago, a trained sea lion dived through a window pane and into an alley. The police of Paris are confronted by a most baffling problem in the robbery of three vans of Indian mail run in connection with the Peninsular express to Brindisi. The robbery was one of the most daring known in European police annals. It was perpetrated in the early hours of Saturday morning while the mail was running sixty miles an hour between Paris and Lyons. The thieves devoted their attention to the van containing the mails for India and the far east, which were full of valuable bonds for the Durbar and Christmas presents. The stolen goods are worth \$600,000.

### Fabulously Valuable Jewels

The date for the sale of the jewels found at the Palace of Yildiz after the dethronement of Abdul Hamid has been fixed for November 25. They will be put up at auction at the Georges Petit Gallery Paris and it is certain that never before has anything been approaching the quantity and value of the jewels that will come under the hammer. At a rough estimate made by an expert of the "Rue de la Paix" they have been valued at close upon \$7,500,000, and a French literary man who was admitted to see them lately, declares that he could fancy himself in one of the fabulous treasure houses of the sparkling stones being poured out into trays before him like marbles.
