

## Leeburn.

**PERSONAL.**—Our village constable gave some very important evidence in the Sheppardton liquor case trial last week.

**RUNAWAY.**—While returning home a few days ago Mr. James Clarke's mettlesome team took fright when passing a load of barrels, which resulted in a collision with a young couple in a buggy. The vehicle was somewhat injured, and Mr. Clarke met with severe bruises. However, no bones were broken.

## Caslow.

Your Manchester correspondent appears to have labored under a mistake in reference to the quilt match, played at the picnic on the 1st between players from Colborne and Hullett. He gives only the result of Rink No. 1, which was Hullett 51 points Colborne 43. In rink No. 2, Colborne was represented by J. McGillivray and Wm. Young, Jr. and Hullett by J. Young and J. Clark, and in two trials the points stood Colborne 42, and Hullett 19, so that the combined points gives Colborne the victory by 15.

## East Wawanosh.

We observe that the Gibson farm in the township of East Wawanosh is to be offered for sale this month at Wingham by public auction. We would be glad to see it secured at a reasonable figure by Mr. Greenan, son-in-law of the late owner, Mr. Patrick Gibson. Mr. Greenan has provided for the family since his father-in-law's death, and has added to the value of the property by his industry, and has earned any advantage there may be obtained in the purchase of the homestead.

## Sheppardton.

**A MAGIC JAR.**—A. Bennett, who keeps an unlicensed house of accommodation here, was last week haled before Messrs. Meahaffey and Haynes, magistrates, upon a charge of selling liquor without license, preferred by Inspector Yates. The evidence was very conflicting. One witness swore that he drank intoxicating liquor out of a stone jar; another said he drank buttermilk out of it; a third said the contents of the stone jug was pop; a fourth said it was rasparilla, and so on. The puzzled magistrates dismissed the case. That jar is certainly a curiosity.

## Millburn.

Mr. S. Appleby, a former resident, is again dwelling amongst us. **THE ROAD.**—Messrs. H. Barker and J. Buchanan are gravelling the lake shore road from the Temperance Hall, Leeburn, to the Exchange, Millburn. F. Horton oversees the contract for the council.

**MANGOLDS.**—The sculpers have been busy since the recent splendid rains. Mr. James Tobin is said to be ahead of anyone in rearing Mangolds. Leeburn is nowhere with him. Mr. Tobin is also the first in summer fallowing.

## Kintail.

**GARDENING.**—Mr. McRae boasts of having the best garden in the village.

**HAYING.**—The farmers in this locality are busy haying. In general, the hay crop is very light, but the late rains have greatly improved the looks of the grain crops, and the prospects are that a bountiful harvest may be reaped this season.

**FIRE.**—On Tuesday night of last week, the barn, shed and stables of Mr. Patrick Sullivan, lot 8, L. S. R., Ashfield, were totally destroyed by fire. The fire broke out about midnight, and is thought to be the work of an incendiary. Loss about \$800. A small insurance is said to have been on the buildings.

**PERSONALS.**—Mr. R. McKay, our worthy sawmiller, who has been working in Blyth for the last six weeks, has returned, and commenced sawing again. Miss Perkins, of Exeter, is the guest of her sister, Mrs. Buchanan, at present. Miss Howden, of Forest, is in the village, visiting at her brothers. Mr. J. McDonald has arrived home from Point Edward. He looks hale and hearty.

## Lochalsh.

**BETTER.**—We are pleased to be able to say that Mrs. Bell who was so seriously hurt by being gored by a cow a short time ago, is much improved.

**PICNIC.**—A picnic will be held in connection with the school of this place, on Friday 15th inst. An excellent programme is being prepared, and doubtless a pleasant time will be enjoyed by all who will be present.

**CURIOS.**—There is a humming bird frequenting this place which seems to be fond of seeing itself, and possesses considerable conceit. When it feels disposed and the window of a bed room being open, it will enter and hover for a time before a looking glass, when it will perch on a part of the window for a rest, and then again view with delight its tiny form in the glass.

**CONCERT.**—A very successful concert was held in the Temperance Hall at this place by Ward's juvenile class, on Monday evening. The children have made remarkable progress under Mr. Ward, and they deserve credit for the manner in which they acquitted themselves. There is considerable juvenile talent in this neighborhood.

## J. C. Pope a Bankrupt.

The Minister of Marine's private business does not appear to have benefited by the National Policy, for we read in *Bradstreet* that James C. Pope, brewer and shipbuilder, Charlottetown, P. E. I., has failed, with liabilities of \$130,000. He has real estate which he values at \$100,000 but which, it is thought, will probably not realize over \$60,000, and heavily mortgaged. He is endeavoring to get the creditors to take the property and release him. [Observer.]

## The Detroit, Mackinac, and Marquette Railroad Company

## NOW OFFER FOR SALE OVER 1,300,000 ACRES

Of the Choicest FARMING and TIMBERED LANDS in the Northern Peninsula  
of Michigan.

Destined to be the best wheat-producing region in the world. These lands are situated in the  
counties of Chippewa, Mackinac, Schoolcraft, and Marquette, and embrace many thousands

of acres of the best agricultural lands in the State of Michigan.

Among those in the counties of Chippewa and Mackinac are tracts of what are known as the  
"burnt or cleared" lands. These lands offer many advantages over the prairie lands of the

West, as the timber lands adjoining insure a supply of fuel at little cost. The soil being a rich  
clay loam of great depth. The timber remaining upon the land being generally sufficient for

the settlers' use in building and fencing.

These partially cleared lands are now offered at the low price of from \$4 to \$4.50 per acre,  
one-fourth cash, and the remainder at purchasers' option, at any time within nine years, with

interest payable annually at seven per cent.

Roads are being opened through these lands, and no better opportunity has ever been  
offered to men of small means to secure a good farm, and intending purchasers will be wise by

availing themselves of this chance before prices advance, as the lands are being rapidly taken  
and settled upon.

The lands more immediately on the line of the Detroit, Mackinac, and Marquette Railroad  
from the Straits of Mackinac to Marquette are more heavily timbered, and are almost universally

good agricultural lands, leaving splendid farms when the timber is removed.

The iron and lumber interests of the upper peninsula are of such magnitude as to call for  
all the charcoal and lumber that the timber and wood upon the lands will produce—this will

enable the settler to make good wages while clearing the land.

Lumber Mills and Charcoal Kilns will be built at various points along the line, and Furnaces  
are now being erected along the line of the road at Point St. Ignace.

The great demand and good prices for labor, both in winter and summer, make these lands  
particularly desirable as homes for the poor man. The lands adjacent the Railroad are offered

at prices from \$5 upwards, according to location, value of timber, etc. The lands are at your  
very door, and are being rapidly settled by Canadians.

For pamphlets, maps and other information, address,  
W. O. STRONG, Land Commissioner,  
39 Newberry and McMillan Building, Detroit, Michigan.
