Presentation to Rev. Mr. Pritchard.

On the night of the 11th inst., the members of the Bible class of Knox church, Manchester, to the number of over fifty, repaired to the manse and presented the Rev. Mr. Pritchard with a handsome fur overcoat valued at \$12, and the following address:

Rev. Mr. Pritchard: REVEREND AND DEAR SIR,—It having entered into our hearts to give you some present as a token of our good will and affection, and the advent of winter—cold and stormy—having lent a suggestion to our minds, we take this opportunity of presenting you with this overcoat, as an acknowledgment, in part, of the pleasure and profit we, as members of your Bible class, have derived from your teaching, and as a mark of confidence in and esteem for your Christian character. May you be long spared to find in it a comfortable reminder of our good will towards you, and may your heart be ever warmed by those truths which from week to week you have faithfully taught us from the Divine oracles of God. On behalf of the Bible class, A. M. DONALD, W. M. BROWN, JAMES MAGEE, W. M. SYMINGTON.

To which the rev. gentlemen made the following suitable reply: CHRISTIAN FRIENDS,—I assure you that I cannot find language sufficient to express my gratification in hearing your very affectionate address, and in receiving from your hands this excellent token of your love, sympathy and high appreciation of my services as your Bible class teacher and pastor. I most cordially thank you for such a manifestation of your affection, and I assure you that I do most highly appreciate it. I appreciate it highly on account of its coming from the young people of my congregation, and I assure you I engage in no religious services in the sanctuary in which I take a greater interest than teaching the Bible class. I appreciate your noble gift highly, not only on account of its intrinsic value, but especially on account of the motives which have prompted you to give it. It is this that makes me receive with gladness such an excellent present. I thank you most sincerely for it, and through you I thank all who have contributed a mite towards the purchase of this valuable coat; and when enclosed within its fond embrace, I will be able to set at defiance the biting cold, the piercing wind and the raging storm, and with pleasure look out upon the elemental war, and from the depth of my heart thank you for such a protector. May I be enabled long to wear it in your midst, and I assure you that whatever position I may occupy in the church, to think of this act of kindness and good will on your part will be to me the source of great gratification; and as my labors have been blessed to you in the past, I sincerely hope and pray that they may be more abundantly blessed in the future, and when we are done serving Christ on earth may we all serve Him in His kingdom in glory.

The party then took full possession of the manse at the request of their host and hostess, who used every endeavor to make all feel at home and enjoy themselves at the several games and amusements, such as carrom, ball, table croquet, music, etc. A most wonderful repast was furnished by the ladies, to which ample justice was done by all. The party then resumed their amusements to their heart's content, and after a time dispersed, feeling that they had spent a pleasant and profitable evening, and pleased with the cordial reception which they had received from Mr. Pritchard and his amiable wife.

AN OBSERVER.

To the Medical Profession, and all whom it may concern.

D. of Boston, Mass., cures Pulmonary Consumption, Sick Headache, Nervous Attacks, Vertigo and Neuralgia and all wasting diseases of the human system. Phosphatine is not a Medicine, but a Nutrient, because it contains no Vegetable or Mineral Poisons, Opium, Narcotics, and no Stimulants, but simply the Phosphate and Calcium Elements found in our daily food. A single bottle is sufficient to convince. All Druggists sell it, \$1.00 per bottle. LOWDEN & Co., sole agents for the Dominion, 55 Front Street East Toronto.

The Model School Question.

The visiting committee of the Galt Public School Board of Trustees, to whom was referred the question of what effect the attendance at teaching of Model School pupils had on the regular system of the schools, presented two reports, showing that the members of the committee were not in unison in the matter. Mr. Thos. Cowan's report was as follows:

"According to instructions of your Board, the Visiting Committee beg leave to report that, in their opinion, the Model teaching in the Central School is not attended with good results to the regular work in the various divisions in the school, inasmuch as it has a disturbing and disquieting influence in the Junior Departments, where it is difficult at any time to secure the undivided attention of every young pupil. In so far as the higher departments are concerned, that inconvenience is not felt; yet we believe that it incurs the loss of time and tends to loosen the reins of power in the hands of the regular teachers. We also beg leave to say that while we point out what we consider these defects in the system, we unhesitatingly bear testimony to the good conduct and courteous bearing of all the Model Teachers, and to their diligent efforts to secure all the benefits possible while in the different rooms teaching."

[Signed,] THOS. COWAN, Chairman.

The Report presented by Messrs. Joseph Wilson and George Godfrey was as follows:

"As per instructions of your Board, your Visiting Committee would beg to

report that having visited the Central School, and examined into the working of the Model school in connection with the duties of the Principal and other teachers, we are satisfied that it does not interfere with the ordinary routine of instruction, as we find the pupils in the Model School teach the scholars in the different rooms the same lessons, as the regular teachers. And further, your Committee find that the pupils are under the control of the teacher during the time that the Model School scholars are conducting the classes. We can not see where any detriment can possibly accrue to the school from the teaching of Model School scholars in connection with our present school system, and your Committee would beg to suggest that the Model School be continued until such time as your Board find it to be prejudicial to the welfare of the school.

[Signed,] JOSEPH WILSON, GEO. GODFREY.
