**OFFICIAL.**

LONDON, Jan. 17. The Governor, Newfoundland: The British bombarded Lille enemy trenches and gravely damaged them. Two heavy explosions were caused near Het Sas.

Austrians report that the Montenegrins, after the fall of Cetinje, retreated on the whole south and west front. Spizana was occupied. The Montenegrins are stubbornly resisting in Berane.

The enemy delivered two night attacks northwest of Gorizia, and in the second penetrated some Italian trenches. They were thrown back by counter-attack the next day.

**WILL REMAIN IN ENGLAND.**

NEW YORK, Jan. 17. A cable from London this morning to the New York Herald, says: I am informed that the report that the Prince of Wales will not return to the front, because the heir to the throne has recklessly exposed himself to the enemy, is unfounded, and that it is true that during the King's convalescence he may be retained here for public duties, usually performed by his father. He will rejoin the army in France, where his bravery and simplicity have made him the idol of all ranks, as soon as the King has completely recovered from his recent accident.

**IRELAND AND CONSCRIPTION.**

LONDON, Jan. 17. Irish members in the Commons made an appeal to-day for the inclusion of Ireland in the provisions of the bill for compulsory military service. A motion to this effect was made by James Chambers, of the Southern Division of Belfast, supported by James Craig, of the Eastern Division of Down. Both Chambers and Craig argued that the stigma placed on their countrymen by the terms of the bill should be removed. They appeal to John Redmond, leader of the Irish

**"Cascarets" Best If Headachy, Bilious Sick, Constipated**

Best for liver and bowels, bad breath, bad colds, sour stomach.

Get a 10-cent box. Sick headache, biliousness, coated tongue, head and nose clogged up with a cold—always trace this to torpid liver; delayed, fermenting food in the bowels or sour, gassy stomach. Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret to-night will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet, breath right, complexion rosy and your liver and bowels regular for months.

**Fourteen Killed in C. P. R. Smash**

Brandön, Mann., Jan. 12.—Hidden from sight in clouds of mist and steam, a C.P.R. work train was this morning struck by an eastbound freight. In the caboose of the work train a gang of railway workers, all foreigners, was crowded, and into this mass of men the locomotive of the freight crashed. Fourteen were killed outright, three were fatally injured and twelve more or less seriously injured.

The work train, which had dumped its load of snow into the river, was backing into the yards, out of which an eastbound stock train was running. Thirty men of the work train gang had crowded into the warm caboose for the trip back, and no one saw the oncoming freight.

As for the freight engineer, his vision was limited by the mist and steam, and it was not until he was within twenty yards of the work train that he saw the caboose loom out of the fog. The heavy locomotive smashed into one end of the caboose, while a fat car on the other side of it reared up and cut through the other end. The men inside had no chance to escape, and were either killed or badly injured.

The shock scattered bodies around the tracks, and before they could be rescued, many had suffered additional injury from frostbites. The temperature was 47 degrees below zero, a biting cold which would create bad frost bites in a few minutes. The injured men were hurriedly carried into a caboose, run in on the next track, and rushed to the hospital. Here three of them died shortly after admittance and some of the others are in a critical condition.

The material damage included only the caboose and two flat cars, with slight damage to the freight locomotive.

No responsibility has yet been placed for the accident. An inquest will be opened to-morrow.

**"THE MYSTERY OF AN M.P."**

LONDON, Jan. 17. Under the heading of "The Mystery of an M.P." the Express asks what Francis Neilson is doing in America. The Express states that he had not appeared in the Commons since August, 1914. He went to the United States on a six months' health tour, but his constituents have learned that he was able recently to address meetings at Providence, Rhode Island, Brockton, Mass., and other places, and that they take exception to some of the statements he is reported to have made at these meetings.
