The Sunny Optimist.

(To R. Hamlyn.) The soldier on the fields of war Who nobly does his part Our best beloved here is— Holds first place in our heart.

But next to him the man who claims Our admiration true, Whose souls are vigorous in faith, Are British men like you.

Of blacksmith Bob of Pokeham Path To sing a song of praise, And of his sturdy faith that shone Bright thro' the gloomy days.

When in the month that German hordes Our Allied lines swept back, And German arms our strength out-matched In many a fierce attack

Then did his British hammer ring true As his own anvil rings, Then did his courage show the source Whence all true courage springs.

"There is a God above Who'll dash Their armies back again, Who in this world of His shall see Triumphant Justice reign!"

And as he spoke his hammer crashed Upon the iron red, And it was a battle cry Upon the Kaiser's head.

Then every blow he struck would seem To ring of victory, And every word he spoke inspired Our hopes with certainty.

These are the men of super breed Who bleach not nor despair, Their faith's as strong in God and Right, As Job's and David's were.

They're found in many a walk of life, Their grit our love commands, And blacksmith Bob of Pokeham Path A peer amongst them stands.

The New Hospital.

We recently had the pleasure of being conducted throughout the extensive enclosures of the new private hospital on King's Bridge Road. Mrs. Danson, the Proprietress, showed us around, and was kind enough to explain the details of all the wards and arrangements. As is generally known, this building was formerly the Parsonage of St. Thomas's Church, and it is an extensive, roomy and commodious structure. One is favorably impressed even by the outward appearance, it is so bright and cheery looking, set, as it is, amongst high trees, and spreading lawns. Being within a minute's walk of the street car track, it is well within reach of everybody, and yet the locality is an ideal one for a hospital, being quiet and very respectable.

There is a fine, large room, just as one enters the door, where the patients may sit when convalescent. There, also, they may receive visitors, write correspondence, and read. This is a fine arrangement, as people do not like to receive visitors in the ward rooms. There are 5 large, well-lighted private wards; 1 general ward, which will contain from 5 to 8 patients; and there is a ward, solely for children.

Each ward contains a wardrobe, grate closets, etc., is lighted with electricity, and has a most cheerful appearance. Patients, whose treatment is not to begin immediately, may stay there, there being special arrangements for them. Each patient may have his or her own doctor, there being no doctor, in regular attendance. There are two trained nurses, in addition to Mrs. Danson, who herself is a specially trained nurse, having had much experience in the same kind of work in Canada.

Maternity and general cases are handled; also slight operations, there being a fine, well fitted-up operating room; but no contagious disease cases are taken in.

All home cooking is done, and the institution keeps its own poultry, so as to secure fresh eggs, etc. A phone is being installed. The whole hospital is spotlessly clean, and one is very favorably impressed by the cheerful, home-like appearance of all the wards and rooms. The toilet and all other arrangements are as good as possible, every thing for the comfort and health of the patients being thought of.

There is undoubtedly a good field for this venture, and we wish Mrs. Danson all the success due her.

"Flu" Spreading.

Mr. W. J. Walsh, M.H.A., reports that Spanish Influenza is very prevalent in Placentia Bay and is spreading rapidly. There are 40 cases at Fox Harbour, 60 at Long Harbour, 100 at Hr. Buffett and several at Red Island. Several deaths have occurred throughout the Bay and the disease is assuming big proportions.

Quite a number of cases were reported in the city yesterday, about a dozen being admitted to Grenfell Hall Hospital, others to be taken in as soon as they can be accommodated. Several were removed to the convalescent ward and two were released, having fully recovered. Two deaths occurred there yesterday, the victims being Mr. George Ford, as already reported in this paper, and a young man named Wm. Hewitt of Mundy Pond Road. Miss Thistle, who recently offered her services, has taken up duty. Mrs. Jones, wife of Manager Jones of the Institute, and daughter are both down with the disease, but are improving favorably. The staff is short handed and it is sincerely hoped that more help will be forthcoming if the patients are to be rightly handled. The disease continues to spread in the outports and Magistrate March of Curling reported to the Health Officer, Dr. Fraser, that it was assuming wide proportions in that section. Health Officer Roberts at Twillingate reported that the disease was increasing at such a rate as to warrant a hospital being opened there to accommodate patients.

Patriotic Performance

AT ST. VINCENT'S. On Friday, Oct. 11th, a most enjoyable time took place here, when the boys about to depart for active service, were given a special entertainment. The affair was conducted by the following young ladies: Miss M. Ryan (Teacher of locality), Misses N. Gibbons, M. Halloran, C. Fleming, C. Meehan, E. Fleming, J. St. Croix, P. Lundrigan, M. Fleming and Mrs. A. Martin. At 8.30 p.m. the entertainment opened with a concert, the programme being as follows: Address, Miss E. Fleming; Chorus, "Well Never let the Old Flag Fall"; Duet, "When this cruel war is over," by Misses M. Ryan and N. Gibbons; Comedy-Farce, "Man under the Settee," by Misses C. Fleming, M. Ryan, N. Gibbons; Recitation, "Your friends at home will be thinking of you," by Miss N. Gibbons; Song, "Ever of thee I'm fondly dreaming," Miss M. Ryan; Chorus, "Send me away with a smile"; "God Save the King." After the concert a sumptuous feast was prepared, of which all partook with pleasure. The tables were profusely decorated with flags and looked charming. A most fitting tribute was paid to the soldier-lads, and many were the good wishes given for their welfare and safety. After supper dancing and waltzing were indulged in. All enjoyed themselves admirably and many thanks were tendered to the young ladies who so kindly gave a helping hand. Special praise must be given to Mr. and Mrs. Joseph St. Croix who so kindly placed their house at the disposal of the young people, and helped in every possible way. All who assisted are to be highly complimented as the affair was the best of its kind here for many years. St. Vincent, Oct. 17, 1918.

Girls Thicken and Beautify Your Hair.

Bring back its gloss, lustre, charm and get rid of dandruff—Try the moist cloth. To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine. It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25-cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance; freshness, fullness and an incomparable gloss and lustre, and try as you will you cannot find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower; destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.

New Schooner.

The Anglo-Nfld. Dev. Co.'s new ship, "Bella Scott," was launched with great success at Botwood on Saturday evening, Oct. 19th, at 5.15 o'clock. The launching was witnessed by hundreds of people, a special train having been run down from Grand Falls for the occasion. Miss Isabella Steele, youngest daughter of David Steele, roadmaster of the Botwood railway, acted as sponsor, baptizing the ship. The whole proceedings were run through without a hitch. The vessel moved slowly but persistently and steadily for about an hour, finally taking her plunge into the bay. The Company's second schooner is in progress of building and will be a sister ship to the "Bella Scott." The signal success of the affair reflects great credit upon Mr. Ronald Philip, head of the engineering department, Mr. Thomas Arkle, superintendent of the Botwood railway, and Mr. Adam Chalk, master builder, who have had the direction and active charge of the work from the beginning.

W. P. A.

The Packing and Shipping Committee acknowledge with thanks the following: From Great Burin—70 prs. socks and rolled bandages. From White Rock—10 prs. socks. From Blackhead Circuit—10 prs. socks. From Grand Falls—100 triangular bandages, 75 abdominal bandages, 60 T. bandages, 50 R. shoulder bandages, 4 rolled bandages, 45 Davis slings. ANNIE HAYWARD, Convener.

RELEASED FROM HOSPITAL.—Messrs. Holman of this city, and Stewart of a ship now in port, were released from Grenfell Hall Hospital yesterday, having recovered from Spanish Influenza.
