

STAFFORD'S Sarsaparilla Blood Purifier

FOR THE CURE OF

Skin Diseases, Anemia, Lack of Blood, Paleness, Impure Blood, Lack of Ambition and Vigor, Debility, Weakness, Tired Feeling, Boils, Pimples, etc.

There is no Remedy of more universal application than a genuine true-and-tried Blood Purifier and Blood Builder. A medicinal preparation that will truly purify, revitalize and renew the blood, restores hope and pleasure, ambition and energy, vigor and vitality. It is of inestimable value not only as a strengthener of the system, fortifying it against invasion of disease, but also as a cure for Chronic Diseases which depend upon an impoverished condition of the blood. Diseases of this nature are usually caused by impurities in the blood dependent through the inactivity of the Liver and Kidneys.

These secretions if not removed from the circulation, gradually form poisons which deteriorate the condition of the blood and cause other diseases to obtain a more ready entrance to the system. In the effort of nature to throw off these impurities, frequently pimples, boils, carbuncles, etc., appear, and it is wise to respond promptly to the Warning of Nature.

THIS SARSAPARILLA

is a genuine preparation scientifically prepared from the best and purest remedies for the purifying and rebuilding of the blood. It should be taken every spring, as at this season the blood is more apt to become impure and impoverished. Keep your blood in perfect condition and you will be prepared to fight off all battles with greater success.

One Bottle of this Blood Purifier is all that you will need to take to produce results.

Don't Say—

"Just a Sore Throat"

In a few days, you know, "just a sore throat" may be something much more serious. For science has proved that the throat is not only the first spot reached by infectious germs, but also forms the ideal soil for them to multiply on.

Throat protection, therefore, means germ destruction and is a duty that you owe your health. It is easily achieved by the regular use of Formamint—the germ-killing throat tablet.

Formamint (which is endorsed by over 5,000 American doctors) is the scientific way of disinfecting the throat. Handy to have with you at all times—it frees an efficient germicide to combat with the saliva and so reaches where gargles cannot go.

And a tablet taken occasionally during the day not only brings grateful and immediate relief from "sore throat"—but affords protection against even more distressing ailments that so often follow infection of the throat linings. At all druggists.

The Sin of Buying Ice Cream

Mr. Bumble on one historic occasion remarked that "the law is a ass," and the fact that selling ice cream and mineral waters to the public between the hours of 9.30 p.m. and midnight is forbidden suggests that Mr. Bumble's drastic judgment was not undeserved. A gallant effort is now being made to remove this ridiculous prohibition by a private Bill which has been introduced under the ten minutes rule in the House of Commons. It is an astonishing fact that this little innocent, harmless measure was at once opposed by a Socialist, Mr. Hoffman.

Not only is the public forbidden by puerile and vexatious regulations to buy ice cream and mineral waters between 9.30 p.m. and midnight, it is also forbidden to buy chocolate, cigarettes, and matches. The object of such legislation can only be to make people uncomfortable and unhappy. There is nothing morally wrong in buying ice cream at 10 p.m.; and certainly there is nothing wicked in purchasing chocolate at that hour. But the sale is forbidden, and let it not be supposed that the penalties are light when this grotesque legislation is infringed. An unfortunate shopkeeper at Cymmer, South Wales, in September 1922 was fined £20 for selling a penny box of matches after 9 on a Saturday night to oblige a customer. His assistant was fined 20s. for aiding and abetting him in this heinous offence.

Bank Messenger Held up in Montreal

The sensational hold-up in Montreal on April 1st, when a chauffeur and three messengers of the Banque d'Hochelaga were robbed of \$142,288, the driver of the bank automobile killed, one of the bandits shot to death, and a bank messenger wounded, has added another to the many such crimes reported in Montreal recently. The banks are fully covered by insurance on such occasions, but they are undoubtedly to be censured for the loose manner in which currency is placed in automobiles, as if it were so many parcels of groceries, instead of being placed in a steel compartment in the body of the car. The times are not normal, and while extra precautions are necessary, the police force of Montreal which is already undermanned by about 100 per cent. should not be expected to assume the entire responsibility of protecting each bank's property. No matter how leniently the matter may be viewed, successful hold-ups should become less to impossible, or, other wise they are a reflection on each bank involved.—The Chronicle, Montreal.

"And You Shall be My Lover!"

"There never will be peace till Hope is dead,"
A torn Heart said.
"Die, Hope, and plead no more, I cannot bear,
Each time you fail defeated, this despair!"

"But Hope replied: "Without me none can live.
I must creep back to you, torn heart, forgive!
I must creep back, and sleep, and then recover,
And you, O Heart, torn Heart, shall be my lover."
—Frances Cornford.

Game Fish From America

TO STOCK ENGLISH WATERS.

LONDON, March 26 (A.P.)—Thousands of American game fish will be imported into England to fill the depleted streams and add to the limited variety which now make up the angler's bag, if the plans of several angling clubs are carried out. The fact that their membership has gradually fallen off and there has been little interest in angling caused many of the clubs to look about for the reason for this very un-English interest in the home of angling.

The clubs soon found out that there wasn't a game fish within 50 miles of London, and even where the fish are fairly plentiful they are confined to roach, dace and perch. There are plenty of fishing streams throughout England and Scotland which could be filled with game fish and the clubs owning them are preparing to refill them with fish from the United States.

Most English fishermen are well acquainted with the various kinds of American fish and they are anxious to import some of the better known species, which it is known will settle in English streams. Some of the clubs, paying attention also to the eating qualities, therefore have decided to import black bass, silver bass, strawberry bass, crappies, pike and pickerel, and certain species of trout.

The fish will be purchased from American breeding associations and brought to England in specially built tanks.

DELUSIONS OF A CANCER CURE—
—MINER'S ACCOUNT OF A
DIVINE VISITATION.

There was a pathetic ending to the case in which a former miner, who claimed he had found a cure for cancer, was charged at Leeds Assizes with inflicting bodily harm on a number of persons and obtaining money by false pretences. The man in question, David Williams, 59, was found insane and unfit to plead, and was ordered to be detained during His Majesty's pleasure.—Sir H. S. Cautley, prosecuting, explained that prisoner, without any medical qualification, took money from patients for his alleged cancer cure, and supplied them with ointment and liniments which were used for curing horses, causing the patients intense pain and suffering.—Dr. Worsley, of Armlay Prison, told the Court that Williams asserted that he could cure cancer, in spite of all the medical evidence to the contrary, and would undertake to cure 99 cases out of 100. He also stated that he had been offered £100,000 for his cure, but had refused it, and he thought that the Government would give him more. He claimed that he was a descendant, in a direct line from George III., and that he was a prince and owned two-thirds of Wales, and was entitled to millions of money, which the Government would not let him have. Letters were handed to the judge who read extracts:—

God visited me in this cell on Sunday night and He called me twice, saying, "David," I put my head under the clothes, and I heard a second call. When I spoke I said, "Here I am, Lord."

He replied, "Why didst not thou speak at first? He is not real. Have no fear. I am with you. You have no earthly friend. I will be with you on the day of your trial and place. My words on the end of your tongue."

"I have chosen you to be My servant, now and for evermore."
The doctor added that as a result of four months' observation he gathered Williams was suffering from delusions and was insane.
