SIR THOMAS SHAUGHNESSY GIVES OUT STATEMENT WITH REFERENCE TO STOCK ISSUE AND POLICY OF THE BIG ROAD

Says New Stock Issue is Made Necessary by the Increasing Scope of the Operations of the Canadian Pacific

WINNIPEG, Sept. 8.—Sir Thomas Shaughnessy, president of the Canadian Pacific Railway, arrived in the city by special train tonight on his annual inspection tour of the system. He is accompanied by three directors of the company, K. B. Angus, Sir Edmund Osler, and W. D. Matthews, and by Ferdinand F. Begg, a London financier and a former member of the British house; James Redmond, now of Montreal, but formerly well known in Winnipeg, and R. Osler, of Osler, Hammond & Nanton.

Sir Thomas and his party were met at the station by Sir William Whyte and A. M. Nanton; George Bury, vice-president and general manager of the road; Grant Hall, general superintendent; J. G. Sullivan and D. C. Coleman also arrived in the city. Sir Thomas special, having gone down to Fort William to meet him. Sir Thomas and his friends are guests at the Royal Alexandra hotel.

Interviewed later, Sir Thomas made a full statement of the Canadian Pacific policy with regard to the new stock issue, the issue of stock below the market quotations, freight rate jurisdiction and other matters of much interest concerning the Canadian Pacific Railway. Of the proposed new stock issue he intimated that it was made necessary by the increasing scope of the company's undertakings, and was in no way affected by the fact that large dividends have been paid. These, he said, were to a great extent revenues from land sales, quite apart from the earnings of the railway. The "10 per cent clause" he described as a dead letter, saying that for years the company had earned more than 10 per cent on its capital investment, and had consequently omitted to control by the railway board.

He was full of optimism concerning the outlook this fall. "Last year fearful things were predicted," he said, "but everybody came out all right. It will be just the same this time. You can't keep the rates down; and it is impossible to discourage it."

Discussing the proposed stock issue of the Canadian Pacific Railway, Sir Thomas said: "The policy and affairs of the Canadian Pacific are proper subjects for discussion and criticism by the public and the press of Canada. The company's prosperity would usually breed some jealousy, and the bores of melon-cutting, as it is sometimes termed, can be flattered with a degree of effect which would not be possible in other circumstances. No doubt you agree with me that the people of Canada take a just pride in any other country have it for the world, and indeed, while they give it a good many hard knocks themselves, they would not permit any outsider to hit it. While I say the affairs of the Canadian Pacific are a proper subject for discussion in this country, I should not like to see correct summaries or our conclusions will not be fair and sound."

"Most people forget or do not know that the cash subsidies, large amounts received from the sales of land and the proceeds of land grant bonds, all of which were applied to the construction and equipment of the railway, play no part whatever in the accounts of the company, the cost of the property being spread over these amounts years ago."

"The land grant has proved to be a most valuable asset, but if we go back to 1888 we find that \$15,000,000 of land grant bonds, secured by the entire land grant of the company and fortified by a Dominion government guarantee of interest only, represent an average price of about 80 cents an acre, so that twenty-four years ago this was the valuation put upon the lands by the investing public. In 1901 the average selling price of the lands was a shade over \$3 an acre. In 1902 the first real activity in land sales commenced, due in considerable measure to sales in large areas given to colonization agents at a very low figure, but in that year the average price an acre realized was only \$3.28. Since then the price has steadily advanced, and the railway company, the farmer and the owner have benefited therefrom."

Many Charges in True Bills. The indictments returned charge misappropriation of public funds, maintenance in office, conspiracy and fraud. The names of the men indicted follow: Barr, Charles E., officer of the Clinton Bridge and Iron company and president of the Iowa Cement company; Haskie, Thomas E., recently resigned superintendent; Larnaby, Frank, supervisor; Leedham, E. W., county assessor; McKenna, W. H., county treasurer; McLane, Thomas J., printer; Mordhouse, Charles, former supervisor; Wilson, George E., Jr., officer of the Clinton Bridge and Iron company. Twenty men favored.

Des Moines, Ia., Sept. 7.—Twelve men are involved in the indictments against the Clinton grand jury today, according to the report received by Assistant Attorney General H. E. Sampson tonight.

Seven charges are made against George E. Wilson, Jr., of the Clinton Bridge and Iron company, said Mr. Sampson. "We are charging seven breaches in 1910 and that he put in bills ranging from \$300 to \$1000 more than the contracts called for."

Inquiry Started Last Spring. The attorney general and his assistants have aided the Clinton county officials in the inquiry, which was started early last spring.

The grand jury in its report asserts that the irregularities have been going on for many years and recommends that the county bring civil suits to recover money in addition to returning the indictments.

It was stated at the office of the attorney general that a measurement of bridges built during the last few years disclosed the fact that many cases where the county had paid for bridges thirty feet long one twenty feet long had been constructed.

MASQUERADING WOMEN POSE AS COWGIRLS

Denizens of Underworld Mislead Public into Believing They Were Performers

Episode Productive of Much Chagrin to Visiting Participants in Stampede

Three women from the "Couture" Friday night stirred themselves as cowgirls and passed themselves off as participants in the Stampede and entered into a drunken debauch along Ninth avenue, one of them attempting to climb the sprinkling wagon near the King George Hotel.

For a time there were those who believed they were members of the Stampede contingent, but the delusion was dispelled when they revealed their true colors.

The episode has been productive of much chagrin on the part of the cowgirls and cowboys who resent this attempt to cast a stigma upon them.

Possibly no gathering has been charged by anybody, and it was only after 1000 that stupendous efforts and the vast expenditures of the company to attract attention and bring people to the country commenced to bear fruit, and the land grant became an important feature in the company's financial affairs.

Sir Thomas passed on to a consideration of the proposed control of rates by parliament after the company pays 10 per cent. dividends.

"Notice," he said, "that frequent reference is made to what is known as the '10 per cent clause' in the company's contract with the Dominion government. Briefly stated, the contract provided that the company's rates for carriage traffic should not be subject to parliamentary supervision until such a time as the company was earning 10 per cent. annum on the capital actually invested in the work. Dividends played no part, you will observe. It made no difference whether the company was paying 20 per cent, 10 per cent, 5 per cent, or no dividend at all. The determining factor was the earnings resulting from the operation of the railway. For a long time we have not pleased that we were not earning 10 per cent."

"Our rates and tolls have been submitted to the railway commission and are dealt with in exactly the same way as those of any other railway company in the country, excepting the Intercolonial, which does not come under the jurisdiction of the commission. So that the '10 per cent clause,' as it is called, has been a dead letter for a considerable period, the lowest on the continent, but the subject of rates is still before the commission for consideration, and, therefore, I do not think it proper to enlarge upon the subject at this time."

"The home rule bill will therefore pass into law, and my own strong belief is that after that measure has become law, wish that strong common sense that characterizes northern Irishmen, our present opponents will rapidly give up their attitude."

"Our only embarrassment," he said, "is in the attitude taken by a section of the people of Ulster." Continuing, he says: "The attitude will, of course, prevent the passage of the home rule bill, and my own strong belief is that after that measure has become law, wish that strong common sense that characterizes northern Irishmen, our present opponents will rapidly give up their attitude."

Philadelphian, Sept. 9.—Michael J. Ryan, of this city, president of the United Irish League of America, today received a letter from John R. Redmond, the Irish home rule leader, stating that his brother, William Redmond, would sail from Ireland on Thursday of this week to attend the national convention of the league to be held in Philadelphia the latter part of this month, and declaring that so far as Great Britain is concerned, the battle for home rule has been won.

"Our only embarrassment," he said, "is in the attitude taken by a section of the people of Ulster." Continuing, he says: "The attitude will, of course, prevent the passage of the home rule bill, and my own strong belief is that after that measure has become law, wish that strong common sense that characterizes northern Irishmen, our present opponents will rapidly give up their attitude."

COCHRANE RETURNS; WHAT ABOUT HUDSON'S BAY? Ottawa, Sept. 9.—Hon. Frank Cochrane, minister of railways, arrived in the capital today for the first time since his return from Hudson Bay. The minister says a definite decision as to the tidewater terminal of the Hudson Bay railway will not be given for some little time. It is believed to be practically certain that the decision will be in favor of Nelson.

50 PER CENT GRAIN CUT; NO FROST DAMAGE Weather Conditions of Southern Alberta Yesterday Could Not Have Been Better

Lethbridge, Alta., Sept. 9.—In Southern Alberta between fifty and sixty per cent. of the grain has been cut. Recent rains have not caused much damage, if indeed any, to uncut grain, nor has grain in the stock suffered to any extent. The frost damage has been very slight and calls for no serious attention. The weather today has been magnificent, being very warm with a nice breeze fanning the grain. The farmers are optimistic and predict a spell of warm weather which will put the crop in safe condition. There are no signs of frost, and the outlook is excellent.

CITY ENGINEER CHILD WILL BRING SUIT FOR SLANDER (Continued from Page 1).

This is an advantage to stiffen up the pavement, and hence the extra cost for production.

The relative cost of the three kinds of pavement are: Bitulithic, \$23.50 Concrete, \$25.00 Calgary Paving Co., \$21.25

The Canadian Mineral Rubber company claim from tests of samples taken from the pavement laid by the Bitulithic company on Seventh avenue, that they are laying a similar pavement. Hence their calling it Bitulithic.

BATTLE FOR HOME RULE HAS BEEN WON Irish Leader Writes That Only Opposition Comes From a Section of Ulster

bitulithic. We have some of the daily reports from the Bitulithic company made last year to show the percentage passing screens above 14 inch and including 11-2 inches which will show that the 11-2 inch screen was used although in the special samples taken from Seventh avenue, this larger stone may not have appeared.

"For my own part, I am satisfied that the pavement being laid by the Calgary Paving company from our own specification and which the city intend laying from its own plant, is every bit as good as that of the Canadian Mineral Rubber company."

However, I lay this matter entirely in your hands, only asking for an early decision as the estimates being issued to the Canadian Mineral Rubber company for work done is withheld pending some decision in this matter.

Yours truly, J. T. CHILD, City Engineer, Estey Site Tight. Dr. Estey, medical health officer of the city, who was far more severely criticized in the report of the investigating committee than City Engineer Child, handed in his resignation several weeks ago as the result of pressure exerted following the disclosure of the typhoid fever situation in Calgary. At a meeting of the council, where only seven members were present, Dr. Estey's resignation was rejected by a vote of four to three. At the last meeting of the council, when the question of the medical health officer's resignation was brought up again, the council refused to take further action by a vote of six to five. Mayor Mitchell casting the vote which resulted in maintaining the medical health officer, Sanitary Officer Fox, whose resignation also was demanded by the investigating committee, announced at the time that he was prepared to "sit tight," and has been performing that act ever since.

A Kansas Women Slain Wichita, Kansas, Sept. 8.—Friends of Mrs. Mary Hayes Hollinger Germaine, a young Wellington woman, have written her foster-mother, Mrs. Helen Eldredge, that she did not commit suicide in Detroit on August 21, but was murdered. There were finger marks on her neck and scratches on her face. Mrs. Mary J. Simpson, who helped to care for the young woman, says in a letter to Mrs. Eldredge that the young woman and her husband had been heard quarrelling several times. Mrs. Germaine was an actress and troupe performer, being known as Blanche Elliott.

Ruth Bryan's Ex-husband Weds Bellefontaine, O., Sept. 8.—W. Uses Only Cuticura Soap for Prize Baby

"I have always used Cuticura Soap and no other for my baby, and he has never had a sore of any kind. He does not even chafe as most babies do. I feel that he will grow up to Cuticura Soap for he is fine and healthy, and when five months old was a prize in a baby contest. It makes my heart ache to go into so many homes and see a mother wail with the whole top of the head a solid mass of scurf, caused by the use of poor soap. I always recommend Cuticura, and nine times out of ten the next time I see the mother she says 'Oh I am so glad you told me of Cuticura.' (Signed) Mrs. G. A. Selby, Redondo Beach, Calif.

Although Cuticura Soap is sold by Grocers and dealers everywhere, a postal to "Cuticura," Dept. 500, will secure a liberal supply. This is a book on the care of skin.

SANG HYMNS WHEN HIS RELATIVE WAS ON THE SCAFFOLD

Arthur Birkett, Aged 22, Who Killed His Sweetheart, is Executed

Manchester, Eng., Sept. 9.—At the Strangeways gaol, Manchester, a few days ago, Arthur Birkett, aged 22, weaver, of Blackburn, was executed for the murder of his sweetheart, Alice Beetham, aged 18, in a Blackburn mill. Birkett and his sweetheart quarrelled, and in a fit of jealousy he cut her throat in the mill at which they were both employed. The executioners were Ellis and Lamb. A crowd of several hundred people, chiefly women and young girls, collected outside the gaol. Extraordinary scenes were witnessed early in the morning on Riley street, Blackburn, at the house in which Birkett had resided. A religious service was conducted by the Rev. P. G. Chevassut, vicar of the parish, amongst those attending being Mrs. Beetham, mother of the murdered girl. A table in the centre of the room was covered with floral tributes. The service is said to have been most impressive, and the family of the condemned man were prostrated with grief. Outside a crowd of several hundred mill operatives collected, and on the stroke of the fatal hour they began singing "Enter, ye gates, then," "Jesus, Lover of My Soul," and other hymns. Soon after eight a telegraph messenger arrived with messages of sympathy.

The members of the St. Thomas's Conservative Club, of which Birkett was a member, are presenting Mrs. Birkett with a miniature monument in the form of a broken column, with a suitable inscription, to keep in the house.

In a letter written on Sunday night and received yesterday morning, Birkett said: "I have just come back from afternoon service. It was lovely to hear men singing one verse and women the other. What must heaven be like when service in prison is so lovely. How often have my dear mother and grandmother said, 'You should go to school or to St. Arthur's.' But I was like thousands of people in this world, a careless lad. I see my mistake now."

Your Last Chance to Secure Men's and Women's \$3.50 to \$5 Oxfords at \$1.65

TALKING of chances, this is the shoe chance of the season. Have you ever heard of or seen such good quality Oxfords offered elsewhere before this year at such a low price? If so, when and where? We have not, and we keep in close touch with shoe conditions in this city.

Yes, you can certainly depend on this sale being the only one of its kind and price that has been staged in Calgary this season. Remember, we give another bargain performance today. Better come early. You will have and see a better show. Besides, we expect a full house.

These Oxfords must go in order to make room for fall goods. They come in patent, black, blue, tan, gummed, velvet, etc.; smart styles, not all sizes, but all the most wanted sizes. Regular \$3.50 to \$5.00, for \$1.65
