BIG BLAZE.

It Will Take Over \$1,000,000 to Pay the Loss at Cripple Creek, Cal.

Cripple Creek, Cal., April 27.—One million dollars is a conservative estimate of the damage done by fire in the heart of Cripple Creek Saturday afternoon. Some estimates are as high as two millions. The amount of insurance will not exceed \$250,000. The fire broke out in Carey's second-hand store, and in a short time had spread to the adjoining buildings and a brisk wind sprang up.

Every wagon in town was pressed into service, but not a tenth part of the goods were saved. By the time the postoffice had caught it became evident that the only way to stop the progress of the fire was to blow up the buildings with dynamite. This was done under the supervision of the firemen, and a number of buildings had to be sacrificed. While one of the firemen was placing a big charge under the Sisters' Hospital the dynamite exploded, blowing his leg off. The fire started at 1 o'clock, and at 4 it had demolished the blocks between Third and Fifth streets, on Meyers, between Third and Fifth streets on Bennett street; stopping just this side of the new Midland depot and warehouse, between Third and Fifth, on Carr with the exception of a few buildings on the Third street side, nearly all the buildings between Third and Fifth on Eaton were destroyed. Many people lost everything they had. The people not affected offered shelter to the homeless of which there were several hundred. The burnt district is to be rebuilt at once with brick and stone buildings.

ELECTRIC CARS COLLIDE.

Over Seventy Passengers on Board—Twelve of Them Injured.

Bay City, Mich., April 27.—Two electric cars came together on the same track near the corner of Nineteenth street and Garfield avenue at 8 o'clock Saturday night, and twelve persons were injured, two probably fatally. The motorman on one of the cars made a mistake in a switch, and both cars came together with a terrific crash before they could be stopped, although both motormen applied brakes, and reversed the current as speedily as possible after they saw the impending accident. There was a loud crash of glass and broken metal, and passengers began scrambling out, some going through the windows. The injured were the following:

Mrs. Charles Griver, of Essexville, internally injured, fatally.
Mrs. Charles Moore, injured about the back, perhaps fatally.
John Morton, gash across the head from glass.
Tom McCrickett, gash on head.
Frederick Reigler, face cut.
Arthur Croto, arm broken.
John W. Combs, cut about face.
Mrs. Howell's baby, cut about face.
George H. Downing, slightly hurt about right arm.
Mrs. C. R. Fancher, bruised about leg and side.
Abner Howard, ankle sprained.
John Provost, cut in leg.

—Watkin Mills, the famous baritone, will sing at the Grand Opera House tonight.

—Dr. Huddy Williams left today for Toronto and Kingston, to act as examiner for the College of Surgeons.

—Mr. George M. Reid arrived home on Saturday from New York, where he has been promoting the eastern branch of his firm's business.

—The advertisement of auction sale of city property by Mr. Shea, which appeared in the "Advertiser" of Saturday, was announced for Thursday of this week. It will be held on Wednesday, the 29th, at 2:30 p.m.

—Mr. J. Dromgole leaves the city today for London, Ont. Mr. Dromgole represents W. J. Reid & Co., wholesale crockery dealers, London, and has been in the Northwest three months this trip. He reports business prospects to be good.—Winnipeg Northern.

—The men who put their money into the scheme for the establishment of the Toronto Empire newspaper, recently defunct, have just been furnished with a final statement of their losses. It is ascertained that \$250,000 in solid cash was sunk in the venture.

—W. E. Davis, general passenger and ticket agent of the Grand Trunk, Montreal; A. M. Nonemacher, assistant general passenger agent of the Lehigh Valley, South Bethlehem, Pa.; and D. S. Wagstaff, southwestern passenger agent of the Grand Trunk, Detroit, were in the city on Sunday.

—The building committee of the Southern Congregational Church, after due deliberation, have decided, owing to the cost of the contemplated building, to call for tenders for a less expensive church, which will tide them over for a number of years. The plans will be drawn, however, with a view to future enlargement.

—Dr. R. E. Towle, Kintore, representing the eastern part of the riding of East Middlesex, was in the city on Saturday and spent the day in interviewing parties in East London and from other parts of the riding. It is probable that immediate steps will be taken to place an independent candidate in the field in consequence of the withdrawal of Reeve Parry, of West Nisour.

—The monthly reports presented at the regular meeting of the Y. W. C. T. U. were encouraging. The total attendance at the rooms for the past month was 144, of which 133 were the women during the day, 600 were present at the lunch hour, and 371 at the evening meetings. The classes for Bible study and physical culture met regularly on their respective evenings, and good work is being done by both. The art class, which has been without a teacher for some time, has been re-organized, Mrs. Stanley Williams having kindly undertaken to conduct the class for the remainder of the season. "Robert Burns" was the subject of the literary evening. The monthly reception took the form of an evening with the nations, when the national songs of England, Ireland, Scotland and Canada were sung and readings and recitations appropriate to each country were also given. Miss Tye favored the members with a very helpful and profitable talk on how to take care of one's health and how to act in emergency. Mr. S. Woolverton also entertained a Saturday evening with an interesting and instructive talk on "Conchology." Many varieties of shells were shown, their formation explained, and a description given of the lives and habits of the animals whose homes they were.

A BUSY DAY.

Yesterday was a busy day for the visiting delegates to the Christian Alliance Conference. The Sunday school teachers and officers of the city met at 9:30 a.m. in St. Andrew's Church, and listened to instructive addresses by Miss MacDonald, of Toronto, and Rev. W. H. Pope, of N. Y. Harris, Conn. The latter occupied the pulpit of St. Andrew's Church in the morning, and preached again in the London West Methodist Church in the evening.

Rev. H. B. Gibboud, of Syracuse, led a men's mass meeting at St. Andrew's Church at 4:30 in the afternoon, and at the same time Rev. J. C. Collins conducted a meeting for boys at the Dundas Street Center Church. An afternoon mass meeting for women and girls was also held at Wesley Hall, in charge of Miss Winnie J. MacDonald. Miss MacDonald preached at the Dundas Center Church in the evening, and made a most favorable impression. She is a teacher of the late Senator MacDonald. Mrs. M. O. Kimball occupied the pulpit of the Wellington Street Methodist Church in the evening, and also delivered a thoroughly practical discourse. Rev. John F. Collins and Mr. H. J. Gillette were at St. Andrew's in the evening, and Mr. Gillette was at Wesley Hall. Mr. Davis, gospel singer, Toronto, sang and spoke at the Christian Workers' Mission on Carling street in the evening, and Mr. John Henzie, of New York, was at the Centennial Church. The delegates left for home today.

DROWNED IN TORONTO BAY.

Toronto, Ont., April 27.—John Bow and Ernest Savage, two young men, went out to Humber Bay in a canoe yesterday afternoon. Being inexperienced, they allowed themselves to get too far out into the lake, and were upset about a mile out and opposite the Sunnyside bathhouse. Help came as quickly as possible from shore, but Savage was drowned, and Bow, who had succeeded in holding on to the canoe, was rescued not a moment too soon.

Fairly jumped into success—Pearline. Right from the very start. Notwithstanding all these hundreds of years of precedence behind that old-fashioned, back-breaking way of washing with soap, too.

Now, why was it? Why is it that hundreds of millions of packages of Pearline have been used in the few years since this washing-compound was invented? Just do your washing and cleaning with Pearline for a month, and you'll see. It takes away the rubbing, but without any risk of harm. That puts it at the head of every known aid for washing.
