

BAR UNDESIRABLES HAVE ALL DISARMED

Features of Grand Jury's Report
and Justice Riddell's Com-
ments Thereon.

Toronto, May 12.—Strong criticism of the system of inspection of immigrants which permits imbeciles to enter Canada, and the failure of officials to deprive foreigners of unlawful weapons, characterized the comment of Judge Riddell on presentation of assizes grand jury, which dealt particularly on the prevalence of such crimes of murder as that for which Pasquale Ventricini will be sentenced tomorrow. Disarmament of newly-arrived foreigners and prohibition of the sale of deadly weapons, except under a system of permits, was favored.

Two additional wings for the jail insane are recommended. The crowded and insanitary conditions of the children's court and detective offices are remarked upon, and the comment is made that the walls of the public offices are not in such a condition of cleanliness as a visitor would be led to expect, and are liable to hurt the reputation of the city.

Justice Riddell, concurring in the report, referred to his having presided at the trial of a youth in a neighboring town on a charge of brutally murdering an aged woman. The young man was arrested, and medical men testified that a proper physical examination when he entered Canada in May, 1909, would have disclosed the fact. Foreigners should be examined at the boundaries to determine whether they were of the material of which good citizens might be made. Such weapons as air rifles, daggers and revolvers should be taken away from all immigrants, whether of British origin or otherwise.

Judge Riddell deprecated "the constant effort to charge the police with using the third degree." He had never found an instance where the police of any Canadian city had gone beyond their duty in trying to extract information.

COMET'S TAIL LONGER

It Has Grown From Five to Ten Degrees in Length.

Paris, May 12.—Astronomers in France are making observations on Halley's comet that are attracting the greatest interest. Maurice Hamy, of the Paris observatory, reports that the length of the tail has increased from five to ten degrees in three days. Professor Deslandres, of the University of Dijon, finds a reappearance in the spectroscopic of cyanogen, the poisonous gas which was observed in January and February, but which disappeared in March. In his report he says that the hypothesis that the gas is liable to affect the terrestrial atmosphere would not be at all absurd.

On the other hand, Camille Flammarion thinks that the tail of the comet is simply an optical phenomenon produced by the flight through ether, similar to the wake of a ship at sea.

Mr. Marchand maintains that the comet shows important variations from its predicted orbit, which pre-
sage unexpected surprises.

PROPOSED BY CABLE

World's Most Beautiful Opera Singer
to Marry American.

London, May 12.—Mme. Lina Cavalieri, the grand opera star, famed alike for her beauty—she is the most beautiful opera singer—and her emeralds, is to be married to Mr. Robert W. Chandler, of New York.

She accepted his proposal by cable from Paris, on condition, states the New York Herald, that the marriage should be celebrated on her return to New York in October.

Mr. Chandler gladly accepted the condition. "It's a long wait, but a wise one," he is reported to have said.

He will shortly go to Paris to see his promised bride, who was a member of Mr. Hammerstein's grand opera company in New York last winter.

Few operatic stars have had so romantic a career as "La Belle Cavalieri." A Roman by birth, she earned her living when a child by dancing in a Roman cafe, where her beauty and her voice soon made her a success.

She made her operatic debut as Fedora in Paris, with immediate success. Her first appearance in London was as Marion Lescaut in 1905.

Mr. Chandler, who is about forty years of age, is a great-grandson of William B. Astor, and a brother of Mr. Lewis S. Chandler, formerly lieutenant-governor of New York.

FOOD FOR MEMORY

The Kind That Builds Up the Brain.

It is hard to believe that certain kinds of food will strengthen the memory, and yet, upon the condition of the brain depends the character of the mind, and its power to remember and exert itself in various ways, and healthy brain cells can only be maintained by well selected food.

Now we know that daily use of the brain uses up certain parts that are thrown out through the pores to the outer surface of the skin. This waste is natural and must be made up from food.

Grape-Nuts food was made especially to rebuild the brain and nerve centres. An experience in Chicago will illustrate:

"I had a terrible siege of gastritis; my stomach refused everything in the way of food until I got hold of Grape-Nuts. It was perfectly wonderful and marvelous to see the difference—I began to improve at once."

"I weighed myself about that time and found that I had 118 pounds to my credit. I gained in weight, strength and health steadily and rapidly, and now weigh 180 pounds and am strong and in better health than ever in my life."

"I have lately had a seven months' course of instruction in vocal music, and have memorized 58 songs and most of the accompaniments besides several piano pieces. When I started in it seemed difficult to memorize one, but my memory has been growing better every day and I now find it easy to commit to memory without difficulty."

"I have taken no medicine, but my steady diet of Grape-Nuts food has given me strength, health and memory."

Read "The Road to Wellville" found in packages. "There's a Reason." Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

TERMS IN PRISON GIVEN BRAVE MEN

While Cowardly Vice-Governor
Who Ran Away Emerges
in Triumph.

Odesa, May 12.—Just across the Black Sea, at the port of Novorossisk, there has concluded a travesty of justice that would be funny were it not for the gravity of the lot of some of the condemned.

Novorossisk is a quiet enough place in its ordinary habit, but five years ago there was a strike among the seamen, deck and railway laborers, and for a time a "republic" was established. That was in 1905, but the trial of the offenders has just run to its final stage.

During those by-gone disorders, Vice-Governor Berezniokoff, under a sudden attack of sheer funk, ran away and hid himself. The workmen's council, finding the port threatened with anarchy, thereupon took over the municipal control, organized a volunteer body of order and distributed rations to the strikers' families from funds supplied by rich residents. Not an act of violence occurred during this republican regime.

But when troops came along from Ekaterinodar, the cowardly acting governor turned up again—he had been skulking in a railway carriage in the hills—and had the council of workmen's deputies arrested. Four names appeared on the charge sheet, including the mayor and other prominent residents.

After a preliminary investigation the number of accused fell to 109. Of these 85 were acquitted. The remainder were variously sentenced to terms of imprisonment. But the crown prosecutor was not satisfied. He appealed, a second trial was ordered and at that hearing all the sentences were reduced, six more were let off, and nobody was given more than two years in jail. Simultaneously the military court frankly said the action of the vice-governor had been unfortunate.

But M. Berezniokoff had by that time been made governor of the province. He was a fortnight late in getting another appeal put in, but though the legal time had expired he ordered a third trial. That has just opened.

It lasted three weeks and though the defence was strongly put, not only were the sentences increased to terms of penal servitude up to 15 years, but seven men were condemned to death. Two of them were voluntarily witnesses who had come to Novorossisk from abroad to give evidence. Appeals to the viceroy of the Caucasus have led to the commutation of the death sentences to long terms of penal servitude. But Governor Berezniokoff emerges in triumph over those who saw him run away.

BABY VANISHES IN MYSTERIOUS MANNER

Desperate Efforts To Solve Amazing
Incident of the Plains.

Elkhorn, Man., May 12.—A blood-hound was secured today in one last desperate effort to solve the amazing circumstances surrounding the disappearance of the 2-year-old son of Thomas Francis.

A Catholic priest at Winghurst, Sask., has a very intelligent hound of the Russian variety and today consented to give the animal to the authorities. The third day of the search shows several hundred people in the field diligently covering every foot of the surrounding country.

The resolution displayed by every class in abandoning business to assist the beleaguered family indicates the widespread interest in the affair. But the authorities are baffled. Today they arrived at the conclusion that less than ten minutes elapsed between the time when John Heritage, a farmer residing near the French homestead, saw the baby in the road, and the time when Mrs. Heritage arrived at the point to ascertain what the little fellow could be doing there alone. In that ten minutes the child vanished.

The country surrounding the place where the baby was seen is so level that if a person was passing Mrs. Heritage would have observed him. The grass is not high enough around to conceal a child's body, reclining or standing. These facts add to the mystery of the distressing case.

PEARLS IN BASKET

Girl Goes to School Wearing £3,000
Pearl Necklace.

London, May 12.—In remarkable circumstances a pearl necklace worth £3,200, which was stolen a few days ago from the Marquise de L., has been recovered.

The marquise, who was staying at an hotel in the Rue de la Paix, had ordered some shoes. These were brought by a messenger boy, who took the opportunity of pocketing the necklace.

On arriving home the lady's mother found the jewels in total pocket. He told her he had bought the necklace, and was soundly scolded for spending his money on such rubbish. She took the row of pearls, and gave it to her little daughter, who went to school with it round her neck. "I thought the whole thing was not worth 6d.," said the little girl's mother to the magistrate when the lad had been arrested. As the necklace was too large for the girl, her mother took some of the pearls out, which she put in her work basket amongst buttons, needles and threads.

All the pearls have been found and handed to the marquise, who was so much amused at the adventures of the recovered necklace that she withdrew the complaint, with the result that the boy has been set at liberty.

RUSH FOR TICKETS.

New York, May 12.—British Consul-General Bennett announced today that the demand for tickets for the memorial service on June 12, for King Edward VII., is so great that not one in ten of the applicants who have sent in requests for tickets can be furnished with seats. Under these conditions Mr. Bennett, the consul-general, has kindly consented to have an additional service at St. Paul's chapel at the same hour as the Trinity service to accommodate those who cannot find places at Trinity Church.

DEAN'S MOTHER DEAD.

Hamilton, May 12.—Mrs. Mary Mahony died at noon yesterday at the family residence, Saltfleet, after an illness of ten days. Her husband and two sons predeceased her, and she is survived by four sons and four daughters: Mgr. J. M. Mahony, rector of St. Mary's Cathedral, and vicar-general of Hamilton Diocese of the Roman Catholic Church; Rev. P. L. Mahony, rector of Sacred Heart Church, Memphis, Tenn.; E. J. and T. J. Mahony, Mrs. John Kennedy, Penetanguishene; Mrs. James O'Brien and Miss Minnie Mahony, of Saltfleet, and Miss Annie Mahony, of New York, graduate of King's County Hospital, who was in constant attendance on her mother during her illness.

MOTORMAN INDICTED.

Toronto, Ont., May 12.—In the general sessions today the grand jury indicted Wm. McLean, a street railway motorman, on a charge of criminal negligence in connection with the death of Sam Manowitz, a ten-year-old boy, on March 14 last. McLean's car ran into a car, at the back of which Manowitz was riding. Knocked head and killed him. A coroner's jury later exonerated McLean of any blame, but proceedings were taken by the crown to bring the case before the grand jury of the sessions.

MILLION MORE FOR U. S.

Washington, May 12.—That the United States will receive a million immigrants during the fiscal year ending June 30, is the prediction of

Constipation.

No one need expect to be healthy if the bowels are allowed to become clogged up. A free motion of the bowels daily should be the rule with everyone who aspires to perfect health.

Costiveness or constipation clogs the bowels, chokes up the natural outlet of impure matter, and retains in the system the poisonous effete waste products of nature, causing bad blood, dyspepsia, headache, biliousness, foul humors, pimples, boils, blotches, piles, etc. Burdock Blood Bitters has built up an unrivalled reputation as a cure for constipation and all the diseases which arise from it.

Mr. Burns Woodcock, Nashua, N.H., writes: "For over two years my wife was troubled with constipation."

"She tried several physicians, but could get no relief, but after taking three bottles of Burdock Blood Bitters she was completely cured and is to-day in good health. My wife and I cannot speak too highly of Burdock Blood Bitters."

For sale by all dealers.
Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

The officials here. During April 125,278 arrived, making a total of 811,225 thus far this year. The last million immigrant year was in 1907.

Figures received at the immigration bureau show that 4,246 Chinese entered Canada from July 1, 1906, to Dec. 31, 1909, the revenue from which on account of the head tax was \$2,125,000.

BRITISH PARTIES ARRANGE TRUCE

Parliament Will Not Resume
Until the Eighth of June.

London, May 12.—Mr. Asquith's announcement that the Commons will meet on June 3, gives the ministers a badly-needed extension of holidays, and accords with the general desire that the constitutional controversies should not be resumed in the earlier days of the national mourning. The premier's outline of the business to be taken up—namely, the civil list and some unnamed bills (including, possibly, the bill dealing with the coronation oath)—means a further pause. The budget of 1910-1911 is due, of course. Whether it will be introduced with the Lords' veto still undecided with one of the complications perplexing the politicians here. Still, with several weeks' truce, it is hoped something will happen to prevent a further dislocation of business by an election. The Unionist press offers Mr. Asquith a coronation vote, for the time, if necessary, to overcome the fiercer spirits of the coalition, but whether this accommodation would extend to a budget is doubted.

The Chronicle today points out that the Government was elected to deal promptly and decisively with the veto question, and concludes, firmly: "Will the House lead to peace? That is a question which rests primarily with the majority in the House of Lords, and with those who co-operate politically with it."

STOMACH TROUBLE

Had It For Years Until He Heard of
Mi-o-na—W. T. Strong Sells It.

If you suffer from indigestion, belching of gas, lump of lead on stomach, biliousness, dizziness, foul breath, nervousness, constipation, or headache, give W. T. Strong 60 cents today for a box of Mi-o-na, the celebrated stomach prescription, and if it doesn't cure you he will give you your money back. It relieves painful stomach distress in five minutes. Read the following:

"For seven years I could eat but very little, as the food would ferment and sour, making gas, which caused serious heart oppression. I was in constant misery; sour gas would belch from my stomach. I was weak and had no ambition, did not feel like going anywhere or seeing anyone. There was a constant, dull pain in the pit of my stomach. I was unable to sleep, was nervous, restless. I tried little Robber, Beattie's Goul, Mass. Ross Roberts, Miss Lois Boideau, Marguerite Blake, Elsie Mathewson, Mr. Stanley Newton, Miss Jennie McGregor, Miss Vera Lowe, Alva Taylor, Olive Whitaker, Lily Prattenden, Olive Poole and Regina Keenleyside."

Hamilton, May 12.—Mrs. Mary Mahony died at noon yesterday at the family residence, Saltfleet, after an illness of ten days. Her husband and two sons predeceased her, and she is survived by four sons and four daughters: Mgr. J. M. Mahony, rector of St. Mary's Cathedral, and vicar-general of Hamilton Diocese of the Roman Catholic Church; Rev. P. L. Mahony, rector of Sacred Heart Church, Memphis, Tenn.; E. J. and T. J. Mahony, Mrs. John Kennedy, Penetanguishene; Mrs. James O'Brien and Miss Minnie Mahony, of Saltfleet, and Miss Annie Mahony, of New York, graduate of King's County Hospital, who was in constant attendance on her mother during her illness.

Don't Persecute your Bowels

Cut out cathartics and purgatives. They are brutal.

CARTER'S LITTLE LIVER PILLS.

Purely vegetable. Act gently on the liver, stimulate the bowels, and cleanse the system.

Small Pill, Small Dose, Small Price

GENUINE Must bear signature

Wm. Wood

Druggists.

It is estimated that the loss to the state from forest fires in Massachusetts in 1909 amounts to \$254,478. There were 1,531 different fires, and the number of acres burned over was 42,908.

Cures Seasickness

Mother's Remedy quickly cures sea or train sickness. Guaranteed safe and harmless. Send \$1.00 a box. All druggists or direct from Mother's Remedy Co., 319 Cleaveland Bldg., Detroit, Mich.

HYOMEI

(ANNOUNCED HIGH-O-ME)

Cures catarrh on money back. Just breathe it in. Complete outfit, including inhaler \$1. Extra bottles 50c.

"On Grampian Hills"

On the hills of Scotland where the heather grows is the spot from which good woollens come. No man can dispute the superiority of the best grades of Scotland Woollens over any other manufactured any other place on earth. The Scotland Woolen Mills Company handle only the best of weaves from the historic "Looms of the Hills."

Also do we claim that the cutters and finishers designing the suits we make in our own workrooms here are artists in their particular lines and the best that money can procure for us.

We have grown into an enormous business, but we have kept pace with the development, and today so large is the staff that every suit, of the thousands we make, has lavished upon it particular and individual attention.

Made-to-Order Suit or Overcoat

No More \$15 No Less

Let no man tell you that it is impossible to make a first-class Suit for fifteen dollars. We have proved it beyond the shadow of a doubt, and the fact that we exist, with a list of nineteen thousand customers in Toronto alone, and the list growing daily, is sufficient proof that at least our Fifteen-Dollar Made-to-Order Suits are a success. Convince yourself—you take no chances—if you are not satisfied we will cheerfully refund the money you have paid.

Out-of-Town Men—Ordering with us by mail is as easy for you as if the measure were taken by our own cutter. The chart and the instructions positively insure that your measurement will be properly recorded. Write us for our new book of samples and for fashion plates.

Our New Magazine—We have just issued a number of our splendid magazine. It contains some very useful information on general subjects, besides giving some particular hints on how to dress for different occasions, and what is new thereon in Paris, London and New York. Drop us a postal, the magazine is free.

WOMEN SUFFER NEEDLESS PAIN

Many Mysterious Aches
May Be Cured by Curing
the Kidneys

Every woman has so much pain, work and worry in life that any needless daily suffering from backache, dizziness, languor, or other kidney ills is a unfortunate, indeed.

Booth's Kidney Pills have brought new life, health and strength to thousands of women afflicted in this way, by curing the kidneys. If you don't just understand your condition, don't forget that it may be the kidneys.

Women easily fall victim to kidney ills. The confining work a woman does, the tight, heavy clothing she wears, the constant bending, reaching and lifting of housework, the cares of bringing up children, are all trying. Any fever, cold, chill or strain may weaken the kidneys, and set up congestion, with backache and disturbances of the urine.

Too many women have come to think that backache, pain through the hips, headache, "blues," dizzy spells, sick headache, nervousness and swelling of the ankles, wrists or limbs, are troubles peculiar to the sex. Don't make that mistake. Suspect your kidneys first. Men have similar aches when the kidneys are sick.

It is a woman's duty to herself and to her family to detect the first signs of kidney weakness, and to give the kidneys prompt help. A special remedy for weakened or diseased kidneys, for backache and urinary disorders, is Booth's Kidney Pills, a composition of vegetable ingredients that may be taken by strong or weak, or young or old, for the action is gentle, and only on the kidneys. Booth's Kidney Pills restore normal action of the kidneys, regulate the urine, drive out backache and languor, and cure kidney troubles permanently.
