Messrs Oliver, Richardson and McInnes Vote With the Opposition

AND DENOUNCE THE WRONGS

Inflated Upon the Yukon Miners—The Vote Was Taken at 4 o'Clock This (Friday) Morning and Resulted in 32 Yeas and 82 Nays.

Ottawa, June 30.—(Special.)—Daylight was streaming through the chamber windows when the debate on Sir Charles Hibbert Tupper's Yukon impeachment ended. Mr. Sifton occupied the afternoon in making a very ingenious speech in reply to Sir Charles Hibbert Tupper's arraignment. It dealt with two or three of the least important allegations of the indictment, and these the Minister of Interior deftly glossed over. As a valid defence it was sadly deficient; as a stump speech, however, it was quite a creditable effort, and seemed to please the members behind him, to judge by their applause. Mr. Foster followed in a criticism of the Minister's speech that quite exposed its defects. The debate was continued by Sir Louis Davies, Mr. McNeill, Mr. Paterson, Mr. Davin, Mr. Powell and Mulock.

Following Mr. Mulock, who finished shortly after 3 o'clock this morning by announcing that his policy was to divorce, but gradually, the Yukon mail service from the mounted police recording as responsible contractors were found, came the speeches of the dissident Liberals.

Mr. Oliver said that last year he had voted against the motion for a judicial enquiry, holding that Mr. Ogilvie's investigation would bring about the desired result, and the report justified that view. The report shows plainly that doorkeepers at Dawson did take money and that clerks inside were paid by private parties. But something more was needed. Great injury had been done to the pioneer miners in the Yukon, and while it might be impossible to reverse their wrongs, it was not impossible to punish the offenders; and, therefore, in the belief that a thorough judicial enquiry would bring that result about, he would vote for Sir Charles Hibbert Tupper's amendment. A judicial enquiry was also necessary for the credit of those who did right. It would sift the well from the evil-doers. (Applause.)

Mr. Richardson (Liberal, Lisgar) said he, too, had voted against the resolution of the last session, because of the Government's promise of an inquiry.

TO CURE A COLD IN ONE DAY. Take Laxative from Gualine Tablets. All ailments relieved and money if it fails to cure. 25c.

investigation by Mr. Ogilvie. But he had said then that if, when that report did come down and was not satisfactory, he would be among those who would demand a full investigation. There was no denying there had been a lot of "scallawagging" in the Yukon, and the Government, he thought, could well afford to have gone further in seeking it out. The Government, however, was little, if any, to blame in the matter of the actual wrong-doing, but he held that if any miner had been wronged reparation ought to be made. While he did not agree with the resolution in its entirety, he felt he could not go before his constituents and justify a vote against the full enquiry which it called for. He had at first thought of moving a resolution of his own, but after a full consideration and a good deal of worry during the previous 24 hours, he decided to vote for the resolution before the House. (Cheers.)

At 3.30 p. m. the House divided, and the amendment of Sir C. H. Tupper was lost by 32 to 82. Messrs. Oliver, Richardson and McInnes (Liberals) voting with the Opposition. Mr. McInnes (Liberal member for Vancouver) emphasized the situation with a silent yet significant vote. While the Government still mustered a majority of fifty in support of its malodorous Yukon policy, the defection of these members from Manitoba, the North-west and British Columbia, respectively was a rebuke that Mr. Sifton and his friends will feel for many a day.

The House adjourned at 4 a. m.

TRY FOOT ELM DOMINION DAY.

RIOTING AT BRUSSELS.

Over One Hundred Persons Injured by the Trouble.

THE VENEZUELAN DOCUMENTS

Were Ordered to Be Produced, Despite Mr. Harrison's Objection.

DISARMAMENT KNOCKED OUT

At The Hague Conference—The Dreyfus Witnesses—His Holiness III—Pannocote's Plans—Sloan Settled for \$1,000—The Sale of Marlborough's Gems—Won by Royalty—Rosebery's Mansion Struck by Lightning—The Saxe-Coburg Succession—Minor Caligrams.

Brussels, June 30.—At the conclusion of a great meeting in the town hall last evening thousands attempted to cross the Grande Place, in which the town hall stands. The gendarmes charged with drawn swords, and the crowd retaliated with stones. Shots were fired on both sides. Three persons were wounded, and a police officer was severely stabbed with a shoe-maker's knife. The rioters, on being dispersed, assembled at another point. A large crowd gathered in the Rue Royale, tearing up the paving stones and using these as missiles. Finally the civic guard was ordered out to relieve the police. Despite these attempts to suppress the disturbances, rioting continued to a late hour, many persons being injured. A feature was this general tearing up of paving stones to be hurled at the police and guards. A tramway conductor received two bullet wounds. Ultimately the troops were called out, and about 35 arrests were made, many of those taken into custody being in possession of revolvers.

A PROFITABLE AUCTION.

London, June 30.—The sale of the Marlborough gems at Christie's yesterday realized £34,762, or within £238 of what David Bromilow paid for the entire collection.

THE DREYFUS CASE WITNESSES.

Paris, June 30.—The prosecution in the Dreyfus case has cited thirty-seven witnesses to appear in the Dreyfus court-martial trial. It is reported that Captain Dreyfus will land two miles from Erest to-day, and from there taken to Rennes.

THE VENEZUELA DOCUMENTS.

Paris, June 30.—Objecting to certain abstracts of documents introduced by Venezuela, Sir Richard Webster demanded that the entire documents should be presented to the court, if any reliance was to be placed upon the portions submitted. Benjamin Harrison, on behalf of Venezuela, demurred to the contention, on the ground that the time for filing documents had passed. Baron Russell of Kilowen, one of the British arbitrators, remarked that the tribunal could scarcely rely on half a document, when it was asserted that the whole bore a different meaning. It was finally decided that copies of the document should be submitted to the counsel for Venezuela. Mr. Harrison intimated that he had thought argument would be heard before this opportunity was afforded. The commission adjourned to Wednesday next.

NO "DISARMAMENT."

London, June 30.—The correspondent of the Times at The Hague says:—The naval and military sub-commissions will to-day scatter to the four winds the last vestige of doubt and illusion as regards disarmament. A rumor has been in circulation, which I am unable to confirm, that Emperor Nicholas, displeased at the trend things have taken, has despatched a confidential emissary to Berlin, who will afterwards come here to take part in the conference.

The first committee of the peace conference discussed to-day the reports of the war and marine sub-commissions on the Russian proposals not to increase the effectiveness of military budgets. The sub-committee's recommendation that the proposals be referred for ulterior decision to the governments was adopted.

HIS HOLINESS IL.

London, June 30.—The Rome correspondent of the Daily Mail says:—In consequence of his exertions during the recent religious ceremonies, the Pope is now suffering great prostration, together with a slight attack of fever. He was confined to his bed yesterday (Thursday), and some anxiety is felt regarding him.

PAUNOCOTE'S PLANS.

London, June 30.—The correspondent of the Standard at The Hague telegraphs that the whole had an interview with Sir Julian Paunocote, British Ambassador to the United States, and head of the British delegation at the peace conference, and has been assured by him that he intends to retire from the Washington Embassy in September next. The correspondent says:—Sir Julian will stay in England after the conference until October, unless the Alaskan affair calls him to Washington earlier. He thinks that some agreement outside of the conference might be possible with a view to stopping the growth of navies, and that no power is likely to increase its military strength unless threatened with war.

UPROAR AT BRUSSELS.

Brussels, June 30.—The Liberals, being in a hopeless minority in Parliament, abandoned the idea of fighting the reform bill by Parliamentary methods, and started a campaign of obstruction. Yesterday the city wore a completely revolutionary aspect. Tamcans were overturned and used as a barricade. The commander of the civic guard asked to be supplied with 15,000 cartridges. Street lamps were smashed; the rioters picked the horses of the gendarmes with needles, and many of the animals fell with their riders. Several inoffensive smokers were injured by the swords of the police. The scene in the Chamber beggars description. Van den Peereboom was dubbed "Murderer!" "Bandit!" and "Minister of Civil War!" by the Socialists, who declared that they would appeal to the King.

The rioting here was continued until 2 a. m. at various points. The gendarmes charged fiercely several times on the Boulevard Auspach, and used ball cartridges on the Grand Place. One rioter was bayoneted, and two reporters were seriously injured. Saucapans and other domestic implements were thrown from windows during the night at the troops. The Gazette says one hundred persons have been seriously wounded.

SETTLED FOR \$1,000.

London, June 30.—The Star to-day says the "Ted" Sloan assault case has been finally settled by the payment to the waiter of the sum of \$1,000.

IN FAVOR OF DUKE OF ALBANY.

Coburg, June 30.—It was officially announced to-day that the Duke of

Connaught, brother of the reigning Duke of Saxe-Coburg and Gotha, and the son of the Duke of Connaught, Prince Arthur, have renounced their claims to the Coburg succession in favor of the Duke of Albany, son of the late Prince Leopold of England. The Duke of Albany, who was born in 1884, and whose mother was Princess Helena of Waldeck, will be heir to the throne of Coburg, under the guardianship of Prince Hohenlohe-Lagenburg.

STRUCK BY LIGHTNING.

London, June 30.—Lord Rosebery's mansion at Mentmore was struck by lightning last evening and greatly damaged. The Duke of Westminster's stallion Orme, and the yearling Mail, son of Bend Or, had a narrow escape from death or injury by last evening's storm. The roof of the stable in which the animals were kept was struck by lightning, but fortunately neither horse was injured.

WON BY ROYALTY.

London, June 30.—The Prince of Wales and the Duke of York have won the first and second prizes respectively in the carrier pigeon race from Lerwick, Shetland Islands. The birds were liberated at Lerwick at 3 a. m. June 27, and the first one, owned by the Prince of Wales, arrived at Sandringham Hall, the Prince's residence in Norfolk, at 2.30 p. m., having flown the 510 miles in 11½ hours. The race was to the homes of the owners of the various pigeons, which are different places in England.

An Arrangement Made Acceptable to Great Britain

IN REGARD TO OUTLANDERS' FRANCHISE.

The Transvaal Volksraad Will Confirm It on Monday.

OTHER MODIFICATIONS GRANTED

Outlanders in the Country Before 1890 Will Have Votes and Be Admitted to Burghership—Nationalization Laws to Be Modified.

London, June 30.—The Digger News, the Boer organ in London, prints a despatch from Johannesburg to-day announcing, on reliable authority, that the Volksraad will be asked on Monday to confirm an arrangement made by the Executive Council, acceptable to the British High Commissioner, Sir Alfred Milner, and the British Government. It is believed the arrangement grants a seven-year retro-active franchise to the Outlanders, resident in the Transvaal before 1890, who will be immediately admitted to burghership, with other modifications in the naturalization laws.
