The August Sale of Furniture

The popularity of our annual July Sales is rivalled only by the popularity of the August Sale of Furniture. What the former is to the general store the latter is to the furniture section—a clearing of all lines of which we are overstocked and a clean up of all odd lines. This year's sale will have many extra features. The fact that we are starting a very large and well assorted furniture department in our new store in Vancouver has made it possible for us to buy at great price concessions owing to the enormous quantities that we are able to handle. You will see the results of that buying in some of the bargains we will offer on the very newest styles of high grade furniture.
