the dead were resident of the northwest. Of the injured only Bishop Wingett, of Chicago, was from the east.

None who have seen the wreck have the slightest hope of finding any of the missing alive. The explorations have uncovered none living, and some of the bodies are shockingly mangled. An avalanche of dry snow might have covered the victims alive, but the gorge at Wellington is packed tight with wet snow, ice, huge trees and boulders of enormous weight.

bound passenger trains stalled on this side of the washout all moved east-ward this morning, and the westbound expresses are all also en route to Van-

expresses are all also en route to Vancouver. No serious inconvenience was experienced by the passengers, as the railway company rushed up supplies by every outgoing train since Tuesday.

During the past few days there were also a succession of snow and mudsildes at Keefer's, Camp 16, Spuzzum and Penny's. East of Kamloops the company had to cope with even larger slides at Albert Canyon, Glacier, Downie. Bear Creek, Illecillewalt and Field. No casualties to either the passengers or employees have been reported. The

Rain and Melting Snow Comwine to Raise Rivers in Western Washington - Traffic Freed on S. P. Railway

SEATTLE, March 4.-Rain and thaw continued in the Cascade Moun-tains today, and the rivers of western Washington spread wider over the submerged valleys. There is no sign of a change, the weather bureau says. The Northern Pacific railroad, being well prepared for the flood, is operat-ing trains to the east and south. One ndred and fifty men are watching a dangerous pass near Eagle Gorge, of the west slope of the Cascades, where an avalanche that would cover the track is feared. From the east end of Stampede tunnel to Easton, the Northern Pacific track runs between two solid walls of snow from 15 to 20 feet high, but packed so hard that there is no danger of a slide.

Lake Washington, east of Seattle, is

igher than for 20 years. The water higher than for 20 years. The water today extinguished the fires in the sawmills, covered the wharves, and put steamboats out of business and overflowed portions of the lakeside towns. However, the loss of property has not been large. Only freezing weather in the mountains will end the high water.

34 miles of the Southern Pacific railway has been restored to traffic. Reports received at local headquarters tonight give assurance that the stub train which left at 6:40 o'clock this morning reached its destination at Carlin, Nev., tonight. Seventy-eight passengers who have been held at Wells, Nevada, since the first day of the flood, have started eastward over the repaired track and are expected here early tomorrow morning. The ray has been restored to traffic Rehere early tomorrow morning. local train to Carlin tomorrow carry a large number of carpenters and concrete workers, and local offic-ials promise tonight that through traffic over the direct line will be restored within five days. A report that a shortage of passenger coaches would cause delay was officially de-nied tonight.

The Oregon Short Line officials say they will have no trouble in operating detoured trains. The first trainload of through passengers from San Francisco will reach Ogden about noon tomorrow, travelling via Portland.

Union Pacific trains continue to arrive rive on time, and many Californi homeseekers, together with through passengers are held here awaiting the opening of the Southern Pacific direct line. Wire service has been recovered.

TARIFF EMISSARIES

en From Washington Royally En-tertained at Ottawa—Probable Result of Mission.

OTTAWA, March 3.—Prof. Emery and Charles M. Pepper, the members of the United States tariff board who are here to discuss tariff relations with the government, are likely to be killed by kindness during their short visit. An informal call was made by them upon the premer and Mr. Fielding this afternoon, but no serious business was discussed. Tomorrow, however, the question of relations between the two countries will be taken up. The feeling here is that the government will be able to show that no discrimination exists and that the trade am-OTTAWA, March 3 .- Prof. Emery will be able to show that no discrimination exists and that the trade ambassadors will leave on Sunday for Washington with a clean bill of health, so far as Canada is concerned, for President Taft's endorsation. In the meantime the visitors are being royally entertained. Tonight they are the guests of Consul General Foster, tomorrow they will be dined at Government House, at which dinner a representative number of parliamentarians sentative number of parliamentarians will be present, and on Saturday Mr. Fielding will be their host at a sim-ilar function.

Toronto's Traction Powers.

TORONTO, March 4.—The private ills committee of the Provincial leg-slature today gave the city of Toronto power to construct and operate un-derground subway lines, but refused the request made by the city that it

SHE HAD THIS SORE FOR FOUR LONG YEARS

NOW ZAMBUK HAS HEALED IT

You can't equal Zam-Buk for sore of all kinds, whether recent or of long standing. That is the opinion of Mrs. Wilson, of 110 Wickson Ave., Toronto.

Mrs. Wilson says:

"About four years ago a sore spot appeared on the right side of my face just about the angle of the jaw. This spot increased in size until it became spot increased in size until it became very troublesome. I went to a doctor, from whom at different times during fifteen years I had received treatment, but the ointment I got did not nave any good effect on the sore. I had it any good effect on the sore. I had it cauterized, tried poultices and all kinds of salves, but it was no good, and this continued for four years. A sample of Zam-Buk was one day left at our house, and I used it. "Although the quantity was so small, it seemed to do me some good so I purchased from Mr. Bauld, Druggist, Scollard and Yonge streets, a supply of Zam-Buk. Each box did me more and more good, and to my desupply of Zam-Buk. Each box did me more and more good, and to my delight, before I had been using Zam-Buk three weeks. I saw that it was going to heal the sore. In less than a month it was healed. It has now been healed for almost a year, and at the present time the only trace of it is a small patch of skin a little whiter than the surrounding tissue. If Zam-Buk can heal a sore of this kind, which had defied all treatment for four years, I am sure it must be in the surrounding the surround

or four years, I am sure it must be thing needed in scores of homes." Try Zam-Buk for eczema, ulcers, sores, bad leg, varicose ulcers, skin eruptions, face spots, baby's rashes, inflamed places, piles, blood-polsoning and all skin diseases. 50c all druggists and stores, or post free from Zam-Buk Co.. Toronto, for any legislation of the stores of the stor rom Zam-Buk Co.. Toronto, orice. Refuse "just as good"
