IN these days of degeneracy and lack of gallantry, every parent should insist on knowing the whereabouts of daughters after eight o'clock at night. Too many girls there are who are permitted to roam the streets at there own free will at almost any time of night, and who ultimately come to some bad end. We are not a croaker, neither do we believe in taking away the freedom, to a reasonable degree, from the girls and boys, but we do believe there would be fewer heartaches, fewer broken homes and more purity and womanliness in the world did every parent keep the child off the streets at unseemly hours.

Notwithstanding the severe weather there was a large attendance of members both from the town and the country. Officers for this year were installed by Organizer John Berdan, of Strathroy, who came up for that purpose. Lunch was then served by the ladies and a very enjoyable time was spent. The Council here is gradually increasing in membership and they expect to reach the 200 mark within the next few weeks. It was decided during the winter months to have a social time after the business is concluded at each meeting. At the next regular meeting which is to be held on February 10th, there is to be a debate on Woman Suffrage, after which lunch will be served. Every member is kindly requested to be present and bring a friend with them.

the branch into the north will start. It is understood that the hydro-electric commission will ask the municipalities to contribute a proportionate amount of the cost in bonds and that the bonds will be marketed by the commission in order to facilitate their sale. The commission will undertake the operation of the line by trained officers, and will turn back to the municipalities their share of the profits, according to the amount of their investment. An advisory commission will likely be appointed to represent the different municipalities.

AFTER EFFECTS OF DREADED LA GRIPPE

Overcome by the Use of Dr. Williams' Pink Pills.

Throughout Canada la grippe (influenza) prostrates thousands of busy men and women every winter, wrecking their health and leaving behind numerous serious ailments. It is the after effects of la grippe that cause such widespread misery. Here is the reason, la grippe leaves behind it weakened vital powers, a shattered nervous system, impure and impoverished blood, and a low state of health that renders the sufferer extremely liable to rheumatism, indigestion, neuralgia and nervous disorders. You can avoid la grippe entirely by keeping the blood rich and pure through the occasional use of Dr. Williams' Pink Pills. Or, if, because you have not recognized your blood weakness, la grippe fastens its fangs upon you, its disastrous after-effects can be driven out by the same medicine. Dr. Williams' Pink Pills increase and enrich the blood supply, feed the starving nerves, and thus impart new health and new strength to enfeebled men and women. Mr. G. St. Clair, connected with the Sun Life Assurance Co., Halifax, N. S., says: "I was taken down with a heavy cold and la grippe and was confined to the house for some weeks. I had the best of medical attention, and although the doctor said I was cured I was still far from well, and did not have the vim necessary for a strenuous business life, and did not attend to either office or field work. Talking with a friend he said 'Why not try Dr. Williams' Pink Pills.' I decided to do so, and before I had used a box I felt an improvement, and before long the Pills made me feel like a new man. I can't therefore say too much in favor of this valuable medicine, and hope that any who may read this and be in need of medical attention will be persuaded to try this truly wonderful medicine."

You can get these health-renewing Pills through any medicine dealer or by mail post paid at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

The third annual meeting of the Maple Grove Beef Association held in the Cheese Factory on Jan. 2nd was attended by nearly all of the members, also by a goodly number of others, and was anxious to get into the Association and by the majority of the municipal candidates. The report of the secretary showed that the season had been the best in the history of the association both in the amount and quality of the meat furnished. During the season 18,215 1/2 lbs. of meat were distributed among the members, being an average amount to each of 457 1/2 lbs. The price at which the meat is to be reckoned for the coming season was raised from 9c to 10c a lb. The election of officers resulted as follows:—Pres., Wm. Jones; Vice-Pres., C. E. Smith; Sec.-Treas., M. D. Campbell; Managing Comm., Jno. Kerohan, E. White and J. Cates; auditors, Jas. Brandon and E. White. A very hearty vote of thanks was tendered by the meeting to the auditors of the past three years, Samuel Farrell and Jas. Brandon, for their very excellent services rendered. Mr. Farrell is intending to move to his new farm in the spring and will therefore be outside the bounds of the association. The satisfaction given was attested to by the fact that there were nine applications for membership in the hands of the secretary while only two of the old members dropped out, one of whom has moved away. The date for commencement was set for the 19th of March, Amos Zimmerman to furnish the first beef. Three applications were received for shares in 1915.
