

THE EXHIBITION.

The long-talked-of Exhibition has come and gone, and Halifax has again settled back into its well worn groove, from which it was slightly jostled by the influx of people from all parts of this and adjoining provinces, during the two past weeks. For us to attempt anything beyond the merest summary of the whole affair is impossible, considering our limited space, and the somewhat unfavorable circumstances under which we saw the exhibition.

The handsome buildings and grounds were opened to the public on the 21st ult., but as the number of exhibits was not completed before the 27th, the date of the formal opening, many went and returned disappointed, and much dissatisfaction has been expressed, first, that there were two openings, and second, that more complete notice was not given of the nature of the two. During the time the exhibition was open, the 21st and 27th the attendance was small; but on Tuesday and Wednesday it was much larger, and on Thursday the crowd was immense, an estimated 12,000 visitors being present.

In the cattle department Nova Scotia has done herself credit, and the show of handsome thoroughbreds was a sight well worthy of the interest that was manifested therein. P. E. Island was paraded in the ring on Thursday afternoon, before a very large crowd. The Devon was not largely represented in numbers, but were very fine animals of their class. Father Holden's (Kentville) herd of ten, the largest amount of prizes, \$145 in all, \$50 being for Devon, and the remainder for individual prizes. Mr. M. B. Spaulding, of Cornwallis, taking the remainder of the prize in this breed. In Jersey the entries were sixty-one, this Province sending thirty. Prizes were chiefly taken in the eastern part of the Province and in New Brunswick. Truro was particularly well represented, Edward Blanchard exhibiting a splendid herd of eleven animals, which took the first prize. The Jersey cattle are famous for the choice quality of their milk; but the quantity is not abundant. The thoroughbred Ayrshires were well represented, being just twice the number that were on exhibition at Toronto, and persons visiting both exhibitions, gave it as their opinion that the Ayrshires shown at Halifax were far superior to those at Toronto, hence the competition was keen. Col. Starratt's herd looked the best, and he has ever seen them. They belong to the larger family of Ayrshires. The breeds from this family in preference, as the Ayrshires are better suited to the wants of our farmers, giving larger cows and heavier milks. The judges from the Upper Provinces preferred the smaller type, those having finer limbs and very short legs, and making these points their standard. It is the reason why no prizes were given him in the cow class. He informed us that he made some good sales—disposing of Dew Drop, nine years old, at \$130, to a gentleman from the Chesapeake, and a pair of three years old, to Shalburne Agricultural Society for \$70, and Bull "Leopard," sixteen months to Earlston Agricultural Society, Colchester County, for \$110. He also refused an offer of \$120 for Underwood, four months, and Topsy five and a half months. All of the three latter were first prize calves. We learned that the second prize for herds was given to the P. E. Island stock farm when the cows were not giving one drop of milk; whereas the regulations say, "that four of the females must be either giving milk or in calf"—two of them were not even in calf. A large number of fine specimens in the Durham class were shown, every section was well represented, and the judges expressed their approbation of the general character of animals exhibited. In Guernsey, nine animals only were on exhibition. Seventy-two entries represented Nova Scotia in the dairy, beef and working cattle, and were a fine exhibit, and one that our Province has reason to be proud of. A large number of special grade cattle were present and were fine animals of their class.

The show of horses was exceedingly good and the largest ever before seen in this Province. The P. E. Islanders exhibited nearly forty and took a number of first prizes. A three year old, weighing 1,800 lbs, from the Chesapeake town stock farm, from his immense size, drew crowds of visitors. Several splendid stallions were shown. Sheep and swine were represented by fine specimens of some of their different breeds, and it is evident that in some sections of the country at least, there is really raised and profitable animals are receiving the attention in breeding that their usefulness deserves. The only trouble is we do not raise enough of them.

The dog show attracted many visitors, and not a few of these animals showed fine breeding. They supplied their own music. The poultry class was well represented, but not thoroughly. We will now pass on to the Main Building, and touch upon those of the exhibits which were the most prominent. Nova Scotia has just reason to be proud of many of her manufacturing industries, and it was with feelings of pride that we gazed upon the splendid exhibits of the Starr Manufacturing Co., showing their world renowned Acorn Skates, and their plated goods, and other manufactures of steel and iron; on the beautiful textures of the woollen from the Oxford Cloth Mills; the well-known axes and edged tools of D. Eaton & Son, of Cornwallis; the well made brushes, brooms, etc., from Chas. E. Taylor & Son's Brush Factory; Halifax; the fine specimens of the corned beef from the Dartmouth Rope Walk, which represent grades from the heaving line to the great ship's cable; the fine sugars of all grades from the Sugar Refinery, showing in pleasing contrast to the repulsive looking bag of the raw sugar in the centre of this exhibit; the specimens of naval models; the soap exhibit of John P. Mott; the fine ranges, stoves and hollow-ware from the foundry of

Wilson, Clark & Co., Yarmouth, and of the Windsor Foundry Company; the beautiful furniture from A. Stephens' factory, Halifax; the neatly put up paints of Henderson & Potts, of Halifax; the finely finished and well made sleighs and carriages; the creditable exhibit from the Enfield Pottery, of Halifax; the finely knitted goods from the Wolville Knitting Company, etc., etc. St. John was also represented in some classes of her excellent manufactures.—Pack's warps and cottons, O. V. Troop's vinegars, bolts, etc., from the Bolt Works, Connor's cordage, etc.

A Montreal firm, Christie, Brown & Co., exhibited the finest collection of biscuits ever shown in this Province. Its tasteful appearance drew all eyes upon it. One of the most attractive and best fitted up departments was that of W. H. Johnson, a Halifax dealer in pianos, etc. He had a commodious hall, carpeted and paneled with a large sign, and lighted in the evening by a row of gas jets so arranged as to make an illumination of his name. A concert grand of Knabe's make, the only one ever imported into this Province, was in this exhibit, and was constantly played upon by one of the other two performers employed for the occasion. Such plucky advertising deserves to be rewarded.

Several apartments of sewing machines also attracted much notice. Miller Bros., of Middleton, have had extensive agencies in other places have very fine exhibits. Their apartment was nicely carpeted, and paneled, with a chandelier hanging from the centre of the ceiling, giving it the appearance of a parlor. In our next we will give an extract from a city paper in regard to this firm.

The fruit show was not a good one in this department, except in quality, the exhibition being held too early to ensure a large display of the best fruit—the apple crop this year is not an average one, which will also account in a measure for our lack in this department. In apples, Annapolis County was ahead of all competition, carrying off by far the largest amount of prizes, particularly in the fruits best suited for the English market, which were the principal competitors in this class. In pears the exhibit was fair. Plums made a better show. Grapes, good.

In roots and vegetables a fine display was made—potatoes, cabbages, pumpkins, squash, beet, well represented by excellent specimens. The mangold wurtzels were very large and fine, and made a handsome display. In sugar beets a very fine exhibit was made. D. St. Clair, of Paradise, took first prize in this department, some of his specimens weighing eleven pounds. The exhibition of flowers in house plants, out blooms and foliage plants, was said to be very fine during the first days of the exhibition; but we arrived too late to see this department at its best, save in one or two sections. In the machinery hall, a creditable display was made. A number of manufacturers gave a practical exhibition of their industries, and several single machines, a miniature rope-walk, a candy factory, etc., etc., being in active operation during the whole term of the exhibition.

The above summary may serve to give some of our readers a more present at the exhibition, some idea of what was without a doubt, the finest display in all departments, save, perhaps, in machinery and apples that have ever been collected together in the Main Building. Below we give the prizes taken in this county together with those taken in Annapolis and Kingston, which we included in, having numbers of subscribers in those localities.

Class 1. Horses.
Sec. 5, Best stallion for breeding horses for trotting, carriage or road, 3 years old, bred, Wilton, no name.
Sec. 11, Best single carriage horse, not one of a pair, driven in carriage, 2nd, \$15, B. Starratt, Bridgewater.
Sec. 13—Best colt, not stallion for trotting, carriage or road, 2 years old, 1st prize, \$15, Jas. Patterson, Jr., Aylesford.

Class 2. Woolens, etc.
Sec. 19, White Flannel, 5 yards, all wool, hand loom—1st prize, Mrs. D. C. Landers, Middleton; 2nd, Mrs. Michael Penney, East Claremont.

Class 3. Carpets, etc.
Sec. 20, Carpet, rug, 2nd, Mrs. N. P. Spurr, Aylesford.
Sec. 31, Two pairs Woolen stockings, 1st, Mrs. Michael Penney, East Claremont.
Sec. 32, Three pairs Woolen stockings, 1st, Mrs. Michael Penney, East Claremont.

Class 4. Ladies' Work.
Sec. 4, Best specimen Lace work, Miss Maggie L. Bess, Aylesford, honorable mention.
Sec. 12, Best specimen of Embroidery, 1st, Miss Eliza Wade, Bellefleur.
Sec. 13, Best Women's knitted under-shirt, 1st, Mrs. N. P. Spurr, Aylesford.

Class 5. Cattle.
Sec. 1, Best thoroughbred Durham Bull, 4 years old and upwards, 2nd, \$15.00, Jas. Patterson, Jr., (for Aylesford Agr. Society).
Sec. 3, Best thoroughbred Durham Bull, 2 years old, 1st, \$30, Richard Sanford, Claremont.

Class 6. Sheep.
Sec. 5, Best thoroughbred Durham Bull, 4 years old, 4th, Col. Starratt, Paradise, "Lilly".
Sec. 16, Best thoroughbred Bull, 1 year old, 1st, \$12, Col. Starratt, Paradise, "Leopard".
Sec. 17, Best thoroughbred Bull, 1 year old, 1st, \$10, Col. Starratt, "Uncle Tom".

Class 7. Ayrshires.
Sec. 13, Best thoroughbred Ayrshire Bull, 4 years old, 4th, Col. Starratt, Paradise, "Lilly".
Sec. 16, Best thoroughbred Bull, 1 year old, 1st, \$12, Col. Starratt, Paradise, "Leopard".
Sec. 17, Best thoroughbred Bull, 1 year old, 1st, \$10, Col. Starratt, "Uncle Tom".

Sec. 22, Best thoroughbred Heifer, 2 years old, 2nd, \$5, Col. Starratt, Paradise, "Lilly".
Sec. 23, Best thoroughbred Calf, under 1 year, 1st, \$10, Col. Starratt, Paradise, "Lilly".
Sec. 24, Best herd, honorable mention, Col. Starratt, Paradise.

Devons.
Sec. 26, Best thoroughbred Bull, 2 years old, 1st, \$15, Mrs. M. B. Spaulding, Wilton.
Sec. 32, Best thoroughbred Heifer, 1 year old, 1st prize, \$10, Mrs. M. B. Spaulding, Wilton, "Lady Barbara".

Dairy Beef and Working Cattle.
Sec. 73, Best Steer Calf, 4th, \$4 Harry Beckwith, New Brunswick.
Sec. 75, Best pair Working Oxen, 1st, \$40, W. K. Kinney, Wilton; 2nd, \$30, C. & G. West, Aylesford.

Special Grades.
Sec. 78, Best grade Heifer Calf, 1st prize, Mrs. M. B. Spaulding, Wilton. (2 months old).
Sec. 80, Best grade Ayrshire Cow, D. St. Clair, Paradise.

Class 17. Manufactures in Metal.
Sec. 137, Honorable mention of machines displayed by Miller Bros., of Middleton, Charlottetown, etc.

Class 3. Sheep.
Sec. 11, Best half-bred feeding ewe, not emigrated, 1st, \$15.00, Robt. Marshall, Claremont; 2nd, \$1, Harry Beckwith, New Brunswick.

Class 5. Poultry.
Sec. 1, Bronze Turkey, 2nd, \$3, James K. Andrews, Wilton.

Class 6. Roots and Vegetables.
Sec. 11, Best half-bred feeding ewe, not emigrated, 1st, \$15.00, Robt. Marshall, Claremont; 2nd, \$1, Harry Beckwith, New Brunswick.

Class 17. Grains and Field Crops.
Sec. 1, Collection wheat, varieties, etc., 1st, \$5, Robt. Marshall, Claremont.

Class 18. Black-eyed marrow fat Pigs.
1st, \$2, Jas. H. Andrews, Wilton.

Class 2. Dairy Produce.
Sec. 1, Best Factory made, 2nd, \$8, W. H. Wheelock, Torbay; 2nd, \$8, J. N. Armstrong, Kingston; 6th, \$4, Judson H. Morse, Aylesford.

Class 11. Fruits.
Sec. 1, Best general collection from a county, 1st, \$5, Byron Chasley, Claremont.

Class 12. Best do Gravenstein's, etc.
1st, \$10, Isaac W. Morse, Middleton; 2nd, \$12.50, Robt. Marshall, Claremont.

Class 13. Best do Baldwin's, etc.
1st, \$10, Isaac W. Morse, Middleton; 2nd, \$12.50, Robt. Marshall, Claremont.

Class 14. Best do Golden Bunch, etc.
1st, \$10, Isaac W. Morse, Middleton; 2nd, \$12.50, Robt. Marshall, Claremont.

Class 15. Best do Pomme Gris, etc.
1st, \$10, Isaac W. Morse, Middleton; 2nd, \$12.50, Robt. Marshall, Claremont.

Class 16. Best do Newton Pippins, etc.
1st, \$10, Isaac W. Morse, Middleton; 2nd, \$12.50, Robt. Marshall, Claremont.

Class 17. Best do Golden Bunch, etc.
1st, \$10, Isaac W. Morse, Middleton; 2nd, \$12.50, Robt. Marshall, Claremont.

Class 18. Best do Golden Bunch, etc.
1st, \$10, Isaac W. Morse, Middleton; 2nd, \$12.50, Robt. Marshall, Claremont.

Class 19. Best do Golden Bunch, etc.
1st, \$10, Isaac W. Morse, Middleton; 2nd, \$12.50, Robt. Marshall, Claremont.

Class 20. Best do Golden Bunch, etc.
1st, \$10, Isaac W. Morse, Middleton; 2nd, \$12.50, Robt. Marshall, Claremont.

Class 21. Best do Golden Bunch, etc.
1st, \$10, Isaac W. Morse, Middleton; 2nd, \$12.50, Robt. Marshall, Claremont.

Class 22. Best do Golden Bunch, etc.
1st, \$10, Isaac W. Morse, Middleton; 2nd, \$12.50, Robt. Marshall, Claremont.

Class 23. Best do Golden Bunch, etc.
1st, \$10, Isaac W. Morse, Middleton; 2nd, \$12.50, Robt. Marshall, Claremont.

Class 24. Best do Golden Bunch, etc.
1st, \$10, Isaac W. Morse, Middleton; 2nd, \$12.50, Robt. Marshall, Claremont.

Class 25. Best do Golden Bunch, etc.
1st, \$10, Isaac W. Morse, Middleton; 2nd, \$12.50, Robt. Marshall, Claremont.

Class 26. Best do Golden Bunch, etc.
1st, \$10, Isaac W. Morse, Middleton; 2nd, \$12.50, Robt. Marshall, Claremont.

Robt. Marshall, Claremont; Hon mention Joseph Smith, Aylesford.
Sec. 67, Best three sorts named, 2nd, 1.00, Robt. Marshall, Claremont.

Class 10. Fisheries.
Sec. 10, 1 Box No 1 Smoked Herring, 2nd, 2.00, John K. Winchester, Lower Grandville.

Class 11. Fisheries.
Sec. 10, 1 Box No 1 Smoked Herring, 2nd, 2.00, John K. Winchester, Lower Grandville.

Class 12. Fisheries.
Sec. 10, 1 Box No 1 Smoked Herring, 2nd, 2.00, John K. Winchester, Lower Grandville.

Class 13. Fisheries.
Sec. 10, 1 Box No 1 Smoked Herring, 2nd, 2.00, John K. Winchester, Lower Grandville.

Class 14. Fisheries.
Sec. 10, 1 Box No 1 Smoked Herring, 2nd, 2.00, John K. Winchester, Lower Grandville.

Class 15. Fisheries.
Sec. 10, 1 Box No 1 Smoked Herring, 2nd, 2.00, John K. Winchester, Lower Grandville.

Class 16. Fisheries.
Sec. 10, 1 Box No 1 Smoked Herring, 2nd, 2.00, John K. Winchester, Lower Grandville.

Class 17. Fisheries.
Sec. 10, 1 Box No 1 Smoked Herring, 2nd, 2.00, John K. Winchester, Lower Grandville.

Class 18. Fisheries.
Sec. 10, 1 Box No 1 Smoked Herring, 2nd, 2.00, John K. Winchester, Lower Grandville.

Class 19. Fisheries.
Sec. 10, 1 Box No 1 Smoked Herring, 2nd, 2.00, John K. Winchester, Lower Grandville.

Class 20. Fisheries.
Sec. 10, 1 Box No 1 Smoked Herring, 2nd, 2.00, John K. Winchester, Lower Grandville.

Class 21. Fisheries.
Sec. 10, 1 Box No 1 Smoked Herring, 2nd, 2.00, John K. Winchester, Lower Grandville.

Class 22. Fisheries.
Sec. 10, 1 Box No 1 Smoked Herring, 2nd, 2.00, John K. Winchester, Lower Grandville.

Class 23. Fisheries.
Sec. 10, 1 Box No 1 Smoked Herring, 2nd, 2.00, John K. Winchester, Lower Grandville.

Class 24. Fisheries.
Sec. 10, 1 Box No 1 Smoked Herring, 2nd, 2.00, John K. Winchester, Lower Grandville.

Class 25. Fisheries.
Sec. 10, 1 Box No 1 Smoked Herring, 2nd, 2.00, John K. Winchester, Lower Grandville.

Class 26. Fisheries.
Sec. 10, 1 Box No 1 Smoked Herring, 2nd, 2.00, John K. Winchester, Lower Grandville.

Class 27. Fisheries.
Sec. 10, 1 Box No 1 Smoked Herring, 2nd, 2.00, John K. Winchester, Lower Grandville.

Class 28. Fisheries.
Sec. 10, 1 Box No 1 Smoked Herring, 2nd, 2.00, John K. Winchester, Lower Grandville.

Class 29. Fisheries.
Sec. 10, 1 Box No 1 Smoked Herring, 2nd, 2.00, John K. Winchester, Lower Grandville.

Class 30. Fisheries.
Sec. 10, 1 Box No 1 Smoked Herring, 2nd, 2.00, John K. Winchester, Lower Grandville.

Class 31. Fisheries.
Sec. 10, 1 Box No 1 Smoked Herring, 2nd, 2.00, John K. Winchester, Lower Grandville.

Class 32. Fisheries.
Sec. 10, 1 Box No 1 Smoked Herring, 2nd, 2.00, John K. Winchester, Lower Grandville.

Class 33. Fisheries.
Sec. 10, 1 Box No 1 Smoked Herring, 2nd, 2.00, John K. Winchester, Lower Grandville.

Class 34. Fisheries.
Sec. 10, 1 Box No 1 Smoked Herring, 2nd, 2.00, John K. Winchester, Lower Grandville.

Class 35. Fisheries.
Sec. 10, 1 Box No 1 Smoked Herring, 2nd, 2.00, John K. Winchester, Lower Grandville.

Class 36. Fisheries.
Sec. 10, 1 Box No 1 Smoked Herring, 2nd, 2.00, John K. Winchester, Lower Grandville.

Class 37. Fisheries.
Sec. 10, 1 Box No 1 Smoked Herring, 2nd, 2.00, John K. Winchester, Lower Grandville.

Class 38. Fisheries.
Sec. 10, 1 Box No 1 Smoked Herring, 2nd, 2.00, John K. Winchester, Lower Grandville.

Class 39. Fisheries.
Sec. 10, 1 Box No 1 Smoked Herring, 2nd, 2.00, John K. Winchester, Lower Grandville.

Class 40. Fisheries.
Sec. 10, 1 Box No 1 Smoked Herring, 2nd, 2.00, John K. Winchester, Lower Grandville.

Class 41. Fisheries.
Sec. 10, 1 Box No 1 Smoked Herring, 2nd, 2.00, John K. Winchester, Lower Grandville.

BOSCHER'S GERMAN SYRUP can now be purchased right at home, it is the most successful preparation ever introduced to our people. It works like a charm in all cases of Consumption, Pneumonia, Hemorrhages, Asthma, severe Coughs, Croup and all other Throat and Lung Diseases. No person has ever used this medicine without getting immediate relief, yet there are a great many poor suffering, skeptical persons sitting at our street corners with a suspicious cough, and the voice of consumption newly coming from their lungs, that will not try it. If you do, it is your own fault, as you can get your Druggist to get you a Sample Bottle for 15 cents and try it; three doses will relieve any case. Regular size only 75 cents.

The public has long since ascribed to Ayer's Hair Vigor the foremost place among reliable Hair Restoratives. It is effective, agreeable and absolutely harmless. It makes the hair fresh and luxuriant, and old age scarce and unsatisfactory.

Prejudice Kills.
Eleven years ago a daughter suffered from a bed of misery under the care of several of the best (and some of the worst) physicians, who gave her disease various names but no relief, and she was at length taken to her grave. As a simple remedy as Hop Bitters, that we had used for years, we thought we would try it. It was not long before we saw the result. It was not long before we saw the result. It was not long before we saw the result.

TELEGRAPH NOTICES FOR THE WEEK.
Washington, Sept. 28.—It is reported that a plot to assassinate President Arthur has been discovered. So far the rumor lacks confirmation.

The rumor of a plot to assassinate Mr. Arthur arose from the avowed statement of Dr. Doyle, one of the Surgeon-General's department, to the effect that while in bed in a room of house No. 461 Missouri Avenue on Monday night he heard two men standing in front of the house plot the assassination of the President. One asked the other if he would ever do it, and the other answered he would kill him within the month. Doyle says he saw the men as they walked off, and he can fully recognize them. No arrests have been made.

Washington, Sept. 28.—A soldier of the Second Artillery, who had been ordered to military drill, and when the latter appeared at the window to shoot his dead. Mason's precipitous shot the plot.

Washington, Sept. 28.—Dr. Boynton is reported as saying he does not intend to make a formal public statement criticizing the course of the late President's surgeons on their statement and autopsy. Dr. Boynton is a physician of considerable standing, and his statement is of great importance.

New York, Sept. 27.—A long analysis of the President's case by Dr. Hamilton, taken from the "Medical Gazette," sustains the opinion that the President's death was due to a disease of the heart, and that the disease was of a chronic character, and that it was not a sudden attack.

Dr. Hamilton's analysis of the President's case is a long and detailed one, and it is a pleasure to find that it sustains the opinion that the President's death was due to a disease of the heart, and that the disease was of a chronic character, and that it was not a sudden attack.

Ladies, you cannot make fair skin, rosy cheeks and sparkling eyes with all the cosmetics of France, or beautifiers of the world, while in poor health, and nothing will give you such good health, strength, buoyant spirits and luscious as Hop Bitters. A trial is certain proof. See another column.

The Fall arrangement of the International Steamship Company went into effect on the 25th ult. The Sunday trip is discontinued and steamers leave St. John every Monday, Wednesday and Friday at 8 a. m. for Eastport, Portland and Boston.

New York shipped 2,495 barrels of apples to Liverpool for the week ending 24th Sept., 1881, and 1,015 barrels to Glasgow. Boston shipped 900 barrels to Liverpool in that time. Montreal sent 1,100 barrels to Liverpool, 1,500 to Glasgow, and 73 barrels to London in the same period.
