**Ohio Standard Feed and Ensilage Cutters**

ONE AND TWO HORSE POWERS.

Correspondence Solicited.

**THE PHELPS MACHINE CO. EASTMAN, QUE.**

Next Year's Successes  
on many a farm will depend upon the underdraining that is done from August to November of this year.

**The Best Implement for foundation work on the farm, is the LARIMER DITCHING PLOUGH**

Covered by patent in Ontario for Canada, and in Washington for the United States.  
THIS FROM A FARMER:

"I was wishing to underdrain my farm, but I was afraid there was some catch about a Plow that was so low in price and that professed to finish you or 600 feet in a day with a team and an extra man. I started to enquire. When I found that Mr. Larimer was brought up in a Quebec district, and made a success of the plow, and was of persevering, and when I came to know that Mr. Scott was the son of a Presbyterian minister, and himself a practical farmer and a reliable man, I began to be less suspicious. One day I sent my boy, and from the first day I put the plow on my field until this day I don't think there is more thankful farmer in Her Majesty's Dominion than I am. My plow came all right. It works all right. It is the most priced tool I have on my place."

Full information by writing  
L. S. SCOTT,  
Agent for the Dominion.
