

Loading BT Litter Carrier at Prison Farm, Guelph.

Running out BT Litter Carrier at O. A. C., Guelph.

BT Equipment Gives Better Service

Ask the stable men at the Prison Farm Barn or at the O. A. C. Barn how they like the BT Equipment. They'll tell you it's the best value for the money. See for yourself. See how big and strong and handy the Litter Carrier is. See how much better the BT Outfit does the work than others. Note that in the O. A. C. barn the stalls are galvanized—tubing, clamps, bolts and all—all BT Stalls are galvanized without extra charge. They last longer and look better than painted stalls.

Get our books on building and remodelling. Drop a card for Stall Book No. 21, Litter Carrier Book and book "How to Build a Dairy Barn. They are free.
