

These together with a cent stamp for the postage of each must be enclosed in another envelope addressed to the Manager of *The Exchange and Mart*, 134 Hollis Street, Halifax, N. S., who will add the right names and addresses, and post the enclosures, and thus bring the several parties into communication. Any number of replies treated as above may be sent in the envelope which brings them to us. *The stamps for postage must on no account be affixed to the reply nor may envelopes with embossed stamps be used.* As many stamps as there are replies to be forwarded must be sent, e. g., for one answer one stamp, two answers two stamps, and so on. When no reply is received in answer to an application, it is understood that either the offer made is not acceptable, or that the article has been already disposed of.

POST CARDS.—These may be used in all correspondence with us, and for answering advertisements when the address is published, (but not otherwise) or in any after correspondence, unless they are prohibited either in the advertisement—thus: ‘No cards’—or by writing. We cannot undertake to forward cards on any condition.

RULES.

1. Ten one cent stamps for fifteen words or less, and two cents for every additional three words, to be enclosed with each advertisement, together with the name and address of the sender. A single figure, or group of figures, undivided by letter or word counts as one word. The name and address when published in the paper are charged for, and if a number at our office is given in lieu of an address, two cents is charged for its use in each case. When two or more advertisements are sent at one time, each must be on a separate piece of paper, written on one side only, and the words counted and paid for apart from each other.

2. Only one class of article may be offered in each advertisement.

3. The advertiser's full name and address must be at all times given for the Manager's use.

N. B.—For further particulars see “General Directions.”

Advertisements appertaining to “trade” cannot be inserted in the private columns.

*** *It is much to the advantage of advertisers who use numbers in lieu of addresses to append to their advertisements the names of their post towns or their counties. See “General Directions.”*

*** *It is necessary when a letter follows the numbers attached to advertisements, that it also be put on the answer to be forwarded, thus: 13 A.*
