WELLS, RICHARDSON & CO'S
IMPROVED
BUTTER COLOR
A NEW DISCOVERY.
For several years we have furnished the
Dairymen of America with an excellent arti-
ficial color for butter, so meritorious that it met
with great success everywhere, receiving the
highest and only prizes at both International
Dairy Fairs.
But by patient and scientific chemical re-
search we have improved it, so that it is now
and now offer this new color as the best in the world.
It Will Not Color the Butter. It
Will Not Turn Rancid. It is the
Strongest, Brightest and
Cheapest Color Made.
This color, while prepared in oil, is so compound-
ed that it is impossible for it to become rancid.
BEWARE of all imitations, and of all
other oil colors, for they are liable to become
rancid and spoil the butter.
If you cannot get the "Improved" write us
to know where and how to get it without extra
expense.
WELLS, RICHARDSON & CO., Burlington, Vt.

Mr. Wm. Bond Hill, Cobourg, writes: "Having
used Dr. Thomas' Electric Oil for 25 years,
I have much pleasure in testifying to its efficacy in re-
lieving pains in the back and shoulders. I have also
used it in cases of cramp in children, and have found
it to be all that you claim it to be."

WHAT'S WANTED!
S. S. PAPERS.

Scientific and Useful.

If a straw hat has been wet, and the stiff-
ness has departed, rub a little white egg
mixed with cold water over it; put it on with
a flannel cloth.

To give consistency to a pie-plant pie,
allow to one coffee cupful of pulp, one heap-
ing tablespoonful of cornstarch, then mix with
this the yolk of three eggs and the whites
for a meringue.

Frozen oranges for dessert on a July day
are delicious. Remove the peel and slice the
oranges; to each pound of oranges add three
quarters of a pound of sugar and one-half pint
of water, and freeze.

DANDELION SALAD.—One pint of the
plants carefully washed and placed in a bowl
with an equal quantity of water cresses, three
green onions or leeks, sliced, a teaspoonful
of salt and plenty of oil or cream dressing.

STEWED liver is appetizing when one is
tired of fried meat and roast. Stew it in a
saucepan with a little water, in which you
have put a lump of butter, an onion cut in
slices, and a liberal allowance of pepper and
salt.

A FANCY for children's party cake is to
make plain or sponge cake, and bake in shal-
low tins; cut in small oblong pieces a little
larger than dominoes, and then, with a brush
dipped in melted chocolate, make the marks
and dots.

A PRETTY way to brighten a willow chair
is to tie two bows to the back of the chair, a
blue one at the top and a pink or cream-col-
ored one below it, at about the centre of the
back, or have both of them of scarlet ribbon;
tie them so that loops and ends are about the
same length.

BEST SALAD.—A delicious salad is made
by boiling new beets without scraping them.
When they are tender, drop them in cold
water, remove the skin, slice them, and put
in a salad dish in layers, with slices of hard-
boiled eggs; season with pepper and salt,
a little butter, and vinegar.

PEANUT candy is made of two cups of mol-
asses, one cup of brown sugar, one table-
spoonful of butter, one of vinegar, while it is
boiling remove the shells and the brown skins
from the peanuts, lay them in buttered pans
and when the candy is done pour it over
them. While it is still warm cut it in blocks.

Corns cause intolerable pain. Holloway's Corn
Cure removes the trouble.

STRAWBERRY CRUSTS.—A box of straw-
berries and a dozen buns. Split and butter
some small round buns; let them get hot in
the oven. Bruise the strawberries slightly,
so that the juice will run; strew powdered
sugar on them, pour over the buns while hot
and let them stand in a glass or china dish
until cold, before serving.

STRAWBERRY SPONGE CAKE.—Make a
custard of one quart of milk, a cup of sugar
and the yolks of four eggs. Flavour when
cold. Slice one stale sponge cake and cover
the bottom of a glass dish with it, moisten
the cake with the custard, over this spread a
layer of ripe strawberries, then another layer
of sponge cake, and again a layer of straw-
berries; sprinkle the fruit with powdered
sugar, beat the whites of the eggs stiff, whip
into the eggs some strawberry juice well
sweetened, spread the meringue smoothly on
top and ornament with bright scarlet ber-
ries.

LEADING DRUGGISTS on this continent testify to
the large and constantly increasing sales of Nephrop
and Lyman's Vegetable Compound, and Dr. Harrison's
Cure, and report its beneficial effects upon their cus-
tomers troubled with Liver Complaint, Constipation,
Dyspepsia, Impurity of the Blood, and other phys-
ical infirmities, and as a female medicine it has ac-
complished remarkable cures.

TOMATO SOUP.—A delicious tomato soup
is made by frying some bits of beef and ham
in a saucepan with a lump of butter and a
small onion sliced. Take a quart can of to-
matos, or a dozen fresh ones (medium or
small sized), add a coffee cup of stock and
then put the meat in with it and boil; sea-
son with pepper and salt. This may be
strained or not; of course it is in better taste
to strain it; if the soup seems too thin after
it is strained, put it back on the stove, add a
tablespoonful of flour rubbed smooth in cold
water, and let the soup simmer gently for
half an hour. In making any kind of soup
it is much better to let it simmer than to
boil violently—nothing is gained, not even
time, by the latter process, as anything will
cook just as quickly without it. It is the de-
gree of heat to which the soup is subjected
which cooks it, and flavour suffers by rapid
evaporation.

ALEXIS CYR, of Grant Isle, Aroostook Co., Maine,
writes: "Having used Nephrop and Lyman's vege-
table Emulsion of Cod Liver Oil with Hypophosphites
of Lime and Soda, and derived great benefit from it,
I take the liberty of asking you for quotations, and
also whether you would be willing to give me the
agency for this place, as I am confident there would
be a large sale for it in this vicinity when its merits
were made known."
