IF YOU WANT 20th CENTURY WORK AND IDEAS WRITE

THE TORONTO ENGRAVING CO.

92 BAY ST.

THE LARGEST AND BEST EQUIPPED ESTABLISHMENT IN CANADA. 

CHALLENGE-GORDON

With modern improvements. Here is one of them:

PATENTED THROW-OFF

Sometimes one feature of a machine makes it worth the price of the whole. That's true of the throw-off on the

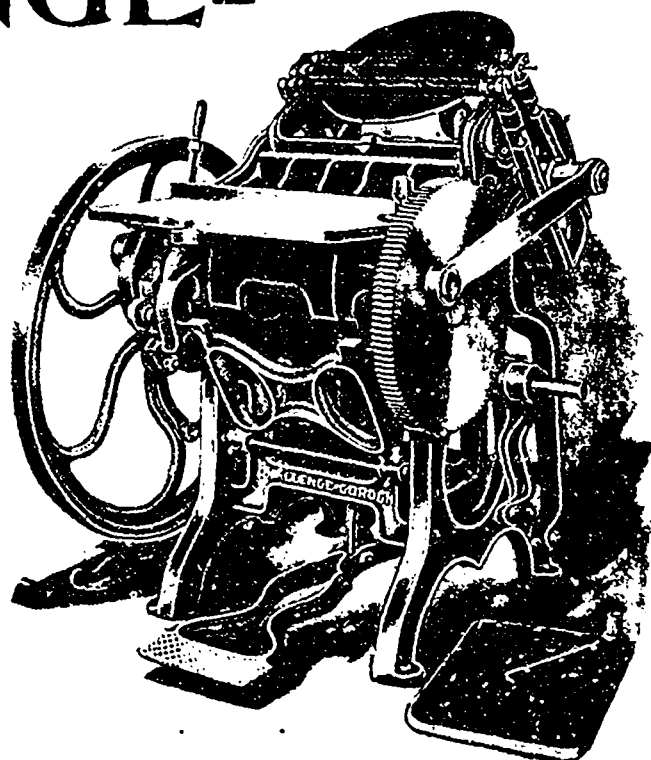

CHALLENGE-GORDON JOB PRESS.

In the first place, it doesn't get out of order—no springs, cams, or catches to give out or break down.

In the second place, it locks and holds the eccentric shaft steady on or off the impression—something no other throw-off will do.

This is only one of the good points about the **CHALLENGE-GORDON**. There are others. If you don't know them, you ought to. Send for circulars.

Manufactured by **THE CHALLENGE-GORDON MACHINERY CO.,** ²⁵³⁰ Leo Street, CHICAGO.

ALL DEALERS SELL THEM.
