Holloway's Ointment & Pills.—It is dangerous to suppress an abscess with the astringent ointments in common use. Holloway's famous unguent operates on a different principle. It does not close the issue superficially, while "Foul corruption mingles all within. Infets unseen."

but purges the cavity of all acrid and inflammatory matter, and expels every particle of the poisonous virus that generates the pus. Consequently, there is no danger of the disease breaking out in another place. The same principle applies in all eruptive and glandular affections. The Pills, which are a certain cure for all complaints of the stomach, liver, and bowels, may be beneficially used as an aperient medicine, while the ointment is removing any external disorder.

LANGLEY'S ANTIBILIOUS APERIENT PILLS.

THE great popularity acquired by these Pills during the twelve years they have been offered for sale in this Province is a convincing proof of their value, as no undue means of increasing their sale have been resorted to by putting advertisements—no certificate published concerning them.

These Pills are confidently recommended for Bilious complaints or morbid action of the Liver, Dyspepsia, Constiveness, Headache, want of Appetite, Giddiness, and the numerous symptoms indicative of derangement of the Digestive organs. Also, as a general Family Aperient. They do not contain Calomel or any mineral preparation, are effectual in their operation, yet so gentle that they may be taken at any time with perfect safety, by persons of both sexes; nor do they as do most other Pills, necessitate the constant use of Purgative medicines, the ingredients of which they are composed effectually obviating this common difficulty.
