Silicate Wall-Slating.

Most teachers will testify that the old fashioned slates are a great nuisance in the school room. Luckily they are now in a great measure superseded by Book Slates, like those made by the New York Silicate Book Slate Co., of 191 Fulton St., N.Y., whose advertisement appears in this number. This Company furnish an improved marking and erasing surface for lead and slate pencil. These slates are an excellent article for schools, colleges and private individuals; they are a perfect substitute for, and in many respects, have a decided advantage over the natural stone. They do not break, nor scratch the desk. They are portable, light, noiseless and durable. They have been tested for the past five years and are adopted by all the Boards of Education in the leading cities of the United States. They certainly deserve to be ranked among the "modern improvements" in writing material.

The Journal of Education,

The Journal will be forwarded, postage prepaid, direct from the office of publication to Trustee-Corporations and to Teachers entitled to receive it.

Teachers wishing situations will have the privilege of inserting a brief advertisement (class of license, experience, references, salary, and address,) for one month, free of charge. Trustees in want of teachers will be allowed a similar privilege.

All Communications intended for insertion in the JOURNAL should be forwarded before the 15th day of the month preceding the month of publication. Communications to be addressed "EDUCATION OFFICE, HALIFAX, N. S."
