Map & School Supply Co.,

31 King Street East, TORONTO.

INK. "WORLD'S FAIR" MEDAL INK-POWDER.

"A Boon and a Blessing!" An end to the Bothering Carriage of Ink. Dissolve in cold water, producing the best and cheapest Black School Ink known. Genuine Ink—not Aniline Dye. Writings with aniline inks smudge if wetted even months after being written, whereas writings with DUCKETT'S become waterproof by the action of the air. NOT SPOILED BY FREEZING. NEVER MOULDS. NO DREGS. In canisters for half-gallons, gallons, or two gallons. Over 30,000 one-gallon canisters have been ordered by the Irish Education Department for supply to Irish National Schools. Canadian Agents: THE COPP, CLARK Co., TORONTO; W. DRYSDALE & Co., MONTREAL; D. & J. SADLIER & Co., MONTREAL AND TORONTO. St. Ann's Convent, Prince Albert, Saskatchewan, N.W.T.:—"Madame Collings testifies that DUCKETT'S Ink-Powder makes not only the cheapest but the very best School Ink we have ever used."

THE EDUCATIONAL JOURNAL

Book * Supply * Department.

FOR the convenience of our subscribers who have been accustomed to order educational and other works noticed in our columns, through the office of publication, we propose to continue for the present, at least, to furnish such books by post or express at the advertised prices.

THE LESSONS IN ENTRANCE LITERATURE

We shall continue to publish in our English Department, but as many teachers will not care to await the slow process of publication in this way, we have made arrangements with the publishers, The Copp, Clark Co., (Limited), by which we are enabled to send the book promptly by mail, postage paid, on receipt of price, 25 cents.

Among books in special demand are the following:

ARMSTRONG'S ARITHMETICAL PROBLEMS

For Senior and Entrance Classes in Public Schools. (Sixth edition). This edition contains nearly 900 Problems. The Entrance Papers for the last twelve years are appended, also the Public School Leaving Examination Paper for 1892. The answers to all the Problems are given. The Copp, Clark Co., Ltd. Price 25 cents.

WHITE'S PRACTICAL PROBLEMS IN ARITHMETIC,

For First, Second and Third Classes. (Fifth edition). By James White, Public School Teacher, Edmonton, Ont. This book has been prepared especially to suit the convenience of Public School Teachers. It contains about 700 Practical Problems suitable for First, Second and Third Classes in Public Schools. It is very carefully graded, and each principle required to be taught is introduced in logical order. It receives the hearty approval of Teachers and Inspectors. Price 25 cents.

HUSTON'S 100 LESSONS IN ENGLISH COMPOSITION,

A Practical and useful work. Price 25 cents.
