

BIRTH.

In St. Thomas, on the 5th inst., Mrs. E. Ermatinger of a Son.

MARRIED.

At Woodlands, on Wednesday, the 4th instant, by the Rev. Mr. Givins, the Rev. S. Lyons Arthurton, to Mrs. Catherine O'Doll.

DIED.

At Amherstburg, on Friday the 31st January, 1851, with the assured hope of a blessed immortality, Mary, the eldest child of D. Doherty, Esq., late Quarter-Master of Her Majesty's 44th Regiment, at the early age of twenty-one years and four months.

This amiable and accomplished young lady was distinguished by her sweet and affable disposition, a vivacity natural to her age; and yet, united with a well-regulated, chastened and disciplined mind, she exhibited an active piety rarely to be met with, and exemplified the apostolical injunction, "They that have believed must be careful to maintain good works," for she strengthened the hands and encouraged the heart of her spiritual pastor, not only by her regular and devout attendance upon Divine Ordinances, but by her zealous assistance and co-operation in training up the young in the nurture and admonition of the Lord, at the sabbath school. During many years' experience in the Ministry, we have never been privileged to witness so happy a death-bed; the consolations of God's Holy Spirit were vouchsafed to her daily, and she rapidly grew in grace, and in the saving knowledge of the Lord Jesus Christ, as she ripened for eternity. The sting of death was taken away, and although so young she ardently wished to be "absent from the body and to be present with the Lord." A few days before her departure she bid a final adieu to her numerous and sorrowing friends, addressing to each a suitable admonition, and exciting in them the sentiments of the Prophet, "Let me die the death of the Righteous, and let my latter end be like His."

THE PHYSICIANS' USE.

Wistar's Balsam of Wild Cherry.

So says the "Morning Chronicle," Quebec, July 22, 1848. It is but an act of common justice to the discoverer of this invaluable remedy, to make known the popularity it has acquired in Quebec, and its neighbourhood. On inquiry of the Agent, we learn that his sales of this medicine are almost daily on the increase, and that its virtues in the cure of Coughs and Colds are known and appreciated, as extensively recommended by the most eminent medical practitioners of Quebec, in their own families as well as amongst their patients. We are aware that a large portion of the community regard with suspicion, and in many instances justly so, anything in the shape of a "puff," whether it be of patent medicines or of any other commodity; and if there be one class more than another that views with disapprobation the extolling of quack nostrums, it is the faculty themselves. Indeed, the public have a right to look to them for information on the subject, in their characters of conservators of the public health. The high opinion of the profession in Quebec, as already stated, may therefore be taken by Dr. Wistar as no small compliment, and to the public it may serve as a valuable guarantee of the efficacy of the medicine.

BEWARE OF IMPOSITION.

THE BRITISH PERIODICALS

AND THE

FARMER'S GUIDE.

LEONARD SCOTT & Co., No. 54, Gold Street New York, continues to publish the four leading British Quarterly Reviews and Blackwood's Magazine; in addition to which they have recently commenced the publication of a valuable Agricultural work, called the "Farmer's Guide to Scientific and Practical Agriculture."

By HENRY STEPHENS, F.R.S., of Edinburgh, author of the "Book of the Farm," &c., &c.; assisted by JOHN P. NORTON, M.A., New Haven, Professor of Scientific Agriculture, in Yale College, &c., &c.

This highly valuable work will comprise two large royal octavo volumes, containing over 1,400 pages, with 18 or 20 splendid steel engravings, and more than 600 engravings on wood, in the highest style of the art, illustrating almost every implement of husbandry now in use by the best farmers, the best methods of ploughing, planting, haying, harvesting, &c., &c., the various domestic animals in their highest perfection; in short, the pictorial feature of the book is unique, and will render it of incalculable value to the student of agriculture.

The work is being published in Semi-monthly Numbers, of 64 pages each, exclusive of the Steel engravings, and is sold at 25 Cents each, or \$5 for the entire work in numbers, of which there will be at least twenty-two.

The British Periodicals Re-published are as follows, viz.:

- The London Quarterly Review, (Conservative).
The Edinburgh Review, (Whig).
The North British Review, (Free-Church).
The Westminster Review, (Liberal), and
Blackwood's Edinburgh Magazine, (Tory).

Although these works are distinguished by the political shades above indicated, yet but a small portion of their contents is devoted to political subjects. It is their literary character which gives them their chief value, and in that they stand confessedly far above all other Journals of their class. Blackwood, still under the masterly guidance of Christopher North, maintains its ancient celebrity, and is, at this time, unusually attractive, from the serial works of Bulwer and other literary notables, written for that Magazine, and first appearing in its columns both in Great Britain and in the United States. Such works as "The Caxtons" and "My New Novel" (both by Bulwer), "My Peninsula Medal," "The Green Hand," and other serials, of which numerous rival editions are issued by the leading publishers in this country, have to be reprinted by those publishers from the pages of Blackwood, after it has been issued by M. Scott & Co., so that subscribers to the Reprint of that Magazine may always rely on having the earliest reading of these fascinating tales.

TERMS:

Table showing subscription rates: For any one of the four Reviews \$3.00, For any two do. 5.00, For any three do. 7.00, etc.

(Payments to be made in all cases in Advance.) Money, current in the States where issued, will be received at par.

Remittances and communications should be always, post-paid or franked, to the Publishers.

ALTHOUGH this Society has mainly in view the intention of enabling members of the Church of England to contribute, by the payment of small periodical sums, towards either the endowment of a Church of England University, (in accordance with the recommendation of His Lordship the Bishop in his recent Pastoral Letter,) or the building and endowment of Churches, Parsonage Houses, and School Houses, in connexion with the Church of England—the Society, nevertheless does not contemplate restricting its operations to those objects only. On the contrary, like other Building Societies, the advantages of the Church of England and Metropolitan Building Society will be fully open to all parties, without distinction, who may choose to take Stock therein, either for investment—the acquisition of freehold or leasehold estate—the removal of incumbrances or liabilities upon property—or the privilege of borrowing the amount of their shares in advance, upon furnishing approved mortgage security.
