GLADSTONE THANKED.

THE ARCHBISHOP AND CLERGY OF CAMEL
 TO THE PRIME MINISTER.

The following declaration of respect
 and gratitude was unanimously agreed to and
 signed by the Archbishop and by every Priest
 in the archdiocese of Camel and Emly. The
 Archbishop has, we understand, forwarded it
 to Mr. Gladstone:

"THE PALACE, THURSDAY.
 We, the undersigned, the Archbishop
 and clergy of the archdiocese of Camel and
 Emly, in conference assembled, desire to
 express our deep sense of gratitude to the
 Right Hon. William Ewart Gladstone, Prime
 Minister of England, for the many signal
 services he has from time to time rendered
 to our country during his distinguished
 career as a statesman, notably for the Dis-
 establishment of the Protestant Church, for
 the Land and Franchise Acts, and, in general,
 for the great and abiding interest he has for
 many years evinced in everything that could
 tend to the progress and pacification of
 Ireland. But at this, perhaps the most critical
 period of our history, we feel called upon to
 declare, in a very special manner, that we
 have been profoundly moved by the heroic
 fortitude, the utter forgetfulness of self, and
 the fearless devotion to high principle which
 he has manifested by the framing of these
 measures for the better government of Ire-
 land quite recently proposed by him and read
 a first time under his auspices in the House
 of Commons.

"We wish him from our hearts the very
 best gifts that God can give to man, and beg
 of him to accept the expression of our most
 profound respect and lasting gratitude.

"H. W. CROKE,
 Archbishop of Camel."

AN ACT OF RETALIATION.

PORTLAND, Me., May 25.—The schooner
 Sisters, Captain Jesse Ellis, from Yarmouth,
 N.S., with a cargo of 20,000 mackerel, en-
 tered at the Custom house here yesterday.

Captain Ellis signed a protest, and de-
 scribed the cargo of his vessel. First Deputy Col-
 lector Colemish then asked for the manifest.

"I have none," replied Captain Ellis. Col-
 emish expressed his sorrow that the captain
 should have been caught without his man-
 ifest, but told him nothing could be done in
 his case, and that he must in the usual course
 of the law pay the fine imposed by him. "How
 much?" asked the captain. "\$500," replied
 Colemish. "My God! the little schooner
 won't bring that," said the captain. Nothing
 could be done for him, and Surveyor Brad-
 bury sent Inspector Howe to take formal
 charge of the schooner. This done, Captain
 Ellis and his crew were allowed to go on
 discharging their cargo of 20,000 mackerel.

It was pathetic to see the captain and crew
 of the little schooner discharging the cargo.
 Secretary Bayard has been informed of the
 seizure. O. B. Whittey, secretary of the
 Portland Fishermen's Exchange, was seen by a
 reporter. He said: "Coming up at this time
 the seizure of the Sisters will do good. It
 shows here from a port so near Digby that
 the fishers will hear of it. The
 matter having been referred to Secretary
 Bayard he will be obliged to take notice of it."

FARMING IN ARGENTEUILL.

The annual spring show of the Argenteuil
 Agricultural Society, which took place at
 Lachine last week, was largely attended, and
 the stock exhibited was excellent.

CAUSED BY A FALL.

RAYMOND, Miss., Aug. 13, 1885.—Four
 years ago, from a fall from my carriage, my
 kidneys and bladder became badly diseased.
 Physicians said my recovery was impossible.
 Took seven or eight bottles of Warner's safe
 cure, and it has saved my life.—ANNA
 CARLOS.

AN ADVENTURESOME TRIP.

As already announced the members of the
 Lake St. Louis Canoe Club, to the number of
 forty, left the Bonaventure station on Saturday
 afternoon, and after a pleasant journey ar-
 rived at Huntington at 6.15 the same even-
 ing. The club then went to Mrs. Morris'
 Hotel, where a capital dinner was discussed.

An enjoyable evening was spent at the roller
 skating rink, where Mr. Hunter gave some
 exhibition skating. A good time was put in
 at the hotel afterwards with songs, etc. The
 club left Huntington at nine next morning,
 the weather being beautiful. After shooting the
 first rapid, without mishap, a second was
 reached at Duxbury. The Commodore (Mr.
 Ristoul) was the first to try this, but a hole in
 the bottom of his canoe was the reward of his
 pluck. Three or four others were equally
 unfortunate. When Desbarats' turn came
 his canoe went hard against a rock, with the
 result that it was smashed into pieces, and
 the occupant was instantly out of sight. He
 was rescued by his friends, Jones' canoe
 had two pieces knocked out of it, and Rol-
 land also had an accident. Of the others,
 many, frightened by the fate of their comrades,
 walked round, carrying their canoes. After
 repairs were made, a re-start was made for
 Ormstown, which was reached at 2.30, when
 lunch was had. While going from Ormstown
 they stopped at St. Martin. Monk and Lath-
 rop had two pieces knocked out of it, and
 all stayed for the night. A start was made
 on Monday at 8.50 a.m., the weather being
 charming. The waterfalls and other rapids
 were successfully shot by all except Hunter

A Wonderful Remedy.

The value of Ayer's Cherry Pectoral
 in the treatment of all the diseases of the
 respiratory system, cannot be over-
 estimated. Mr. C. H. Phillips, Pittsburg,
 Pa., writes: "About three years ago I
 had severe Laryngitis, which resulted in
 chronic hoarseness. By the use of Ayer's
 Cherry Pectoral I have since entirely re-
 gained my health." Mr. Henry Russell,
 Publisher Printing Co., New York,
 writes: "Influenza became epidemic in
 my neighborhood. Several members of
 my family suffered severely with it, and
 were cured by it in a few days. It is a
 wonderful medicine for Influenza. Too
 much cannot be said in its favor."

Ayer's Cherry Pectoral

It cures a Cough in a few doses. It always relieves the lungs or
 throat and arrests the tendency to inflammation. It strikes at the foundation of all
 pulmonary diseases, is without a rival as an expectorant, and is a sure cure for the
 most obstinate Coughs and Colds. L. Garrett, Texarkana, Texas, writes: "I have
 used Ayer's Cherry Pectoral in my family for twenty years. For throat and lung
 diseases, I consider it a wonderful remedy."

and Ward and Christie and Wilgore, who
 upset at the fall, where there is a drop of
 water. The former camp tried a second time
 and shot the fall successfully. The party
 arrived at Lachine at 6 p.m. Monday. The
 whole trip covered upwards of 75 miles, eight
 rapids being shot, five out of the eighteen canoes
 doing all successfully.

Why is it?
 Why do so many limp and hobble about on
 sticks and crutches, suffering from rheuma-
 tism, stiff joints and colds, lame back, sprain
 and other aches, pains and lameness, when
 Haggard's Yellow Oil, an unfailing relief,
 can be purchased at the trifling cost of twenty-
 five cents?

Why is it?
 Why do so many lakes are so charged with soda
 that it accumulates in great quantities around
 the edges, whence it is blown away and
 worked into commercial forms.

Why is it?
 There is danger ahead from neglected colds.
 A tight cough and irritated throat are the
 warning signs of lurking danger to the lungs.
 Haggard's Pectoral Balsam cures colds, sore
 throat, stubborn coughs, all and bronchial
 and lung troubles.

Why is it?
 A census of agriculturists of the north of
 France has adopted resolutions favoring an
 increase of import duties and denouncing the
 existing commercial treaties and the prohibition
 of American grain.

Why is it?
 "A year ago my head was covered with
 sores, and the eruption covered my face also,
 and spread even until the backs of my hands
 were sore. I became weak and ill. Finding
 no cure I tried Burdock Blood Bitters. Two
 bottles perfectly cured me." Statement of
 Miss Minnie Stevens, Chicago, N.B.

Why is it?
 An express train on the Grand Vermont
 Railway dashed around a curve the other day
 and rushed headlong into a pile of cattle
 blocking a crossing. Five animals were killed,
 but the train did not leave the rails.
