

A one-legged political editor, named Jones, who was successful in getting an Irishman, was asked the other day how he had come to lose his leg. "Well," said Jones, "in examining my pedigree looking up my coat, I found there was a good deal of blood in it, and being convinced that it had been in that left leg, I had it cut off as soon as I could get the power," said he, "it had been a good thing if it had only settled in yer head."

THE BIRD'S NEST MARKET. The bird's nest market in this city has rather seriously affected the public mind. Children are excited little attention; notwithstanding that they were hardly pinched, and made proportionate noise.

There has been almost an entire absence of quotations among the preaching and psalm-singing societies in the city. Little or no business has been transacted on fag-stones, in the shape of mackerels, and the state of the weather having rendered it almost impossible for operators with coloured chalks to draw upon the pavement, altogether precludes the possibility of quoting figures.

" Griffin's Works.—They are interspersed with scenes of the deepest pathos, and the most genuine humor—at one moment we are convulsed with laughter, at the next affected to tears. We heartily recommend Gerald Griffin's Works to the attention of the American public, and predict for them an immense popularity.—Sunday Dispatch. " We welcome this new and complete edition of the works of Gerald Griffin, now in the course of publication by the Messrs. Sadlier & Co. We read

the Collegians, when it was first published, with a pleasure we have never forgotten, and which we have found increased at every repeated perusal. Ireland has produced many geniuses, but rarely one, upon the whole superior to Gerald Griffin.—Brownson's Review. "Whoever wishes to read one of the most passionate and pathetic novels in English literature will take with him, during the summer vacation, The Collegians, by Gerald Griffin. The picture of Irish character and manners a half a century since in The Collegians, is masterly, and the power with which the fond, impetuous, passionate, thoroughly Celtic nature of Hardress Cregan is drawn, evinces rare genius. Griffin died young, but this one story, if nothing else of his, will surely live among the very best novels of the time. It is full of incident, and an absorbing interest allures the reader to the end, and leaves him with a melted heart and moistened eye.—Putnam's Monthly. "We have now before us four volumes, the commencement of a complete edition of Gerald Griffin's works, embracing the 'Collegians' and the first series of his 'Munster Tales.' The nationality of these tales, and the genius of the author in depicting the mingled levity and pathos of Irish character, have rendered them exceedingly popular. The style in which the series is produced is highly creditable to the enterprise of the American publishers, and we are free to say that the volumes are worthy of being placed in our libraries, public or private, alongside of Irving, Cooper, or Scott.—Hunt's Merchant's Magazine.
