

2.1.3.2 Classification of positions occupied by acting employees

Chart 19 shows the classification of positions occupied by acting employees by occupational group, employment category, and gender as of March 31, 2006:

- There were more acting employees in AS (323 or 34.3%), FS (294 or 31.2%), and EX (134 or 14.2%) positions. These three groups alone accounted for 79.7% of positions occupied by acting employees.
- 916 positions held by acting employees (97.2%) were rotational, whereas 26 (2.8%) were non-rotational.
