Last week a petition was presented to the mayor, asking the board of control to recommend to the council the annexation of the district north of Danforth avenue. The mayor promised to consider the petition and to try and send it on to the council as an expediency resolution. If this is done it will then go to the Municipal and Railway Board for approval or otherwise, as the majority of ratepayers are found for or against. The territory is defined in the petition as follows: Beginning at the northeast corner of Mount Pleasant Cemetery, down Bayview to St. Clair, east along St. Clair to the intersection of the C.N.R., along the C.N.R. to East Don Junction, then along the Montreal branch road to the York and Scarboro town line, south on the town line to the city limits-about 2000 acres.

The large owners are Robert Davies, over 300 acres; Anglican rectories, 250 acres; J. H. Taylor, 120 acres; Harris Syndicate, 50 acres; Wm. McKay, 70 acres; McEachrens, 140 acres; Robins, Limited, 200 acres. Eighty acres at the corner of Leslie and Danforth were taken in a few weeks ago. The map shows the township up to Eglinton avenue; also the proposed bridge alongside the C.P.R.'s bridge over the West Don at Eglinton and Leslie streets.
