dans mes  
stoire de la

\*The personage addressed by Tonty is certainly the Abbé Renaudot, who was his patron near the Prince de Conti, and who introduced him to M. de La Salle.—Tonty wrote in 1693 another Memoir addressed to the Comte de Ponchartrain. I printed it in my *Unpublished Narratives and Memoirs relating to the History of France in the Countries over sea* (1867).—[MARGRY.]
