THE YUKON COUNTRY.
It would seem to be sound national policy for the Government at Ottawa in laying out their plans for providing communication to the Yukon country to have the route entirely in Canadian territory, and if it is possible, etc. in this side of the Yukon. In other words, the trade and development will move from the East towards the West and be controlled entirely by Canadians; whereas if it is from the Pacific, the movement will be from the West towards the East, and Americans will have the advantage. We trust that Mr. Jennings, or some other competent engineer, will be commissioned to examine the possibilities of a cheap and speedy means of communication via Edmonton and the Canadian Northwest.

THE GLOBE AND MR. TARTE.
The Globe of Saturday read a lecture to The Dundas Banner, in which it told the paper that it ought to be careful as to what charges it made against Mr. Tarte and those associated in any way with the Drummond Railway Scandal. We are not surprised at the attitude of The Globe in this respect. That paper had the misfortune to be the advocate of certain capitalists who wanted to make money for themselves and their associates out of the construction of the Crow's Nest Pass Railway, and they used the chief organ of the Liberal Party to aid their own ends, and to deaden public opinion, which was very much in favor of retaining complete public control of the Crow's Nest Pass Railway, and of the coal lands in the British Columbia. As a consequence, The Globe, through being associated with those who sought their own profit in connection with the Crow's Nest Pass Railway, is bound to stand by those who have been endeavoring to exploit the Drummond County Railway in Quebec. In other words, it is a case of "you must stick by me, and I will stick by you." Whatever the deal was in British Columbia, and whatever the deal was with Mr. Greenfield in Quebec, Messrs. Cox and Jaffray and The Globe and Mr. Greenfield and La Patrie will all stand together. That being the case, it does not quite become The Globe to tell papers like The Dundas Banner and The Simcoe Reformer, which are free from railway entanglement of any kind, how they should conduct themselves in discussing the scandals which have arisen. Of all the blows which have been struck against the professions of the Liberals in favor of purity in political affairs, the greatest was struck when the Globe was found to be taking advantage of the trusted position it held in the estimation of its own party to advance the interest of certain capitalists who have got control of its columns. The Pacific Scandal of 1897 is just as pronounced as the Pacific Scandal of 20 years ago. Instead, therefore, of The Globe telling The Dundas Banner and The Simcoe Reformer what they ought to do, The Globe had better pay some attention to the suggestions of these papers, that the life of the Liberal Party will be of short duration if more of these scandals continue to be unearthed.

OUR PRO-AMERICAN PAPERS.
The London Advertiser and The Toronto Globe are very busy these days in rebuking Canadian papers. The World among the number—which have seen fit to direct public attention to the hostile articles against this country appearing in such prominent American newspapers as The Sun and The Journal of New York. Our kind critics in Canada have been telling the public that the hostile opinion which is expressed is only newspaper opinion, which, to our mind, is rather a serious reflection on newspapers in general, if it is true; but our answer to this is that newspaper opinion is public opinion, and that The Sun and The Journal speak for a very large section of the people in the United States, whom we know to be animated by feelings unfriendly to this country. From what we know of The Globe and The Advertiser in the past, we do not think that they can afford to lecture anybody in this respect. There was a time in this country—and not so long ago—when Mr. Brewster was assisted by certain politicians, now prominent for their loyalty to British connection, was very busy in advocating Commercial Union, or as it really meant, the annexation of Canada to the United States. The Globe and The Advertiser were of this kind. And if they had had their way, and if their political associates had had their way, there is little doubt that the movement which was then on foot in favor of Commercial Union would have by this time resulted in the disappearance of Canada from the map of North America. Fortunately the scheme failed, and we know to-day that the Canadian people are more content to maintain British institutions and British connection. If Mr. Dana and his newspaper, The Sun, chose to tell what they know about the attitude of certain Canadian politicians in regard to the Commercial Union movement, we are afraid that the journals and the politicians which would be implicated in Mr. Dana's observations would stand in a very shaky position before the eyes of the Canadian people. The Globe's cartoonist has also undertaken to portray that it is only the "yellow journals" of the United States which show this hostile attitude towards Canada. Granted it is so, then all we can say is that the so-called yellow journals of the States were warm allies of the Commercial Unionists—The Globe and The Advertiser included—which advocated that movement in this country day after day for years, until at last it was thoroughly discarded.

MURDERED ON PIKE'S PEAK.
A Tourist Found Dead and Stripped of His Valuable Near the Summit.
Colorado Springs, Col., Aug. 21.—The dead body of a tourist named H. H. Key of Wiener, Neb., has been found near the summit of Pike's Peak. There was a bullet hole in the back of the head at the base of the brain, and the body was found at such close quarters that the hair must stick by me, and I will stick by you. The dead man was about 25 years of age, of splendid physique, nearly six feet tall, and weighed about 175 pounds. It is believed that he was murdered near the summit of the mountain. However, a popular fact among tourists. Whatever money or valuables he may have had were stolen.
