But nobody ever knew whether the spirit came back for his bones or the \$500 when he kept on the racket around the house. Then somebody said, 'Here's a new religion.' BLENHEIM, July 8.—Judge Stanworth of Chatham came here and heard the appeals of the Western Peat Fuel Company, Henry Burk and J. M. Thompson, against their land assessments in Harwich. They claimed them to be too high compared with other land assessments. O. L. Lewis appeared for the appellants and J. M. Pike for the township. Considerable evidence was put in, the judge reserving his decision.

An appeal on the Johnson drain assessment on Jas. Liddy's lands, was also heard, R. L. Brackin acting for Liddy and J. M. Pike for the Township. The judge dismissed the appeal without costs.

With regard to the revival of interest in spiritualism in this city and throughout the country, and the favorable considered as having good judgment, the preacher saw a reason for the interest manifested in the anxiety and sorrow which is the lot of a number of people as a result of war conditions.
