ALL CANADIAN AND BRITISH TROOPS WITHDRAWN FROM VLADIVOSTOK PROHIBITION BECOMES EFFECTIVE IN THE YUKON TONIGHT

YUKON TERRITORY GOES DRY TONIGHT, WAS LAST AREA TO SELL ALL KINDS OF LIQUORS

Twenty Licensed Saloons in District Will Be Closed—Government Dispensaries Will Be Opened At Dawson and White Horse Under Control of Commissioner.

Dawson, Y. T., Aug. 30.—The Yukon Territory goes "dry" tonight, when the law enacted last spring by the Yukon Legislature abolishing the saloon goes into effect. Twenty licensed bars now existing in the Yukon, of which ten are in Dawson, are all connected with hotels or rooming houses.

A Government dispensary will be opened at Dawson and another at White Horse under the control of Commissioner MacKenzie. Between now and February a plebiscite will be held throughout the territory to determine the future of the liquor business.

With the closing tomorrow of its saloons, all Canada is under prohibitory legislation.

Yukon was the only district in Canada where sale of all kinds of liquor over the bar was permitted during the whole course of the war.

FOOD PRICES TAKE SUDDEN DROP ON DETROIT MARKET; DEALERS PREDICT A STILL GREATER SLUMP

Porterhouse Steaks Show Decline of 15 Cents Per Pound in Three Months—All Kinds of Groceries Are Reduced in Price From 5 to 10 Per Cent.

[Special to The Advertiser.]

Detroit, Aug. 30.—Prices of meats and groceries in Detroit are on the wane. Porterhouse steak that sold at 65 cents a pound three months ago, was offered for 50 cents yesterday. Today lamb chops that sold for 43 cents a pound last May, were quoted today at 32 cents. It's the same in groceries, cream, cheese, eggs, flour, and canned goods are all down anywhere from 5 to 10 per cent, and if predictions of those responsible for the decline are worth anything, prices within the next 60 to 90 days will see a larger cut yet.

Potatoes sold on the market here today for \$2.25 to \$2.40 a bushel for best grades. Grapes were going for 55 to 60 cents a 6-pound basket, and sweet corn and tomatoes were going for what they would bring.

Tomatoes averaged \$1 a bushel, and green beans were 10 cents a quart. Eggs sold at 52 cents a dozen, the lowest price reached this year for strictly fresh. Peaches were plentiful at \$3.75 a bushel, and bananas that two weeks ago cost 40 cents, were offered today at 15 cents a dozen.

DRESSED HOGS ARE DOWN \$5 PER CWT.; HOW ABOUT BACON? NARROWLY ESCAPES DEATH WHEN HEAVY HAMMER FALLS

Sudden Drop On Local Market Today.

Remarkable is the drop in prices of dressed hogs on the local market. When a shipment of live hogs came into the city last week they were a little lower than the week previous, but there was no mention of the drop in dressed hogs, as very few had been offered. These hogs, dressed, were then quoted at \$31 per cwt., and even as high as \$32.

This morning some of the butchers in the market announced that the price was now \$27 per cwt., or \$5 lower than the week previous. The hogs were down in price, and fat hogs were down from \$18 per cwt. to \$17 per cwt. The question being asked generally is: "How much cheaper will this make our ham and bacon?"

SWISS INVESTIGATING SMUGGLING OF FORTUNE INTO THEIR COUNTRY

1,000,000 Pounds Sterling Belonged to Former German Crown Princess.

Geneva, Aug. 29.—The Neue Zurich Zeitung says that the Swiss authorities have opened an inquiry into the smuggling of 1,000,000 pounds sterling, belonging to the former German crown princess, into Switzerland, and aided by a Swiss family. The newspaper states that the story, as reported in the German press, is correct, except for one point—that the German aerial detectives did not remain in Nuremberg, but entered Switzerland hoping to recover the money.

A Berlin news agency on August 22 said that the German authorities had been victimized in connection with an attempt to smuggle a large sum of German money across the German-Swiss frontier. The news agency asserted that both the smugglers and the detectives who followed them in airplanes arrived in Switzerland. A preliminary report said the authorities claimed that all the persons engaged in the conspiracy were under arrest. It was stated in Berlin that the money was part of the personal fortune of former Crown Princess Cecilia.

UKRAINE AND POLAND TO JOIN IN FIGHT AGAINST BOLSHEVIKI

Canadian, Japanese and British Troops Have Been Withdrawn From Vladivostok—General Denekine's Forces Are Reported To Be Retiring in Disorder in Kherson Region.

London, Aug. 30.—Under the agreement between the Petlura Government of Ukraine and Poland the former renounces all claims to Eastern Galicia, the Polish Government undertakes not to enter territory occupied by the Petlura troops, and both governments will combine military operations against the Bolsheviks, according to a wireless dispatch sent out by the Soviet Government at Moscow.

The same dispatch declares that all British, Canadian and Japanese troops have been withdrawn from Vladivostok and that in the Kherson region the forces of Gen. Denekine are retiring in disorder. It points out that this retirement is important to the Bolsheviks because it strengthens the defence of Kiev from the south.

TROOPS TO SILESIA ORDER NOT CERTAIN

Baker Says Yanks Are Not Now Being Sent.

Washington, Aug. 29.—Uncertainty was expressed today by Secretary Baker whether American troops would be sent to Silesia to maintain order while the people were holding a plebiscite to determine their form of government.

"No American troops are being sent to Silesia now," he told the house foreign affairs committee today. "I am sending 5,000 troops to France to relieve the first division troops, who have been in Europe for a long time, and should be returned. Under an inter-allied agreement to have military forces in Silesia for a time, the American troops may be sent to Silesia for duty, but I do not know that they will be sent."

"Why replace the first division troops to France?" demanded Representative Mason.

"We must keep our troops there to guard our property," Baker answered, "and we must keep troops in the Rhine country under the terms of the armistice. It is necessary now to retain about 10,000 combat troops in France, and from 30,000 to 40,000 supply troops."

CANADIAN SILVER IS REFUSED ON STREET CARS OF SEATTLE

Seattle, Wash., Aug. 30.—Canadian silver, which is circulated in large quantities in Seattle and other sections of Washington, was being discounted 10 per cent by all dealers and street car lines today, following an announcement that the banks intended to charge the discount in the future. Restaurant reports that at least 30 per cent of their silver received is Canadian. The municipal street car line refused to accept Canadian silver at all.

German Army of 40,000 Men Assembles in Lithuania Is Ready To March Into Russia

Germans Call Themselves "Kolchaks" and Claim To Be Going Into Russia To Aid the Anti-Bolshevik Government of Admiral Kolchak—General von Goltz Is Believed To Be the Real Leader.

Paris, Thursday, Aug. 28.—A modern equipped German army of 40,000 men has assembled in Lithuania, and is preparing to march into Russia on the pretence of helping Admiral Kolchak, according to Lithuanian sources here.

Word to this effect was brought to Paris by Chief Engineer Steibko of the Lithuanian railway system, who declared the Germans talked freely of a common understanding between Germany, Russia and Japan.

In describing the situation to the Associated Press, the correspondent M. Steibko said that the large German forces which have reoccupied Lithuanian territory from which they have been several times driven away by both the Lithuanian Government and Marshal Foch, were entrenching themselves and making preparations for a march through Russia. They called themselves "Kolchaks," and pretended that their immediate object was to reach and co-operate with the admiral's forces.

LANDING PLACE FOR PLANES ON TORONTO ROOFS SERVED BY ELEVATORS

Suggested by Engineers of Toronto Harbor Commission. These Would Take Passengers Up To the Embarking Platform.

TORONTO, Aug. 29.—A landing place for airplanes on the roofs of twenty or thirty acres of buildings on Toronto's inner harbor is suggested as a probability by Engineer Cousins of the Toronto Harbor Commissioners, in a letter to the mayor.

Engineer Cousins states that the harbor commissioners have a view of the development of the inner harbor over a period of years, into a downtown or central district, the buildings in which will be restricted to five or six stories, and that the plan is to build a landing place on the roofs of these buildings. The airplane station on the roofs would be served, in so far as passenger traffic is concerned, by means of elevators, according to the commissioners' plans.

Many of the allegations contained in the former affidavits, and of alleged misconduct on the part of a Brown, of Fleischmanns, and acts of infidelity in the bill is Curci's alleged misbehavior as a chambermaid at Tulsa, to have been described by a woman of color with beautiful ebony color and beautiful features.

where they also have established a general staff. Their line of occupation from north to south is Vilko-Vilki to the south of the Dnieper River; thence to Radivilsk and on to Janishka. They are under the ostensible leadership of the Russian general, Bergmann, but their real commander, M. Steibko declares, is the German general, von Goltz. They control the railway lines in all the occupied territory. They number 37,000 Germans and 3,000 Russians, all wearing German uniforms.

Disregard Orders.

The Germans serving in this army called themselves volunteers, said the engineer, and claimed allegiance to the all-Russian government, thus pretending to be exempt from orders issued by Marshal Foch or the inter-allied council. Numerous Russian prisoners, he declared, were being sent to Germany to join the army at Shavli, while in the way of equipment for the army the Germans had brought 350 airplanes, 100 automobiles and one armored train into the territory.

Although the Lithuanian Government had sent many notes to the Germans demanding their withdrawal and the allied officials had ordered them out, they had paid no attention to the demand, M. Steibko added.

BRITAIN CONFERS HIGH HONORS UPON ALL HER GREAT WAR LEADERS

Nine Peerages and Eight Baronetcies Included in List.

London, Aug. 29.—The titular honors conferred upon naval and military leaders in the war by parliament are more lavish than most people expected, consisting of nine peerages, eight baronetcies and one Grand Commandership of the Bath.

The money gifts are in keeping with custom since the eighteenth century. At the close of the War of Succession, Marlborough received with his dukedom, £25,000 a year during the life of Queen Anne. After Blenheim he received the manor of Woodstock, in the park of which Blenheim Palace was erected at a cost of more than a million dollars. Other war heroes have been similarly fortunate, but the allotment for the great war far eclipses the honor lists of all previous wars.

ONE DESERTER GETS TWO YEARS; ANOTHER 6 MONTHS

Latter Receives Leniency on Account of Conditions.

For desertion from the 135th Battalion in 1916, when it was stationed at Camp Borden, Pte. Arnold Henley was sentenced to two years' imprisonment with hard labor this morning, when the district court martial, which was held about two weeks ago, promulgated its sentence. Henley was also put under a stoppage of pay, amounting to \$21.65, to cover certain expenses when he was arrested in Pontiac, Mich., last July. Pte. Ormus Fitchett, who appeared before court martial fortnight ago on the charges of having deserted three times from his unit, was sentenced to six months' imprisonment with hard labor, and stoppage of his pay will be made to the extent of \$60.92. A recommendation for mercy has been filed by one of the officers, and it pleads for the man on the grounds that he is of low mentality, that he was medically unfit, and that he had deserted each time to go to a wife and three children in the wilds of Northern Ontario, who practically had to take care of themselves on 100 acres of land, only part of which is cleared.

Both promulgations were delayed because of General Shannon's absence, for permission had to be obtained from Ottawa before Lieut.-Col. W. J. Brown could conduct the service.

Many soldiers who are patients at the Sanatorium have complained that they have not been approached by enumerators.
