ELECTIONS NOT FAR OFF

Company Refused Right of Way on Wentworth St-Bylaws for the People.

HAMILTON, Nov. 30. - (Special.) -Nearly all of the Cataract members of the council tried to square themselves this evening by opposing the company, now that it is getting near the elecions, and as a result the company bylaw with reference to the new \$75,000. street car barns was blocked. The company asked for permission to lay a double-track on Sanford-avenue, and a single track on Wentworth-street, one block in length, in order to reach the The company eliminated the most objectionable features of the bylaw, so that it could not handle freight cars on Wentworth-street, and only freight cars resembling passenger cars in appearance on Sanford-avenue, out in spite of that Ald, Evans and Dickson moved that the company be given no rights at all on Wentworthstreet. Ald. Sweeney and Allan mov-ed, in amendment, that the company be given the right to operate passenser cars on the street, but they were supported only by Ald. Crerar and Howard. The company said it would throw up the bylaw rather than accept it in that shape, and, to keep the project from falling thru, Mayor Stewart suggested an adjournment to see if a private right of way could not be obtained thru the block from King to Main-streets, and this was agreed to. The council decided to submit the following bylaws next January: For good roads, \$300,000; for sewer extensions, \$65,000, and for the Nurses' Home, \$20,

Rev. J. B. Paulin, who accepted 3 call as pastor of St. Giles' Presbyterian Church at the last meeting of the Hamilton presbytery, was inducted to-night. Rev. Appeal Thrown Out.

This morning Judge Snider threw out the appeal of the assessment department against a cut from \$33,000 to \$25,000 that the court of revision made in the assessment of Ballanahinch, the esidence of the late Edward Martin. He declined to admit any evidence, on the ground that he had dealt with the matter last year. The department had a real estate man who was prepared to swear that the property was worth \$40,000. The judge ruled that the court of revision had no power to wipe out business assessments made on the Hamilton, Commercial and Thistle

This morning Magistrate Jelfs announced that he would give \$100 to anyone who could produce evidence that he had ever authorized a policy of toleration in connection with disor-derly houses, altho he says he believes toleration to a certain degree is ne-

The daughter of William Bradt, 193 Bay-street, was struck on the head by a stone thrown by some boys who were aiming at a fence, and received a serious fracture of the skull.

Before Judge Anglin, James Smith's suit to quash the bylaw conferring a contract on the Cataract Power Co. will be tried this week. To-day the company made a new move, when it summoned Mayor Stewart before Chief Justice Falconbridge again in connection with the mandamus proceedings that were taken last summer to force his worship to sign the bylaw. The chief justice said the mayor would have to sign, but the company did not worship expressed a willingness to obey the ruling of the court, and afterwards did sign. Now the company has wards did sign. Now the company has summoned him before the chief justice again, and will ask the chief justice

To Be Dyspeptic Is To Be Miserable.

L spepsia is the prevailing malady of civilized life. It is largely due to gross errors in diet, over-eating, too free indulgence in stimulants and over-taxing the stomach with indigestible food, eating too rapidly without chewing the food sufficiently, indulging in hot biscuits, pastry, pickles, confectionery, etc.

Constipation, headache, heartburn, sour stomach, distress after eating, belching of wind, faintness, and fullness and distention of the stomach are a few of the many distressing symptoms of the poor, weary dyspeptic. Burdock Blood Bitters regulates the stomach, stimulates the secretion of the saliva and gastric juice to facilitate digestion, removes acidity, purifies the blood, and tones up the system to full health and vigor, and thereby cures dyspepsia and all its tributary diseases.

Mr. Amos Sawler, Gold River, N.S., writes:- "I was greatly troubled with dyspepsia, and after trying several doctors to no effect, I commenced taking Burdock Blood Bitters and I think it is the best medicine there is for that complaint."

Enquiry Promised.

The provincial secretary's department has promised a thoro investigation into the case of Mrs. McMann, an inmate of the asylum, who claims that she is sane. She has managed to smuggle out a number of letters to the police magistrate and the department, altho the rules of the institution prohibit such a thing.

A reception committee, consisting of Mayor Stewart, Robert Hobson and W. McClemont, will receive Lieut.-Gov. Gibson at the station Tuesday evening and escort him to the Royal Hotel. A reception will be held at the hotel at 7.30, after which a banquet will be tendered to his honor. Pat Lynch and Pickard Batterson,

DR. EMBREE APPOINTED TO INSPECTORAL BOARD

Dr. L. E. Embree, principal of Jarvis-street Collegiate Institute, was yesterday appointed by the management committee of the board of education in special session third inspector preached; Rev. aspectoral board's duties after the ap- business. Their system pointment was made. "Dr. Embree is a high school man."

Trustee Rawlinson expostulated, "and I don't think it proper to put him into public school work. You couldn't beat us in putting in as inspector of high schools the first time and you are just taking this way of doing it now." The clause which recommends the establishment of an inspectoral board of three also says that Chief Inspector Hughes be chairman. Mr. Rawlinson press for a formal order because his Hughes had not the qualifications of a drew attention to the fact that Mr.

be defined by, the board.

Mr. Leve wanted to fix an initial salary of \$3000 to the new office, which is \$500 less than Dr. Embree is at present receiving as principal of Jarvis Collegiate and senior advisor on high school matters to the board as well. No salary was settled upon.

There will likely be a warm time at the board's next meeting. Trustees Boland and Dineen are both barred because of four words, "to inspect pub-lic schools," but Dr. Hunter, Mr. Houston, Mr. Rawlinson and Miss Martin

It is anticipated that should the appointment be sustained, several supervisors position will be done away with.

Claim Higher Salaries.

That two teachers were brought to Toronto under false representations was the way Trustee C. A. B. Brown characterized a controversy over salaries that has arisen between two teachers and the board.

Mr. McDonald, recent appointee to class in Riverdale High School, and Miss Isabel Murray, a new acquisition to the teaching staff of the technical high school, wrote to the finance committee asserting that they have received more than the initial salaries for their schedule.

They had come to Toronto on the strength of advertisements which stated clearly that outside experience would be recognized the same as a certain term of service. Mr. McDonald claims therefore that he should get \$1300 instead of \$1200 and Miss Murray wants \$800 instead of \$750.

Mr. Rawlinson wanted to know of Secretary Wilkinson who authorized him to word his advertisement the

> The Curson Bros.' Franco-British Exhibit. The Franco - British Exhibition is London has at last closed its doors. Much has been achieved by the creation of this exhibition, both from nationa and commercial points of view. It has been instrumental in enabling nation thruout the world to learn more of each other; above all, it has justified

tage of the separate school trustes, both of whom were against a local inspection of the high schools.

Mr. Rawlinson was heartly in accord with the appointment of a third public school inspector, but would "kick his shoes off" before he would stand for Dr. Embree getting the job, because his shoes off" before he would stand for Dr. Embree getting the job, because he could see what was behind the move.

When the recommendation for a third inspector first came up it was entered upon the order papers under "high school matters," with the object of having one of an inspectoral board of three take charge of the senior work in the public schools and the high school work as well; but a snag was struck when somebody raised the protest that the board had no power from the legislature to interfere in the inspection of high schools.

The matter was referred back to the spection of high schools.

The matter was referred back to the committee and the motion was returned again to the board; only this time world where London-made talloring is not in evidence. Prominent among the talloring exhibitors at the Franco-British Exhibition were Messrs. Curzon Bros., the world measure tailors, under public school business.

Trustee Levee said it was not just that the separate school members, who were not elected by the people, should have a voice in the appointment of an inspector. It was well enough that they should have a say in defining an ing, and for their unique methods of clever one, for by their self-measurement charts they are able to fit clients in all parts of the empire, no matter how far distant.
