To Put On Flesh And Increase Weight

Most people eat from four to five pounds of food, solid fat-making food every day. Still do not increase in weight one ounce, while on the other hand many are thin and keep getting thinner all the time. It's all both to get that extra pound of the individual. It isn't Nature's way at all.

Most thin people stay thin because their powers of assimilation are defective. They absorb but know not of the abundance of health and strength. Stuffing won't help them. A dozen meals a day won't make them gain a single "ray" there. It is the quality of the food that counts. In England he was drafted from the battery for staff work, and finally in order to get overseas he accepted the rank of lieutenant. He was subsequently promoted on the battlefield to a captaincy, dating from December last.

THE BEST THING FOR DYSPEPSIA

WHY PEPIN, PANCREATIN, ETC. SO FREQUENTLY FAIL.

An international specialist whose articles on stomach trouble have been printed in the leading scientific journals, stated that to treat the average case of stomach trouble, indigestion, dyspepsia, or by doctoring the stomach, killing the digestive power, is just as foolish and useless as to attempt to put out a fire by throwing water on it. Instead of the fire, he claims, and facts bear out his statement, nearly nine-tenths of all stomach troubles are due to acid and yeast fermentation; and permanent relief is to get rid of the cause, i.e., to neutralize the acid and stop the fermentation. For this purpose he strongly recommends the plan now being followed by the world's leading doctors, of taking a teaspoonful of ordinary bismuthated magnesia in a little water immediately after eating, or whenever pain is felt. This immediately neutralizes the acid, stops the fermentation, and permits the stomach to do its work in a normal manner and thus by removing the cause, enables nature to quickly bring the inflamed stomach lining to a perfectly healthy state. For the convenience of travellers, a bottle of this magnesia is now able to supply the needs of the most violent attacks of indigestion.

Canadian Order of Foresters

37th Annual Meeting of the High Court—Over Five Hundred Delegates Present

The 37th Annual Meeting of the Canadian Order of Foresters convened on Tuesday afternoon, the 20th of June, in the Masonic Hall, in the City of London, Ont., at 2 p.m. Delegates are in attendance from all parts of the Dominion, every province being represented.

The following officers of High Court were present at the opening session: J. A. Stewart, High Chief Ranger, Perth, Ont., in the chair; J. A. Broder, High Vice-Chief Ranger, Montreal, Que.; Robert Elliot, High Secretary, Brantford, Ont.; Dr. U. M. Stanley, Chairman of the Medical Board, Brantford, Ont.; W. G. Strong, Superintendent of Organization, Brantford, Ont.; W. L. Roberts, First High Auditor, Brantford, Ont.; J. F. Hoag, Second High Auditor, Toronto, Ont.; W. A. Hollinrake, High Court Solicitor, Brantford, Ont.; and A. P. Galpin, London, Ont.; F. H. Davidson, Winnipeg, Man.; A. E. Coffin, Truro, N.S.; A. E. Wright, Toronto, Ont.; Dr. E. W. Moles, Norwich, Ont., members of the executive committee.

In addition to the above, D. Creighton, Dist. H.C.R., Brantford, Man.; John Murray, East Dist. H.C.R., Hamilton, Man., and D. E. McKinnon, District High Secretary, Winnipeg, Man., representatives from the District High Court for Manitoba, were present.

The annual reports of the different officers of this Order are of a very satisfactory nature, showing that steady progress which has been its experience since its inception in 1879, was continued in the year 1915.

The increase in the insurance fund during the year amounted to \$465,500.81. This is the largest sum added to the fund in any one year in the history of the Order. The standing of the Order at the end of the year, after the payment of 592 Death Claims, amounting to \$622,179.88, showed funds on hand of \$5,205,542.52, the amount at the present time being \$5,983,750.75. The yearly revenues derived from the investments of the Order now constitute a very substantial amount of the annual income. Interest earned on investments of insurance funds during 1915 amounted to \$281,485.51; and paid 4248 per cent of the total Death Claims on the Order.

In respect to the matter of investments, it is interesting to know that the Order continues to take very active interest in the Government Bonds and Municipal and School Debentures in the Dominion of Canada. During the last two years, with an exceptional market in such direction from the investors' point of view, the Executive Committee has been able to take very extensive advantage of the situation. The Order purchased \$300,000.00 of the War Bonds issued by the Dominion Government in the Fall of 1915.

The Sick and Funeral Benefit Fund shows a larger net increase than that experienced in any previous year in the Order's history, the increase for the year being \$65,898.91. Interest earned on investments of Sick and Funeral Benefit Funds (these investments being of a similar nature to those made of the Insurance Fund) amounted to \$22,746.91, and after the payment of 7,472 Sick and Funeral Benefit Claims amounting to \$191,924.95, the amount standing at the credit of this fund was \$458,683.58; the fund at the present time standing at \$452,688.91.

The General Fund is also in a satisfactory condition. Many special charges, connected with the war and the arrangement for carrying on the listed members hereafter referred to.

Everybody in this country must do his part that freedom may be well and truly won, and that we may have a happy and lasting peace in this fair land of ours. As chief magistrate of this city, I call upon you to help Col. Haggarty, who has not only offered his services, but has given his own body for the cause. Rally around him. I am assured that when he has his full complement of commanding officers, will leave this city with a better "tailor" than the message of Mayor Skilling, Perth Avenue School Prize Choir, attracted great attention. Rev. Logan Giegge, Major Bennett, Newton Wylie, Thomas McMillenn, Sergeant Arthur and Captain Cochrane also spoke. J. O. McCarthy was chairman. Seven recruits were sent up to be attested.
