

METHODIST CHURCH SUPPORTS UNION

Circular Prepared by Social Service Board to Be Read to People Tomorrow.

MANY REASONS GIVEN

Party Politics Laid Aside, So That Reinforcements May Be Sent.

The executive committee of the General Board of Social Service and the Board of the Methodist Church in Canada has issued the following statement:

The present duty and paramount responsibility of Canada is to render every possible assistance, make the very highest sacrifice, and unite in the most determined purpose to contribute its full share to win the war and thus protect the smaller nations against the menace of an aggressive militarism, save democracy from German autocracy and despotism, and establish the dominance of the principles of Christ and international relationships.

Methodism has always been an outstanding influence in behalf of national righteousness, democratic institutions, and equal justice to all the people. The attitude of Canadian Methodism towards this war has been intensely outspoken. Our last general conference, in an address to His Majesty, George V., declared: "We beg leave as a Church humbly to express our deepest conviction of the righteousness of the call which His Majesty has put forth to all his subjects to sustain the honor of the British Crown, to defend the weak against ruthless oppression, and to secure the foundations of human freedom and brotherhood. Thousands of our sons and daughters among the contingents who have gone from Canada at the call of His Majesty to maintain the integrity of British honor. Some have already sealed their loyalty in their life blood, as they have fallen upon land and sea. Thousands more are ready and waiting at their sovereign's call to follow their noble example."

The passing year has fulfilled this promise. Returns from circuits indicate that upwards of 75,000 Methodists voluntarily enlisted in the Canadian Expeditionary Force. More than 400 of our ministers and probationers, and almost 600 sons and daughters of the Church have already responded to the call of the colors. Methodism has an inestimable investment in this war. This many of our sons and daughters have made the supreme sacrifice, and multitudes have been wounded, shell shocked, gassed, and otherwise disabled. We have thousands of our brave and beloved heroes in France and Flanders. Their very blood of our martyred sons, the sufferers of our boys in the casualty lists, with the increasing needs of our men in the trenches, clamantly urge that we should continue to render them our supreme support, even to suffering and sacrifice.

All our annual conferences in 1917 were imbued with this spirit and purpose. Each adopted strong declarations in favor of enlistment, conscription, and Union Government.

At the polls on December 17, 1917, every Methodist elector, the women as well as the men, should conscientiously meet personal responsibility and both vote and work for the election of the candidates who stand with the Union Government—not for political advantage, but to enable Canada to do her full duty to the empire, to herself, and to our

RHEUMATISM WAS MOST SEVERE

Dreadful Pains All the Time Until He Took "Fruit-a-tives."

MR. LAMPSON

Verona, Ont., Nov. 11th, 1915.

"I suffered for a number of years with Rheumatism and severe Pains in the Side and Back, from strains and heavy lifting.

"When I had given up hope of ever being well again, a friend recommended 'Fruit-a-tives' to me, and after using the first box I felt so much better that I continued to take them, and now I am enjoying the best of health, thanks to your remedy."

W. M. LAMPSON.

If you—who are reading this—have any Kidney or Bladder Trouble, or suffer with Rheumatism or Pain in the Side or Stomach, 'Fruit-a-tives' give 'Fruit-a-tives' a fair trial. This wonderful fruit medicine will do you a world of good, as it cures when everything else fails.

50c a box, 6 for \$2.50; trial size, 25c. At dealers or sent postpaid on receipt of price by 'Fruit-a-tives' Limited, Ottawa.

SUCCESS SOUGHT FOR STARVING ARMENIANS

Over a Million Have Been Driven From Their Homes and Are in Great Want.

Over 2,000,000 people in Armenia, Syria and Palestine are starving. Over 1,000,000 Armenians and Syrians have been driven from their homes, have been forced into Islam, deported to northern Arabia or have perished on the way to exile. Butchery, outrage, cruelty, starvation are words that do not begin to picture the horrors the Armenian Christians have been subjected to.

There is no difficulty in reaching the sufferers now through the Red Cross and American consuls. The advance of the British has made it easier and thousands are seeking shelter and protection behind the British lines, but the failure of the Russians in the Caucasus to more than feed themselves throws \$50,000 more Armenians upon the mercy of Canada and the United States. Canada is being asked to do her share by the Armenian Relief Fund Association of Canada, which is under the patronage of Hon. W. H. Hearst, premier of Ontario; Most Rev. Neil McNeil, Archbishop of Toronto; Ven. Archbishop Cody, D.D., of Montreal; Hon. Sir Edmund Mulock, K.C.M.G.; Sir Edmund Walker, C.V.O., LL.D., and Col. Sir Henry Pellatt, C.V.O., D.C.L. Further particulars are given in the advertisement carried in our columns today. Contributions may be sent to D. A. Cameron, treasurer, care of the Canadian Bank of Commerce, Toronto.

ELECTION SPEECHES HEARD AT MEETING

College Heights and Rosedale Patriotic Association in Regular Monthly Session.

The regular monthly meeting of the College Heights and Rosedale Patriotic Association, held in the Methodist training school, corner of St. Clair Avenue and Avenue Road, yesterday afternoon, was well attended. Mrs. Julius Miles presided. The various reports submitted showed the society to be a veritable beehive of industry.

Miss Constance Laing spoke briefly but earnestly on "The Election." Formerly she had been opposed to women voting, but was now urging them to cast their votes for Union government. "Women should realize that the freedom of the whole world is at stake," said Miss Laing. "The right to vote has been given because of the sacrifice of either a soldier or a nurse. Let us not forget them on the seventeenth."

W. H. P. Jarvis gave a vivid picture of "The Soldier in France," both in and out of the trenches. "This war is a crucible in which all things are being tested," he remarked, "and the result of it all will be the duty of history to record."

Major Harry Smith was warmly welcomed. "Tactics that would amaze you are now being used in the proposed union," he said, "and it will require all the effort of every citizen to save the situation. Major Smith then proceeded to give his address on "The Soldier in England."

CORPSE FOUND IN BUSH

Identified by Neighbor as That of a River Driver.

Special to The Toronto World. Belleville, Dec. 7.—On Wednesday, while doing some road work on the 3rd concession of Tavemore, some men went for shelter to a clump of bushes at the front of Mr. F. Williams' farm and found a corpse, hidden in the bushes and covered with a tarpaulin. By the clothing a neighbor identified the remains as those of a river driver, middle aged, who stayed at his home on the night of Jan. 17 last. On that occasion he kept his face covered with an extension cap, and remarked that he was overcast of himself. The next morning he refused to eat and walked away. One of the boys shortly followed him, but saw no trace of him.

Look and Feel Clean, Sweet and Fresh Every Day

Drink a glass of real hot water before breakfast to wash out poisons.

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, and what? What a glorious condition to attain, and yet how very easy it is if one will only adopt the morning inside bath.

Furfs who are accustomed to feel dull and heavy when they arise, pulling headache, stuffy from a cold, food tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and bowels the phlegmy day's indigestible waste, sour bile and poisonous toxins, thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity, and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting the poisons from the blood, and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, biliousness, stomach trouble, rheumatism, others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store, which will cost very little, but is a potent and most invigorating and purgative remedy on the subject of internal sanitation.

DUKE AT REGINA

Regina, Dec. 7.—Making the statement that it was one of the most interesting days he had spent in Canada, and that he, coming from the mother country, was almost jealous of all he had seen and heard. His Excellency the Duke of Devonshire, accompanied by four of the educational institutions of this city this morning.

Where Weak and Inactive as Result of Nervous Prostration—Lost Twenty Pounds—Had to Take Sleeping Powders to Get Any Rest.

St. Catharines, Ont., Dec. 7.—Many people never realize that the movement and action of every organ of the human body is dependent on the energy supplied by the nervous system.

When the nervous system gets run down there is weakness throughout the entire body. You feel tired, and languid and your stomach and other digestive organs are similarly affected. Appetite falls, digestion is poor, you do not get the good of what you eat and gradually grow weaker and weaker.

This process can only be stopped by such treatment as Dr. Chase's Nerve Food, which goes directly to create new nerve force and thereby to invigorate the whole human body.

Mrs. Geo. S. Elze, 46 Davidson street, St. Catharines, Ont., writes: "My husband had an attack of nervous prostration, and, as he had been doctored for some time and tried different other medicines, he could not get relief. He had to resort to sleeping powders given him by the doctor to make him sleep. The greater part of the trouble seemed to be in the nerves of his stomach. He began to lose weight, and kept on going down, until he had lost twenty pounds. We had read advertisements in the newspapers for Dr. Chase's Nerve Food, and noticed that it seemed to be doing a lot of good for people troubled with nervousness, so my husband decided to try it. He found benefit almost from the start, and continued this treatment until he had taken about twelve or thirteen boxes. The results were most satisfactory. He is now enjoying good health, sleeps well, and has gained back nearly all the weight he had lost. He also uses Dr. Chase's Kidney-Liver Pills occasionally and thinks them an excellent remedy. I have also used this latter medicine for dizzy spells and liver trouble, and was completely cured of these complaints. We think a great deal of Dr. Chase's medicines, and cannot speak too highly of them."

Dr. Chase's Nerve Food, 50 cents a box, a full treatment of boxes for \$2.75, at all dealers, or Edmansons, Bates & Co. Limited, Toronto. Do not be misled by cheap imitations.

Regular \$325.00 to \$375.00. Saturday \$275.00.

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, and what? What a glorious condition to attain, and yet how very easy it is if one will only adopt the morning inside bath.

Furfs who are accustomed to feel dull and heavy when they arise, pulling headache, stuffy from a cold, food tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and bowels the phlegmy day's indigestible waste, sour bile and poisonous toxins, thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity, and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting the poisons from the blood, and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, biliousness, stomach trouble, rheumatism, others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store, which will cost very little, but is a potent and most invigorating and purgative remedy on the subject of internal sanitation.

OHAWA UNIONISTS WILL HOLD GREAT CLOSING DEMONSTRATION

Special to The Toronto World. Ottawa, Dec. 7.—South Ontario Unionists are planning a great closing demonstration to be held in Ottawa on Saturday, Dec. 15, in which the principal speaker will be Sir Thomas Spence, Minister of Finance.

Both candidates are busily engaged in the rural districts, and there is good ground for the belief that the Union candidate will carry the seat made to assist the Y.M.C.A. in their work amongst the boys at the front. Also a grant of \$1000 to the Navy League of Canada.

MAXIMALISTS IN CONTROL

London, Dec. 7.—An armed Maximalist force has occupied the Marie Palace, according to a Reuter despatch from Petrograd, and has expelled the all-Russian commission in charge of the elections for the constituent assembly.

GRANT TO Y. M. C. A.

Special to The Toronto World. Belleville, Ont., Dec. 7.—At today's session of the county council of Hastings County a grant of \$3000 was

GALT CITIZEN DEAD.

Special to The Toronto World. Galt, Dec. 7.—John McLean, aged 92, for the past 30 years a resident of this city, died last night. He was born in Ireland and came to Canada 70 years ago, locating in Brantford, where he lived for a great many years. He taught school in the neighborhood of St. George for 32 years, and was also a successful farmer.
