YOUR MIRROR
TELLS THE
TRUTH

If your mirror tells you that your face is losing its roundness, the eyes their lustre and the cheeks their glow, don't blame the mirror. You are losing flesh—there's a waste somewhere. Try the scales. You don't tip the beam at the point you did formerly. It's several notches back. Try on last year's clothing. Doesn't fit so snugly, perhaps. These are all evidences that you need Scott's Emulsion because you need more flesh. Nothing picks up lost flesh or stops wasting like

SCOTT'S EMULSION

Losing flesh may be all right for people who are overweight, but the average person can spare little and retain the even balance of health. If your body is in need of more flesh, try Scott's Emulsion. If there are any evidences of wasting, try Scott's Emulsion. It will put you back in normal condition and restore your lost weight so quickly that you will wonder why you didn't try it before.

PLANS FOR NEW PAVILION HANDSOME, BUT EXPENSIVE

And That is Where Aldermen Hold Up Their Hands—Those Park Propositions.

City Architect McCallum presented two sets of plans for a pavilion at the Allan Gardens to the parks committee yesterday. They were admittedly fine and represented a handsome structure, but the estimated cost made the aldermen wish to sleep over the idea. The first plan shows a building 235 feet long, with a main assembly hall on the ground floor, with a seating capacity of 1100, and a balcony that would accommodate 250. On the upper floor was also a supper room with cloak and retiring rooms, all in the best style. The cost of this building, however, was placed at $200,000.

The other plan submitted called for a building seating 1070 people. It would cost $130,000. The members criticized the prices and Chairman Noble said he wanted a pavilion for the people.

It was decided that blue prints should be prepared and supplied to each member of the committee, who can study them out at his leisure.

The Buying of Parks.

The question of purchasing park properties was also considered and on the suggestion of the mayor, a special meeting will be held at which Commissioner Chambers will present a plan of the city, with all the parks, present and proposed, outlined.

J. W. Mallon offered the property running north from Dundas-st., between St. Helen's and Lansdowne-avenues, for $31,000. It comprises 7.33 acres. Port of it is wood and Mr. Chambers pronounced it as suitable for the purpose.

Fred H. Richardson and ex-Ald. Davies pressed the purchase of Victoria Park at $38,000, reserving a small lot, 90 by 180, for his own use. Mr. Davies said if the city purchased and wished to rent the property, he would guarantee to get a tenant at $1400 annually.

Edgar Jarvis brought forward the Scarboro cliff property, 80 acres horizontal, 10 acres of slope and 10 in water lots. He placed his lowest figure at $65,000, and offered to go to arbitration. A. J. Russell Snow estimated the whole property to be worth $79,000.

The chairman said the committee would pay a visit to the properties as soon as possible and go over the ground.

Park Commissioner's Plans.

The parks commissioner has prepared his estimates for the coming year and will submit them to the committee this week. The total amount asked for the maintenance of the present parks is $61,820, which includes permanent improvement at Riverdale Park $2020, at the Zoo $4435, St. Lawrence-square $975, Simcoe Park $350, and Ramsden Park $4000, and also for planting street trees $1650.

The commissioner also recommended a general plan for removing, trimming and replanting trees thruout the city, which he estimates will cost about $18,000, of which $5000 is to be spent this year. For tree pruning $1000 is asked, for the Tussock moth $2450, band concerts $2250, Exhibition Park $22,198, and for a landscape artist $1000.

He also asks $500 for bowling greens in Queen's and Riverdale Parks and $3725 for preparing skating rinks in Riverdale, Ketchum, Dovercourt, Stanley and Exhibition Parks, and Cottingham and Harbor-squares, and a ball ground in Dovercourt Park. The total estimates amount to $104,183.

The New Art Gallery.

The plans for the new art gallery at the exhibition grounds were the subject of discussion at the board of control meeting yesterday. Mr. Gagen, representing the artists, wanted a higher ceiling and better ventilation, and Mr. McCallum favored a more imposing looking building. The board approved the plans, and asked Mr. McCallum to prepare specifications and call for tenders, leaving the question of supervision of the work to be settled after the contracts were awarded. The annual grant of $750 was made to the horse show. The plan for a speedway on the east bank of the Don from Queen to Winchester-street was also endorsed, the cost being placed at $2300. The request from Street Commissioner Jones for $1500 to construct a street sweeping machine that would prevent the dust nuisance was not granted. The board approved of the plan proposed by the city engineer recommending that the sewage system in the Woodbine district should be constructed on the initiative.

Ald. Harrison's street numbering scheme will be taken up with the estimates. The same alderman's plan for a lavatory at Queen-street and Spadina-avenue was ridiculed as being too small at a cost of $2000, but the controllers favored the location and also similar conveniences at Cottingham and Yonge-streets, and Church and Wellington-streets.

Estimates Increase.

The city clerk sent in his estimates amounting to $40,415, an increase of $3000. Salaries are increased $614, in addition to an advance proposed for the secretary of the board of control from $1300 to $1415.

The legal department also submitted its estimates, which provide for an increase in salaries of $2500. The total amount is $34,395, being $1500 more than last year.

The Poison Company sent in a tender for the new hydraulic dredge at $52,180. It was referred to the city engineer.

On Dec. 3 Mary Grimes slipped on the sidewalk on Dundas-street on ice, caused by a flow from a hydrant. She will sue the city for $2000.

There are 150 inmates in the casual ward at the House of Industry, where the average number is 50.

Building permits, totalling $175,563, have been issued, including Gutta Percha Co. office and warehouse, $75,000; Christie, Brown Co., stable, Berkeley, near Duke, $15,000; W. J. Gage Co., factory, Spadina-avenue, near Adelaide, $50,000; Consumers' Box Co., factory, Ernest-avenue, $8000; Cosgrave Brewing Co., restoration after fire, $4000; Wm. Davies Co., store, King and Cowan, $3800; alterations, Queen and Claremont, $1000.

A large New York paper manufacturing company is said to be looking for an extensive site in the city suburbs for a factory that would employ 350 hands.

ENGLISH IT IS.

Gov. Vanzant yesterday received notice of the appointement as deputy-governor at the jail of R. E. English, in succession to his father, recently deceased. The appointment was approved by the lieutenant-governor Jan. 31.

Saw "Raffles"; Turned Burglar.

New York, Feb. 8.—Seeing the play, "Raffles," inspired 1-year-old Christopher Smith, or "Sanorock," in the six weeks' series of hold-ups which made him the terror of the West Side.

In a confession to Inspector O'Brien to-night, Smith said:

"I had no desire to get a lot of money. The pleasure and excitement which the jobs afforded me were my only incentive. I have traveled in the west, and I was playing a part suggested by the fearless, exciting life in the west.

"I witnessed the play of 'Raffles' in a New York theatre, and it was there I got the idea of turning robber."

He told in detail of how he walked into many residences, pointed pistols at the occupants and compelled them to give up money and jewelry.

Smith made no effort to conceal his contempt for the police. He stated that in every case he passed policemen within a short distance of the scenes o' his crimes. Inspector O'Brien is convinced that the youth is a criminal far out of the ordinary, and a detective is stationed in front of his cell night and day.

On Electric Power.

The metal and jewelry section of the Canadian Manufacturers' Association held a luncheon at McConkey's yesterday, at which K. L. Aitken, a consulting engineer, of Toronto, was the speaker on the subject, "The Comparative Advantages and Cost of Steam and Electric Power," and the address was of extreme interest. Relative cost of buying and making power was dealt with first, after which the question of mechanical versus electrical drive was taken up. About fifty members were present.

Their Last Appointments.

It is announced that the late governments made the following appointments before retiring:

Angus McDougald, bailiff of second division court at Alexandria, for Stormont and Glengarry; Welber L. Phelps of Kemptville, clerk of fourth division court of Leeds and Grenville; James Coleman, bailiff at Newcastle, for the second division court of Northumberland and Durham; George A. Aylesworth of Newburg, to be re-appointed clerk of fourth division court of Lennox and Addington; and David G. Gemmill, bailiff of third division court at Sault Ste. Marie.

Doctors Said That Lumps and External Swellings Would Turn to Running Sores.

Mrs. Jacob Kaehler, Zurich, Ont., says that Burdock Blood Bitters Saved Her from Many Years of Suffering.

She writes:—"Now imagine how joyous and great was my surprise when a friend of mine told me that Burdock Blood Bitters would cure me, so that the lumps and external swellings, which the doctors told me would turn to running sores, would disappear. I took her advice, and can say that I have no doubt but that Burdock Blood Bitters has saved me from years of suffering. It is with the greatest of pleasure and with a thankful heart that I give this testimonial, knowing that Burdock Blood Bitters has done so much for me, and you are at perfect liberty to use this for the benefit of others similarly afflicted."

Burdock Blood Bitters is the best blood medicine on the market to-day, and is composed entirely of roots, herbs, barks and berries.

BUSINESS INTERESTS UNITE TO FORM A CIVIC LEAGUE

Various Associations Agree on a Constitution Which Should Command Attention.

What promises to be an important organization in questions concerning the city's development and welfare has been quietly in the process of formation for several months past. The Toronto Civic League has been formed from representatives of the board of trade, Canadian Manufacturers' Association, Retail Merchants' Association, Ontario Association of Architects, Employers' Association, Bankers' section board of trade, Trades and Labor Council, Single Tax Association, Builders' Exchange, Ontario Society of Artists.

The movement grew from an enquiry started by the Employers' Association to ascertain the reasons why desirable factories were not coming to Toronto in the same proportion that they were locating in neighboring cities. It was ascertained that the greatest need with regard to factory location was the necessity of providing suitable housing accommodation for workmen. The joint committee were confronted with many matters requiring attention from those interested in the general welfare of the city. It was therefore thought that a central organization, composed of members of representative organizations, should be formed.

A constitution has been adopted with the following as the objects of the league:

1. To promote a thoro knowledge and discussion, so as to centre public opinion on the conditions and details of civic administration and of the methods of selecting and appointing officials in the public service.

2. To secure the adoption of good laws and the selection of men of ability and proved integrity for all municipal positions.

3. To watch the industrial, educational, commercial and general business interests of the city.

4. To secure improved sanitary conditions.

5. To advocate civic improvement, artistically and architecturally, and the acquisition of parks and recreation grounds.

6. To provide a systematic and comprehensive plan to govern future improvements and extensions of the city.

7. To endeavor to cultivate a proper civic spirit and to remove any causes of severance, hostility or disharmony between different classes of the people.

The following officers were elected: Chairman, J. P. Murray; vice-chairman, James Pearson; secretary-treasurer, James G. Merrick. The next meeting of the league will be held on Monday evening, Feb. 20, at the offices of the Employers' Association.

Aurora Mine Installs Modern Machinery.

The Westinghouse Electric Company of Pittsburg, Pa., is shipping this week to Alamo, Mexico, a large consignment of electrical machinery for use at the Aurora Consolidated mine. It is reported that there are more specimens of quartz rock, exposing free gold, on exhibition throughout Canada, United States and Mexico, taken from this mine during the last 15 years, than from any other mine in the world. The mine has produced several million dollars from surface workings, with crude machinery; and after the heavy machinery, now being installed for deep mining, is in operation, it is expected the mine will earn considerably over a million per year clear of all expense. The stock of this company is held largely throughout the Dominion.

To Prospect for Minerals.

Montreal, Feb. 8.—The Geological Survey of the Dominion government has arranged for a party of prospectors and engineers to make their first trip to the mineral areas of the northern districts of Quebec early next month. The various mineral deposits to be examined are in the districts thru which the Grand Trunk Pacific Railway will pass.

A Sure Cure.

To be among the fruit and flowers of the beautiful Southern Resorts for a few weeks is a sure cure for those run down in health or who cannot stand the cold winter weather. Go now, as February is the most popular month. Full information and illustrated literature may be obtained at Grand Trunk City Ticket Office, northwest corner King and Yonge-streets.

Niagara Falls Ice Bridge.

One of the wonders of the world is the ice bridge at Niagara Falls when attired in its winter garb, and a sight you will not soon forget. Grand Trunk fast express trains leave for the Falls at 9 and 11 a.m., 4.10 and 6 p.m., with through equipment. Secure tickets at City Office, northwest corner King and Yonge-streets.

Got $500.

Zenar Hilyar, who sued the Wilkinson Plow Company for damages for injuries received while in their employ, was given a verdict for $500 by the civil assize court jury.

Evening Lectures at Varsity.

A course of evening lectures for those unable to become regular students will be begun at the university, with a graded system of fees according to subjects.

Watch the Skin for Bad Blood

It Comes to the Surface in the Form of Pimples, Boils, Rashes and Humors.

Where the blood is weak and depraved the system lacks staying power and force. Frightful ulcers and unsightly blotches break out, the skin becomes yellow and muddy, the eyes lack lustre.

Reader, does YOUR blood need attention? If so get Dr. Hamilton's Pills at once; they filter out all poisons, eliminate disease-making germs, nourish and re-vitalize every drop of blood in the body.

No medicine exerts such a marvelous influence for good as Dr. Hamilton's Pills; they clear the complexion, make it exquisitely beautiful; they cure pimples, rashes and skin troubles of every kind. Read the following carefully:

No Appetite—Bad Color — General Debility

"I was run down," writes Mr. Albert E. Dickson, of Fairhaven, P.O. "My color was dull and unhealthy, appetite was poor, and I constantly suffered from rheumatism.

"I found it hard to sleep, and felt worn out and tired all the time. Dr. Hamilton's Pills made an instant change. I grew stronger, my blood was restored, rheumatism vanished. To-day I am vigorous, cheery and healthy in every respect.

You will never realize what good health means until you feel the quickening, vitalizing effect of Dr. Hamilton's Pills. Every tired, overstrained, nervous man and woman should use this grand tonic regularly. Life will then be full of happiness and buoyant health. OBITUARY.

Octavius Newcombe.

The death of Octavius Newcombe, president of the Newcombe Piano Co., Limited, occurred after five days' illness at his home, 65 Brunswick-avenue, yesterday morning. He was born at Hankford-Barton, Devonshire, England, in November, 1846. At 8 he was sent to Shebbear Boarding School. Two years later the death of his father occasioned the return of his two elder brothers, Dr. William Newcombe and Henry Newcome, from Australia, the winding up of the home estate, and the removal of the family to Toronto. Here he attended the model school and the Toronto Grammar School, taking at the latter first prizes in mathematics and English. His brother, Dr. James Newcombe, being professor of surgery in Victoria College, he attended two winter sessions there. The intervening summer he joined his brother (assistant surgeon, U.S.A.) at Washington, as

corresponding clerk to the surgeon in charge of Lincoln Hospital, and was there during the Maryland raid. He subsequently entered the military school, Toronto, getting his certificate. He joined the staff of the Quebec Bank and became accountant at Toronto. Later he went to Ottawa, the most important branch of the bank. After five years' banking experience he accepted a position with one of the largest lumber merchants on the Ottawa, Alexander Fraser of Westmeath. Then a partnership was offered, with the financial management, of a pianoforte business, to be established in Toronto in 1871. The business in course of time developed into two separate and independent firms, Octavius Newcombe being joined by his brother Henry. In connection with this business, Mr. Newcombe has visited all the chief towns and cities of Dominion, th eimportant cities of the United States and Great Britain, and the art centres of Europe. In 1871 the firm of Octavius Newcombe & Co. was established. Upon the incorporation of the Newcombe Piano Co., Limited, in 1900, Mr. Newcombe was elected president. He was also a prominent member of the Canadian Piano & Organ Manufacturers' Association, holding important positions both on executive and other committees, and in September, 1900, was elected president. Mr. Newcombe was also an associate member of the Mullholland-Newcombe Co., Limited.

The funeral will take place to-morrow.

R. A. Weir.

Robert A. Weir, 123 Markham-street, cashier of the C. P. R. freight department, died yesterday, aged 62. He contracted a severe cold a week ago. He leaves a widow and five adult children. Hon. Richard Harcourt and Col. R. L. Ellis of the G. T. R. are cousins.

One Vacant Chair.

Bowmanville, Feb. 8.—(Special.)—The town council has still one vacant chair. William Brock, who had an unsettled contract with the town when he was nominated, resigned his seat and was re-elected by acclamation, and last night took his seat again. The quo warranto proceedings against the election of ex-Mayor M. A. James because the town council paid him for stationery his firm furnished to the value of $3, have been withdrawn from the high court, and last night the town council accepted his resignation and the mayor's proclamation is issued for a new election on the 15th inst. to fill the vacancy.

Were Caught Between Cars.

Mr. and Mrs. Christian Geiger of Rochester, N.Y., are asking $6500 damages from the G. T. R. Company. On July 21, while riding in a bus from the Union Depot, the vehicle was jammed between two freight cars on the Esplanade. Justice Teetzel and a jury are hearing the case in the civil assize court.

Sold Stock at a Loss.

In the non-jury assize court Hugh Sutherland, Winnipeg, is being sued for $6639, by the Securities Holding Co. They claim Sutherland ordered Ames & Co. to purchase 400 shares of Dominion Coal. He put up $800 margin and replenished when there was a shrinkage. The stock was sold at a loss.

Maguire Before the Judge.

George Maguire was before Judge Winchester yesterday morning, on the charge of having made false entries, etc., while acting as D.R.O. in the municipal elections of 1904. Bail was renewed and the case traversed until the March sessions.

A Bad 'Un.

Wm. Leitch, 15 months; Reuben Costello, 14 months in the Central, and Herbert Leslie, 20 days in jail, were the sentences imposed yesterday on a trio of lads who stole a ring in a jewelry store. Leitch said next time he came back for sentence it would be for murder. He is 19 years of age.

Asks Loan of $15,000.

Bowmanville, Feb. 8.—(Special.)—The Durham Rubber Co. is requisitioning the corporation for a loan of $15,000 to erect new buildings on Barber's Creek and to considerably extend the business. The council will submit a bylaw immediately.

The annual meeting of I Company Q.O.R., was held at the Sergeants' Mess, West Queen-street, on Tuesday evening, with L. W. Band in the chair and a fair percentage of the members present. The usual committees were appointed and officers elected for the ensuing year.

PUBLIC AMUSEMENTS.

Princess—Cissie Loftus in "The Serio-Comic Governess."

Grand—Thomas E. Shea in repertoire.

Majestic—"A Race for Life."

Shea's—Vaudeville.

Star—City Sports Burlesquers.

"The Serio-Comic Governess," a comedy in four acts, by the author of "Merely Mary Ann," and other dramatic successes, Israel Zangwill, will be the play in which Cecilia Loftus will appear at the Princess Theatre this evening. The box office sale for the engagement already assures the success of the venture. Both play and star come here with a strong New York endorsement, for they drew crowded houses to the new Lyceum Theatre there for several weeks at the beginning of the season. The play is said to provide every

CECILIA LOFTUS.

possible opportunity for the display of the varied and attractive talents of Miss Loftus. The star will be ably supported by a company especially chosen by Daniel Frohman.

Thomas E. Shea continues to draw to the Grand Opera House large audiences. Last evening at the performance of "Cardinal Richelieu," Mr. Shea was forced frequently to respond to the applause. Following the grand climax, where the cardinal is forced to his last resources, and shows his strength by threatening wholesale excommunication of his enemies, the applause was little short of an ovation. Better in this than in any of the plays which Mr. Shea has presented this week, the company responded with admirable support. In this remarkable character of the foxy minister, Mr. Shea, tempering his strength with intellectual control, gave a performance that delighted the spectators immensely. The work of A. E. Gilbert, as Barradas, stood out conspicuously because of the sustained earnestness of his interpretation. Miss Charlotte Burkett presented a very interesting picture of Julie, carrying well the emotional lines, and appearing quite beautiful enough to cause the warring of the factions.

To-night Mr. Shea plays "Othello." Friday evening "The Bells." Saturday matinee "Banished by the King," and Saturday evening "Dr. Jekyll and Mr. Hyde."

The Sunny South, ten darkies who can sing and dance, are negding the bill at Shea's this week. It is one of the largest and most novel colored acts of the season. Other excellent feature are the Kaufmann Troupe, sensational cyclists; Greene and Werner, in a novelty act called "Babes of the Jungle"; Harry Howard's ponies and dogs; Beckii and Arthur, comedy jugglers; Mr. and Mrs. Jimmy Barry, in a sketch; Dixon and Anges, Vera King and the kinetograph, showing the funniest picture of the season, entitled "The Suburbanites." For next week the largest and best illusion act of the season will be presented by the Great Thurston. Some of his tricks border on the marvelous. Then there will be Melville and Stetson, Lew Hawkins, Bryan Kingsley & Co., Steely, Doty & Coe, the De Koe Trio, Klein and Clifton.

"Only a Shop Girl," with that popular little favorite, Miss Lottie Williams, is regarded by those who have witnessed the performance as one of the best sensational comedy dramas that have been produced for some time. The play, which will be presented at the Majestic Theatre next week, deals with the life of the working girl in all large cities. It has many mechanical devices that are said to rival anything shown upon the stage for years.

Their excellencies the governor-general and the Countess of Grey have been pleased to extend their immediate patronage to the concert by the pianist, Eugene D'Albert, in Massey Hall, on Tuesday evening, Feb. 21. The gubernatorial party will arrive from Ottawa on that day, and, while his excellency will be entertained at dinner that night at the Toronto Club, the invitation has been extended to her excellency the Countess of Grey and her party, and his honor the lieutenant-governor and Mrs. Mortimer Clark and the Misses Mortimer Clark, to be present at this very notable musical event. The subscribers' list will be open at Massey Hall until Saturday.

"The Knights of the Red Garter" is one of the trump cards in the long suit of Rice & Barton's "Rose Hill Folly Company," that plays at the Star Theatre next week, and the most fastidious seeker after exciting amusement cannot fail to be pleased with the feast provided. Rice & Barton have assembled all that is brightest and best, jolliest and most catching, and clothed it in fich and appropriate surroundings.

George W. Monroe will appear in his new musical comedy drama, "Mrs. 'Mac,' the Mayor," at the Grand next week. In this delicious concoction of music, comedy and drama, effervescently blended together, Monroe, as the scintillating star, with his ludicrous laugh-producing habit, beams forth as he has never shown before. Monroe's dominating personality, unction, magnetism, call it what you may, seems to lubricate all the theatrical machinery he calls into play, and funnyisms galore spontaneously burst from that sweet, sad face, which throw his audience into paroxysms of laughter. His political stump speech will make you laugh for many moons, and the song, "If I Could Rule the White House for a Day," calls for numerous encores.

The University of Toronto Women's Glee Club will be assisted at their annual concert by several well-known soloists and the Toronto College of Music Mandolin, Banjo and Guitar Club. The concert takes place in the west hall, University College, on Thursday, Feb. 23.

Primrose's Minstrels will be at the Princess for the latter part of next week. The entertainment opens with genuine, old-time darky minstrelsy, with a quick change to the modern style of amusement and dress. The company includes a boys' band of 40.

The comedy which Augustus Thomas has written from Charles Dana Gibson's famous series of drawings, entitled, "The Education of Mr. Pipp," will be presented by Kirke La Shelle and Daniel V. Arthur at the Liberty Theatre, New York, Feb. 20.

HELD FOR TRIAL.

Windsor, Feb. 8.—Police Sergt. Nash appeared in court to-day in the cases against Samuel Jarvis, the burglar, who nearly caused Nash's death several weeks ago. It was Nash's first appearance in public since the shooting. His face had a careworn look and was almost bloodless. The wound in the neck had healed, but the arm is still helpless. The bullet is still in his body, and he suffers a good deal of pain. The court was packed to its utmost capacity. Nash's evidence did not throw any new light on the shooting, but it was enough for the detention of the prisoner. Magistrate Bartlett held Jarvis for trial at the spring assizes on four counts, three of burglary, with offensive weapons, and one of murderous assault.

GIVEN HARD LABOR.

Windsor, Feb. 8.—Lodema Beaver, the Flying Roll disciple, was sentenced by Judge Horne to two months' imprisonment at hard labor in the county jail for spreading obscene literature on the public streets of Windsor. The case first came up nearly a year ago, and Judge Horne convicted the defendant. Mr. Hanna appealed to a higher court, and the conviction of the Essex County judge was confirmed. The sentence yesterday was the final proceeding. The Israelite colonists both in Windsor and Detroit say they will call down vengeance on Judge Horne.

Died Aged 76.

Neustadt, Feb. 8.—John Weinert died suddenly last evening at the age of 76. Deceased was the oldest resident and business man in the village. Eight sons and three daughters survive him.

Students Go On Strike.

Gambier, O., Feb. 8.—The entire student body of Kenyon Military Academy, numbering 160, are out on strike.

IN CALIFORNIA

They Use Fruit and Grape-Nuts.

Out at Los Angeles, Cal., they have people who give some attention to food as a sure way out of sickness.

A lady says: "Husband has been a sufferer from dyspepsia and biliousness together with indigestion for a great many years. He kept getting worse in spite of all the medicine he took.

"We did not know what to do, for he was steadily running down, and whether he ate meat, bread, eggs, or anything of that sort, he kept losing flesh, until he got down to a skeleton, and, of course, was a physical wreck.

"One day a friend advised him to quit his regular breakfast entirely and use only Grape-Nuts and cream together with a little fruit.

"He took the advice and began to grow better at once. It was only a short time when he began to fatten up and grow stronger. Now he is the picture of health and his old troubles have disappeared.

"We give Grape-Nuts to our baby boy. He is very fond of the food and is healthy and strong. We think he is the happiest year-old baby in California!" Name given by Postum Co., Battle Creek, Mich.

WHERE IGNORANCE IS BLISS.

Both Parties to Dispute Leave Arbitrator's Award Unopened.

The award of the official arbitrator, James A. Proctor, in the matter in dispute between the city and Joshua Tate of Manning-avenue, has been filed at Osgoode Hall, but until the report is taken up by either party, nothing could be ascertained as to its nature. Mr. Tate lives opposite Herrick-street, which was closed to permit of the enlargement of the grounds surrounding the Harbord-street Collegiate Institute.

It is understood that a number of householders will also enter claims if Mr. Tate is successful. The city solicitor will enter an appeal, however, if the award is in any degree favorable to Mr. Tate. He claims damages on account of the closing of the street on account of it depriving him of his usual means of access to car lines and other streets in the neighborhood.

There is a small matter of $32 in fees to be paid the arbitrator before the award is opened, and this may delay the receipt of information as to the opinion of Mr. Proctor. An appeal must be filed within 30 days, but each lawyer feels that the verdict is favorable to his contention, and it will probably be a case of nerve holding out, altho the costs must eventually be paid.

Praise From New Brunswick.

Throughout the Province of New Brunswick there is no name more respected in musical circles than that of Mr. Max Sterne, formerly professor of music in Sackville Ladies' College. He is a graduate of the Stuttgart Conservatory of Music and a well trained musician of high ideals and wide experience. Because of his undoubted standing the following unsolicited letter to the firm of Gourlay, Winter & Leeming, concerning the Gourlay piano, is prized by that firm. He says: "The pianos have arrived, and I have nothing but words of praise for the same. You have shown that a real, first-class piano in every respect can be made in Canada, and people purchasing pianos will not pay a high duty for American instruments consequently musical men who understand instruments will buy such as yours, made in Canada."

To McDonald Institute.

London, Feb. 8.—Last night the board of education accepted the resignation of S. B. McCready, science master of the Collegiate Institute. Mr. McCready has been appointed by the Ross government to a position on the staff of the McDonald Institute, connected with the Guelph Agricultural College. F. A. Stewart was promoted to succeed Mr. McCready.

Great Republican Victory.

Washington, Feb. 8.—At the conclusion of the count of the electoral vote by a joint session of the senate and house to-day, the tellers reported that Roosevelt and Fairbanks had received 336 votes and Parker and Davis 140 votes.

LOCAL TOPICS.

Thomas McGillicuddy will speak on "Ship Signals" at the annual entertainment of Cooke's Church Sabbath school this evening.

John Topiady, 183 West Richmond-street, a Dominion Transport driver, had his left ankle fractured by a chest of tea yesterday.

Attention is drawn to the announcement of the Mendelssohn Choir in another column regarding the sale of seats to non-subscribers, which will commence at Massey Hall on Saturday morning next, at 9 o'clock sharp. Altho the subscription list this year has been an unusually large one, the committee have provided for the demands of the public by arranging for four concerts, and this will allow ample accommodation for those wishing to attend. On the Thursday following, the chorus will travel to Buffalo and give a concert there in conjunction with the Pittsburg Orchestra. This event is already creating great enthusiasm among our friends across the border, and will be unprecedented in local musical circles.

The regular monthly meeting of the United Empire Loyalists' Association will be held in the gallery of the Woman's Art Association, Confederation Life Building, this evening, at 8 o'clock. Paper: "Some Notes on the Inter-Imperial Trade and Defence Problem," by Lieut.-Col. W. Hamilton Merritt.

Caring for the Free Rinks.

Park Commissioner Chambers is still keeping the free skating rinks in good condition, notwithstanding his inability to secure city water to put a top dressing on the ice. Yesterday he had Stanley Park, Harbor Square, the Logan-avenue rink, and St. Lawrence Square cleaned off, and the Perth-avenue school rink will be fixed up this morning.

But little water is required for keeping the rinks in good order now, and as soon as a soft spell comes along they will be put in good shape again.
