

Fashionable Outdoor Furniture

Adams Stocks provide ample means to give your Verandah or Lawn as much style and distinction as you've a mind to give 'em.

Many and varied are the things that compose our immense stocks of furniture and furnishings for the summer season. Besides the standard and popular styles that most home-folks are familiar with, such as painted and natural finished maple, old hickory, willow, etc., we have a host of exclusive novelties that will appeal to those who want something "different." Come and see these exclusive things while the display is at its best.

Here are Some Underpriced Specials for Monday:
