

ROYAL YEAST

Has been Canada's favorite yeast for over a quarter of a century. Bread baked with Royal Yeast will keep fresh and moist longer than that made with any other, so that a full week's supply can easily be made at one baking, and the last loaf will be just as good as the first.

BIRKS JEWELLERY

EVERY piece of jewellery on leaving our workshops must pass a very critical examination as to its quality before it can be worthy of the imprint of our name.

"It has always been a source of great satisfaction to me, recently remarked a patron of world-wide reputation, that I am able to make a small purchase in your establishment with the same assurance of its quality and workmanship as if I were to make an investment of a few thousand dollars."

We recognise that it is only in such manner can we hope to retain the international prestige which we now enjoy

We will mail our catalogue to any address immediately on receipt of inquiry

LUNG TROUBLE

Was never cured by dosing the stomach. The two organs are not connected. If they were, food swallowed would choke you. For lung and bronchial troubles you must breathe the cure; and you can't breathe cough syrups, tonics and syrup compounds! Peps provide the rational treatment for coughs, colds, bronchitis and lung troubles. Peps are tablets made up of Pine extracts and medicinal essences, which when put into the mouth turn into healing vapors. These are breathed down direct to the lungs, throat and bronchial tubes—not swallowed down to the stomach, which is not alling. On the face of it, now, does this not sound more reasonable than dosing the stomach? Try 34 box of Peps. A trial will cost you only 50c., and the good you will reap—well, health cannot be expressed in money terms. Be sure of the article when ordering from druggist or store. Just four letters

IMMIGRATION FROM STATES

Fifteen thousand immigrants from the United States reached Western Canada in ten months this year, compared with 10,887 in the whole of 1915, according to J. Bruce Walker, commissioner of immigration at Winnipeg. Equally striking are the figures showing the proportion of farmers and farm laborers included in the total. This year 8,405 of this class have entered the country, as compared with 4,968 for the year 1915. Cash aggregating \$2,958,706 has been brought in during the ten months of this year, an increase of \$334,702 over 1915. A still greater increase is shown in the total value of live stock and effects, this year's figures being \$854,142, as compared with \$366,840 last year.
