The Man

With a short, thick foot, who hates to wear a boot a couple of sizes too long in order to get them wide enough, will be glad to know that we have designed a last that will suit him. We call it the "Army"—Fox calf, Blucher cut, good solid sole, broad heads, Good-year Welt, inside smooth as a bottle.

We have long felt the necessity for a boot like this and feel sure that once people know we have them they will be appreciated.

CANADA IN THE WAR

The steamer Scandinavian which reached Halifax yesterday from Liverpool had on board twenty-three Canadian soldiers of the first contingent who had been ill or wounded in France.

Rev. E. B. Hooper, chaplain of the 20th battalion, in his sermon in St. Paul's yesterday defended the men of that unit against the reports and unjust criticism made concerning them. He said they were "Men and not saints" and as such were subject to the faults of men, but many of the stories being told concerning them were grossly exaggerated.

Rev. Dr. Morrison, while preaching to the Army Service Corps, part of which attended his church yesterday, made the suggestion that instead of each detachment going to its denominational church there should be one united service for non-Catholics say at nine o'clock every Sunday morning in Canterbury, St. David's, Trinity or some other large church. Word has reached St. John telling of Joseph P. Mahoney who went from here with the first contingent, having been slightly wounded in one of his legs in France. He was formerly an I.C.R. brakeman and is a step-son of Peter Mahoney of Brussels street. He has been taken to the hospital at Boulogne. An inspection of the 6th Canadian Mounted Rifles was made at Amherst, N.S., today by Col. Smart, brigade commander, and Lieut. Col. Black, brigade major of the 2nd M. R. Brigade.

Thomas Mann, a member of the crew of the steamer Monmouth, now in port here, was a corporal in the British army last August but has received his discharge through having received serious wounds. He almost completely lost his hearing from the reports of the firing. He described the retreat from Mons in which he took part as disastrous for the British army, and says that his regiment, the South Lancashire, went into action 1,100 strong and only 78 were left to answer the roll.

DREW TWO SALARIES

Fredericton, March 29.—In the legislature on Saturday Mr. Dunn was informed, in reply to his question that A. C. Fleming, who is noted in the auditor-general's report of 1914 as having worked 808 days for the province of New Brunswick and received therefor the sum of \$1,213, is the same A. C. Fleming who was at the same time employed by the dominion government as clerk of works on the post office building in Fredericton, and who is down in the report of the auditor-general of the Dominion of Canada as having worked from May, 1913, to March, 1914, 279 days, and received therefor the sum of \$1,113.

It is said that one partially deaf can hear best when riding in a train. The rumbling of the heavy wheels on the track causes the eardrum to vibrate, and in this way increases the hearing capacity of the defective ear.

COLLEGE GIRL WRITES FAIRY PLAYS AND BOOKS ON SERIOUS PROBLEMS

Alice Cransternberg

Miss Alice Cransternberg whose dramatization of "Alice in Wonderland" is one of the stage successes of the season has turned from fairy tales and "little plays" to a serious consideration of social and economic conditions that affect women, and in her new novel, "The Conscience of Sarah Platt," these subjects are made the basis of an interesting romance.

Although she but recently graduated from Bryn Mawr college, Miss Cransternberg has two novels and several plays to her credit. Her home is in Chicago.

VIRGINIA GIRL GAINED 15 POUNDS

Was So Weak and Thin, Thought She Was Going Into Decline. Tells How Vinol Helped Her.

Norfolk, Va.—"My health was very poor. I suffered from nervousness, had no appetite and was so thin, I thought I was going into a decline, and nothing I took seemed to help me until one day a friend came into my office and told me if I would take Vinol it would do me lots of good.

"I have now taken six bottles and have gained fifteen pounds; have a good appetite and can eat anything. It is wonderful what Vinol has done for me in building up my health. My own friends hardly know me and when anyone comes into my office the first thing I begin to talk about is Vinol."

MATTHE DENNING, Norfolk, Va.

The testimonial letters which we are continually publishing prove the value of Vinol, our delicious cod liver and iron tonic, and what it did for Miss Denning it will do for any thin, tired, nervous, run-down, worn-out man or woman.

If we can induce you to try a bottle of Vinol as a body-builder and strength-giver, and you do not find it is all we claim, we will return your money on demand.
