When this new order is inaugurated I know of at least thirty-eight athletes in and around town that will fail to pass the test and in the whole thirty-eight there is not one who in any manner depends on sport for a livelihood. That is the regrettable part of the whole business. Those young fellows who include the majority of the baseball, hockey and a sprinkling of football players, as well as several boxers, perhaps have not received more than a few hundred dollars between them all, yet under the proposed ruling they are barred from sport in this town.

JAZZ AS AN INTOXICANT

Kansas City, Mo., Feb. 15—Jazz music has much the same effect on young people as liquor, and should be legislated against, I. I. Cammack, supedintendent of schools here, asserted in a speech before 1,000 public school teachers.

"The nation has been fighting booze a long time," Mr. Cammack said. "I am just wondering whether the jazz isn't going to have to be legislated against as ing to have to be legislated against as well. It seems to me that when it gets into the blood of some of our young folks, and I might add older folks, too, it serves them just as about as good as a stiff drink of booze would do.

IF YOU ARE THIN AND EMACIATED AND WISH SOMETHING TO HELP YOU PUT ON FLESH AND INCREASE YOUR WEIGHT. Yeast Vitamine Tablets should be used in connection with organic Nuxated Iron. Without organic iron, both food and Vitamines are absolutely useless, as your body cannot change inert, lifeless food into living cells and tissue unless you have plenty of organic iron in your blood. Organic iron takes up oxygen from your lungs. This oxygenated organic iron unites with your digested food as it is absorbed into your blood just as fire unites with coal or wood, and by so doing it creates tremendous power and energy. Without organic iron in your blood your food merely passes thru your body without doing you any good.

Arrangements have been made with the druggists of this city to give every reader of this paper a large \$1.00 package of Genuine Yeast Vitamine Tablets absolutely free with every purchase of a bottle of Nuxated Iron.

\*\*\*\*\*\* Home-made Remedy Stops Coughs Quickly

You might be surprised to know that the best thing you can use for a severe cough, is a remedy which is easily prepared at home in just a few moments. It's cheap, but for prompt results it beats anything else you ever tried. Usually stops, the ordinary cough or chest cold in 24 hours. Tastes pleasant, too—children like it—and it is pure and good. Pours 2½ ounces of Pinex in a 16 oz. bottle; then fill it up with plain granulated sugar syrup. Or use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. Thus you make 16 ounces—a family supply—but costing no more than a small bottle of ready-made cough syrup.

# "FLU" NEARLY

"I was so weak that had lost interest in everything."

Because Mrs. McGregor let herself become run down, read what happened. "Like a great many other people who got the "flu" a few years ago, "she writes," it left me in a weakened, run down condition. Nothing seemed to bring back my old strength and energy. I was tired all the time. I had no appetite. I had dull pains all over my body. I suffered agony with headaches. I was despondent and took no interest in anything. I was nervous. I was irritable and whas always looking for slights. I was losing weight. I was in such a nervous, weakened, run down condition, that last spring I got pneumonia. My family didn't think I would live and the doctor told me afterwards that it was only because I had a strong heart that I managed to pull through. By the time I was out of danger, I was so weak and tired that I had lost interest in everything. I tried several preparations to build me up but none of them did me any good. One day a friend who had been very ill called in to see me, looking the picture of health. I asked her what she had been doing with herself to look so well and fat. She said that Carnol had done wonders for her and advised me to try it. As the evidence of what Carnol had done for my friend could not be denied, I decided to follow her advice. Today I think Carnol the most wonderful preparation in the world. It has made me a happy, healthy, contented woman."

ful of salts occasionally to keep down uric acid.

Rheumatism is caused by poisonous toxin, called uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric ucid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness soreness and pain called rheumatism. small bottle of ready-made cough
