DESIRABLE PROPERTY

For S.ILE.

THE Subscriber offers for sale the proper extracts from a few of the many ietters that have been received from different parts of have been received from different parts of her on Henry Street. The House is in good order, with a large frost proof cellar under exist, where his meeting turned out a Moncton Times. complete Rasco, and the good sense of the community gave him plainly to un grstand, with thanks, that they needed none of his meddling, did not seem to teach him discretion.

When the letters he printed from convinced the Minister that the con-

vance was loud in his defiunciations of jured that most of them will die. 'oppression," and in his abuse of

the "oppression," and in his abuse of the efficers.

At the request of the Inspector, Mr. Samuel Wilmot was sent here to in restigate the whole subject of our fisheries, and as we intimated last week, a meeting was held in Mr. Snowball's effice, at which the Editor was present to champion his cause. As we had no notice of the meeting, we are not in a position to state whith was the nature of the evidence elicited, but if we may judge from what we were told by those who were present, the report of Mr. Wilmot will contain some strange revelations, and if we mistake not will fully corroborate the substantial truth of the statements made by the fishery officers and effectually disprove the misrepresentations of the Advance and its Editor, whose pretended solicitude for our fisheries is only a cover for his bungling schemes in the interest of a gentleman who has sadly overrated both the ability and the influence of his man.

The indemnification of members of the lindemonification of members of the Independence of Parliament Act, from all statutory penallities, except the loss of seats, is a measure which will meet with general approbation. All means been, or soon will be, served with writs, either by friends or enemics, and the work is published in Parts, on a plan which insures it was served with one been served with one will to soon will be, served with one will was served with one will contain some strange revelations, and if we mistake not will contain some strange revelations, and if we mistake not will fully corroborate the substantial truth of the statements made by the fishery officers and effectually disprove the misrepresentations of the Advance and its Editor, whose pretended solicitude for our fisheries is only a cover for his bungling schemes in the interest of a gentleman who has sadly overrated both the ability and the in fluence of his man.

The Ottawa correspondent of the Manner of a half a million occasionally; but he is never in want of a joke.—Cor. Hx. Heradd.

The independence of Parliament Act, fluence of his man.

## Age and Ability.

by coarseness very common to that leaving the House yesterday he, with donald as a "vindictive but impotent bers as to whether he had vacated his of that gentleman having become a carry him home. The poor man was contractor under Government. Of intensely amused at the depth of his his impotence the Ministers have had sagacity and perspicuity of legal visisome striking evidence this session, on. and that it amounts to perfect paralysis the incessant labors of the Reform of men of from say 60 to 85 years. Sir John is 62, the same age as Bis. marck and Earl Granville. Lord trated among the babes and suck-lings, and warrant us in the belief (Ill.) Times. that there is still some respect due to gray hairs and experience."-Mon-treal (Independent) Star.

laymen from different parts of Canada, were met at the depot by a delegation of St. John the Baptist Benevolent Society of New York. An address was presented by the delegation to his grace, Mgr. Racine, who thanked the geutlemen of the society for their attentions. The party sailed on the S. S. "Gellert," amid the hearty clieers of a warm concourse of spectators. They take with them \$30,000 and a large sum in gifts of buffalor robes, furs, specimens of gold and silver ores, cloaks and mantles of rare feathers, the offerings of Christian Integral of the society of the specimens of Christian Integral of the society of the specimens of Canada, were met at the depot by a decision so for and a large sum in gifts of buffalor robes, furs, specimens of gold and silver ores, cloaks and mantles of rare feathers, the offerings of Christian Integral of the specimens of the specimens of gold and silver ores, cloaks and mantles of rare feathers, the offerings of Christian Integral of the specimens of gold and silver ores, cloaks and mantles of rare feathers, the offerings of Christian Integral of the specimens of gold and silver ores, cloaks and mantles of rare feathers, the offerings of Christian Integral of the specimens of gold and silver ores, cloaks and mantles of rare feathers, the offerings of Christian Integral of the specimens of gold and silver ores, cloaks and mantles of rare feathers, the offerings of Christian Integral of the specimens of gold and silver ores, cloaks and mantles of rare feathers, the offerings of Christian Integral of the specimens of gold and silver ores, cloaks and manufacture in a large majority of diseases arising from its medicine we do not ing this beautiful Store, to all who ing the subscribers.
