Ayer's Sarsaparilla

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sanaparilla, so combined with other substances of still greater alterative power as to afford me effective antidote for the diseases. Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those wife suffer from Stramous complaints, and that case which will accomplish their cure rainty proved immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:—

Schopeta A. D. Schopetoria Complaints,

This consound will be found a great pra-mater of health, when taken in the spring, to expel the foul humors which faster in the blood at that season of the year. By the time-ly expulsion of them many rankling disorders are nipped in the bad. Multitudes can, by the aid of the renerly, space themselves from the endurance of foul craptions and ulcerous erec, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the lost by an alterative medicine. Cleanse out the vittated blood whenevery on find its impurities bursting frough the skin in piannels, cruations. vitiated blood whenever you find its impurities bursting through the skin in pinaples, cruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell, you when. Even where ito particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparille has, and deserves much, the reputation, of accomplishing these ends. But the world has been egreciously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations.

for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsapariila, or any thing else.

During late years the public have been missled by large bottles, pretending to give a quart of Estract of Sarsaparilla for one collar. Most of these have been faunds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla, which flood the market, until the name itself is justify despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparille, and intend to supply such a remedy as shall rescue the name from the load of oblequy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete cradication from the system, the remedy should be judiciously taken according to directions on the Date. or any thing else.

DR. J. C. AYER & CO. Price, \$1 per Bottle; Six Bottles for \$5.

Ayer's Cherry Pectoral, has won for itself such a renown for the cure of every variety of Throat and Lang Complaint, that it is entirely unnecessary for us to account the evidence of its virtues, wherever it has been em-ployed. As it has long been in constant was throughout this section, we need not do more than
