CRIPPLED WITH RECUMATISM.

Mr. Alpheus Mott, as esteemed res ident of Morewood, Ont., cays.—"For some years past I have suffered hor-ribly with rheumatism. At times I was so bad that I was almost wholly enrived of the was of my legs, and deprived of the the of my reas, and could only go about with great difficulty. I had to give up farming entirely and removed to Brockville, where I had the best of medical advice, but with no good results. I also tried many remedies said to be cures for the monatism, but with no better results. Some of my friends urged me to try Dr. Williams Pink Pills, and I shemmatism, but with no better resultis. Some of ny friends urged me
to try Dr. Williams' Pink Pills, and I
decided to do so, and found they were
doing me a great deal of good. I then
moved to Morewood, where I still continued the use of the pills, steadily
gaining in health and strength, without
I could akandon the use of the cane,
without the aid of which I could not
before move about. Every ache and
pain left me, and-suly those who have
suffered the terrible pangs of rheumatism can understand the joy I feel at
what Dr. Williams' Pink Pills have
done for ma."

A VICTIM OF SCIATION

Mrs. J. Palmer, now a resilient o Forest, but for some thirty-five years are resident of the adjacent fownship of Warwick, says: - "I have for many Warwick, says: — "I have fee many years been a great sufferer from seistic rheumatism, being at times so bad that I was not able to walk. I tried many remedies, and while I had temporary aid from some, I received nothing in the way of permanent relief. In fact, it seemed to be growing steadily works and for me months I was forced to use crutches. My sister urged me to use Dr. Williams Pink Pills, and they have done me a wonderful amount of good. The crutches have been discarded. I can go about as easily and feel better than I have felt for years before. I think these Pills a grand medicine."

COULD NOT SLEEP.

Mr. David R. McKay, the well-know f Dr. Williams' Pink Pills. I was very hadly run down, could not work very hally run down, could not work and could not sheep at night. My ap-petite was poor and I was rapidly low-ing flesh. I began the use of .pr. Williams' Pink Pills and was surprised at the rapidity with which they built me up. In a few weeks my weight in-creased from 130 to 149 pounds. My appetite returned, I could sleep well, and could do my work without feel-ing tired. I always recommend Dr. Williams' Pink Pills to those ailing.

Autumn Medicine,

Change of season often affects the health more or less perceptibly. Prudent people take "Spring" medicine - but Autumn medicine is just as needful. The effect of the hot summer weather on the blood makes itself felt, now that the weather is changing you feel bilious, dyspeptic and tired; there may be pimples or an emption on the skin; the damp weather brings little twinges of rheumatism or neuralgia, that give warning of the winter that is coming. I you want to be brisk and strong for the winter, it is NOW that you should build up the blood and give the nerves a little tonic.

Dr. Williams' Pink Pills

will make you strong and stave off aches and pains for the winter it you take them now.

Prevention is better than cure. But it is only Dr Williams ? Pink

Pills that are of any use. If the full name isn't there it is a substitute don't take it.

WEAK AND AMBITIONLESS

Mrs. George Annis, who resides near Orillia, Ont., says:—"I thought at one time we were going to lose our eldest daughter. She was run down, weak, and had no ambition. She did not suffer any pain, but just appeared to be slowly wasting away. She was under treatment from two doctors, but neither seemed to benefit her, and for nearly two years this condition of affairs went on. Having seen Dr. Williams' Fink Pills constantly and highly recommended, we decided to try them. Two months' treatment worked wonders; she gained so much strength that she is now able to do any work about the house, and her checks, once so pallid, now present a rosy glow of health—I gladly recommend Dr. Williams' Pink Pills to other mothers whose daughters may be feeble." and had no ambition.

"But you knew. Betty, where are you going?"

"Anywhere out of this," cried the girl, laughing nervously as she stooped to kiss her friend.

Nors, however, caught her arm.

Nonsense, Betty! You'd much better tell him straight out now and get it over. It will be ever so much more awkward for you if the news reaches him from outside."

And before Nora could stop her she had darted through the door, and was one of those delightfully irresponsible creatures who always manage to shift the blame of their shortcomings on to other people's shoulders, and whom no one—no man, at any rate—ever dreams of judging by ordinary standards. Nora wondered, as she stood there, idly looking into the street, how she could ever have been foolish enough to take Batty's, love troubles seriously.
