## Social-Democratic Party of Canada

We, the Social-Democratic Party of Canada in convention assembled, affirm our allegiance to and support of, the International Socialist Movement.

By virtue of the ownership of the means of production and distribution (natural resources, factories, mills, railroads, etc.) all wealth the workers produce, accrues into the hands of the capitalist class. This property the capitalist defends by means of the state (the army, the navy, the judiciary.)

The object of the Social-Democratic Party is to educate the workers of Canada to a consciousness of their class position in society, their economic servitude to the owners of capital, and to organize them into a political party to seize the reins of government and transform all capitalist property into the collective property of the working class. This social transformation means the liberation not only of the proletariat, but of the whole human race. Only the working class, however, can bring it about. All other classes maintain their existence by supporting the present social order.

The struggle of the working class against Capitalist exploitation produces a constant state of warfare between these two forces for the control of political and economic power.

As a means of preparing the minds of the working class for the inauguration of the Co-operative Commonwealth, the Social-Democratic Party of Canada will support any measure that will tend to better conditions under capitalism, such as:

- (1) Reduction of hours of labor.
- (2) The elimination of child labor.
- (3) Universal adult suffrage without distinction of sex or regard to property qualifications; and
- (4) The Initiative, Referendum, and right of Recall.

### Northern Political Activity

Comrade Editor:—Comrade Delany has just left here for the Porcupine camp. He held two successful meetings here, one on Socialism, and one on Unemployment to the industrial crisis.

As the lines of the political campaign draw closer, things look better from the working-class standpoint, and the possibility of electing the Socialist candidate, Thos. G. Mills, to the Provincial Legislature is exceedingly bright. Yours in revolt,—F. K. R.

### WANTS UNITY.

The members of Socialist party local number 70 have instructed me to write that the said local favors the amalgamation of the S.D.P. and the S.P. We maintain that both parties are fighting the capitalist system and that they are crippling their power to combat the enemy when they refuse to come together. Mrs. A. Thoburn, Sundial, Alta.

The dead hand of the past is powerless again the live hand of the present, provided, however, that this live hand is directed by a brain untrammelled by the prejudices and superstitions of the past. Those afraid of modern thoughts and too timid to look realities in the face will always remain the slaves of decayed ideas and ideals of by-gone days.—Buffalo Socialist.

What you get is received chiefly in the neck.

The worker makes others rich and dies poor.

Every breadline is proof of the failure of capitalism.

Trusts and corporations will run you until you run them.

Do not deplore unrest, it is but and attempt at expression.

Neither capitalistic combination or barbarous superstition can stay the rapid strides of Socialism.

A man who advocates war should have his nose rubbed in the stench of festering blood on the battlefield.

Speaking of segregation, the masters voluntarily segregate themselves from the workers they have robbed.

Strange that people are discussing how to lower the cost of living when the real problem is how to raise the price of living.

The worker is skinned every day and spends his nights in nursing the sore places so there will be more cuticle for the grafters next day.

## Cotton's Weekly Premium List

Here is a list of premiums for the hustlers of Cotton's Weekly. For one hundred subscriptions or subscription cards for forty weeks with \$25 cash for same, we will forward to any local in Canada a banner for the local. This banner is four feet by seven feet with Social Democratic Party Local No. and name of town, also party crest, made of wool hunting and letters of felt. This banner would cost at least ten dollars. This is a chance for every local in Canada to have its own banner. You want a banner to march under. You want a banner to draw the crowd when you hold a street meeting. This is a chance to get a beautiful red flag for your activity in spreading the party paper and propagating Socialism. Let the members of your local work together to get subscriptions or order sub cards, get busy now. Which local will be the first to send in an order and win a banner?

For thirty-two subscriptions or order for subscription cards with eight dollars cash to cover the same, we will send a cushion cover with the word Socialism and the party crest on it, made of wool felt. Retail value of this cushion cover is two dollars. Ask for this premium when you send order.

For twelve subscriptions or order for subscription cards we will send a copy of facts free. This premium is so well known it speaks for itself. You all want Facts when you argue about Socialism with your neighbor. Contains over one hundred pages of full of information. Ask for this premium when you send order.

For ten subscriptions or order for subscription cards, with two dollars and a half cash to cover order, we will send a pennant ten inches by twenty-eight, with the word Socialism and the party crest on it. Made of wool felt with the letters sewed on. Ask for this premium when you send order.

For six subscriptions or order for subscription cards we will send any of the following premiums while they last: The Panel set of pictures, five of them; the Princess Bonnie set of pictures, ten of them; For the Kiddies, pictures on stiff cardboard of cats, horses, etc., five of them. Ask for this premium when you send order.

When you send your order TELL US WHAT PREMIUM YOU WANT. Otherwise premiums will not go forward. Many comrades have pennants, Facts Cushion Covers, etc., already.

Room the paper and get a premium.

Dawson, Y.T., and Loughheed, Alta. each send five subs.

"Please send me four sub cards. Have been here only a few days."—Coutts, Alta.

"Enclosed please find \$6 for subs and battery. Yours fighting."—Sponner, Sask.

Seven subs from North Arm, B. C. and \$2 for subs and cards from Whites Mills, N.B.

"Enclosed find \$2 for bundle. Those garden parties of the Duke of Connaught remind one of the revels of Nero."—Toronto, Ont.

From Hillardton, Ont., come twelve subscriptions. Sounds good to hear a list like that rattle down the sub sheet.

"I am doing my best but times are so hard that I feel I cannot approach my fellow slaves for a paltry twenty-five cents."—Montreal.

"Please send me a bundle of four for a year. Cannot come there with any more help for another month—not even a nickel."—Brooks, Alta.

Berlin, Ont.; St. Thomas, Ont.; Bentley, Alta.; Strassburg, Sask.; and Lachine Locks, P.Q., each make a noise like a dollar to spread the paper.

Two dollars from Lake Geneva, Alta., and two dollars from Brackendale, B.C., help to keep the paper hammering away at the system of injustice.

From Broderick, Sask.; South Vancouver, B.C.; Ardville, Alta.; Carp, Ont.; Lindsay, Ont.; Wallaceburg, Ont.; and Courtney, B.C., comes one plunk to spread the light.

Seba Beach, Alta.; Whyocoomagh, N.S.; Stanley, Ont.; Luseland, Sask.; Athabasca, Alta.; Beaumont, B.C.; Garden Plain, Alta., each come through with the price of four subs.

"Enclosed find \$1 for which renew my bundle of four for a year. I will try and get others interested to contribute a dollar because I find dear Cotton's always to the point."—Winipeg, Man.

"Enclosed please find one dollar to renew my sub and send the paper to these boneheads. Homesteaders are living here now. Pigweed galore with a bit of salt pork on the side. They dearly love their chains and expect to be capitalists some day."—Garden, Ont.

"Your appeal to hand. The situation looks desperate for Cotton's. I bitterly regret that I cannot help more. All I can spare is a dollar for the Battery. It may help to wake some 'clam' if he will read the only paper published in the world that is worth reading for the working class. Life is too short to waste on old musty straw with which other papers are crammed."—Selkirk, Man.

"A collection was taken up at noon yesterday and our four chipped in, so am sending you \$1 for battery. These are all subscribers. I would like to state to the readers that only fifty cents a week extra sent to you by all subscribers would do great work for humanity."—Toronto, Ont. If each subscriber sent fifty cents and they each sent the same week, we would have receipts for that week nearly equaling our total subscription receipts for the year.

STRATFORD IN EARNEST.

We opened up the campaign in real earnest on June 4th, with Lorne Cunningham of Guelph. We had a real good meeting; notwithstanding the fact that the weather was our opponent, we roped in nine bucks for the election funds. Jimmy Simpson of Toronto, is here on the 13th, and Kennedy on the 15th. We are going to make things hum here in the next few weeks, so look out for the sparks of the revolution.—G. H.

Make \$10 a Day

Taking orders for King Separators & Aerator. Every cow owner wants one. Makes more and better butter, quicker, from sweet or sour cream or milk. Sells so fast, inexperienced agents make more than ever dreamed of making. "Sells faster than I can get them," says A.S. Kline, Lone Dell, Mo. J. A. Stewart, Alexander City, Ala., found it easy to make \$15 a week. "Every body wants one; ship 10 more; they want one in one day," writes Bob Parsons, Celina, Tenn.—J. E. M. Brissette, Montreal, orders 24 at a time. Many successful Canada agents. Write for FREE sample, salary and commission propositions (for all or part of your time).

Youthful, Wrinkless Skin Easy To Have

You who desire to regain a youthful appearance will do well to make the acquaintance of the two simple, but valuable, prescriptions here given.

To make an effective wrinkle remover mix an ounce of powdered sassafras and a half pint witch hazel. Bathe the face in the solution immediately every wrinkle is affected. It acts wonderfully on the facial muscles, also, the lotion possessing remarkable astringent and tonic properties.

To get rid of an aged, faded, freckled or discolored complexion, buy an ounce of common mercurized vasoline and apply nightly as you would cold cream, erasing the wrinkles, and the complexion will slowly absorb the undesirable surface skin, revealing the younger, brighter, healthier skin underneath. There's nothing to equal this treatment as a facial rejuvenator.

### American Notes

A union man arrested as a strike picket in New York has been denied papers of citizenship for five years by a capitalist judge.

Officials of the United Mine Workers telegraphed President Wilson that they would welcome a federal investigation of the present controversy between the operators and 16,000 striking miners.

Thos. Edison is perfecting a method to derive electricity direct from coal. He recently made the statement: "I have perfected the speaking moving picture all right, and I am going to give grand opera to the proletariat for five cents."

The Socialists of the U.S. are contributing a one day's wage fund to the funds of the party.

Organized labor is engaged in an effort to secure pardons from the president for the iron workers sentenced to Leavenworth prison.

Beginning on October 1, four hundred American churches will be supplied with a high class five-film weekly motion picture program. The motion picture is just beginning to find its real place in the realm of propaganda and education. Socialists have given some attention to the motion picture as a propaganda agency, but not enough. The motion picture is a mighty agency for the working class. Its use may be developed on both the political and industrial fields. Take thought of the movies, for it will pay well.

Sixty girls will describe slavery and insults suffered in stores before the Commission on Industrial Relations in New York.

Men killed in and about coal mines in the U.S. during April numbered 346, as compared with 285 in April 1913, according to the Bureau of Mines statistics. For the four months ended with April, this year's total was 917 men killed, compared with 918 men killed last year during the first four months. During 1913 there were 2,785 men killed and about 100,000 injured in the country. This was at the rate of 3.82 per 1,000 men employed and 4.88 per 1,000,000 short tons of coal mined, or a production of 204,688 short tons of coal for every life lost.

There are 50,000 Chinese in the Philippine Islands, and they have a Socialist newspaper, the only paper they read. During the revolution in the islands an English Socialist, whose name is not made public, who was in business in Shanghai, met a Chinese medical man in Manila, Dr. Tee Han Kee, who was a Christian. The Englishman talked Socialism, to the doctor one evening, and the result was a Socialist paper for the Chinese of the Philippines. The paper is called Kong Li Po, that is, Justice and Reason.

Delegates of the United States Socialist Party to the International Congress that was held in Vienna, Austria, in August, were instructed by the national committee to make an effort to secure the Congress for the United States in 1917.

The fifteenth conservative convention of District 14, United Mine Workers of America, composed of 167 delegates, at Pittsburg, Kan., adopted a resolution in favor of the Socialist party as a political organization, declaring that "the political party known as the Socialist Party is of the workers of the industrial field, and its tenets, both politically and industrially, are what we are trying to attain on the industrial field alone."

Mr. Jones is attempting to come into Canada. The Canadian government is mightily afraid of this aged woman and have about done their best to exclude her, although as a lecturer it is said she cannot be excluded. But the capitalist government at Ottawa can do about as they like. Brave Canadian plutes—afraid of a woman of eighty!

A Hartford firm has a million dollar contract to make and equip an arsenal for the Chinese government. Civilization is getting into China, therefore arms and munitions of war are necessary.

Five hundred Trenton, N.J., machinists are on strike, demanding the minimum wage.

9,000 men and 900 girls of the Westinghouse shop at Pittsburg stampeded to join the ranks of the other strikers. Hundreds of girls each with a tin horn, paraded the streets of East Pittsburg, cheered by crowds on the sidewalks.

World Wide Notes

The Australian Premier said he expected a seaman to be made the goat for the marine disaster in the St. Lawrence.

Dr. Otto Glogau, of 1320 Madison Avenue, New York, sailed for Bremen in the steamship Grosser Kurfuerst as a delegate to the International Congress on Occupational diseases, which will be held in Vienna in September. "Occupational diseases take a fearful toll of life," he said. "They kill thousands of people directly and thousands more indirectly. The purpose of the congress is to influence legislation all over the world in favor of better sanitary conditions for men, women and children who toil in shops and factories. The influence of unhealthy conditions on workers is responsible, indirectly, I believe, for more than half of all ailments mankind is subject to." Dr. Glogau was recently appointed by Governor Glynn to represent the State at the congress.

"Red Week" will be observed by organized Socialism throughout Great Britain. Following the example set by their Continental comrades, the leaders and the active members of the British Socialist party will devote seven days to earnest missionary work for the cause, particularly London and the big industrial centres. The ideal set for each member is that he shall cause at least one new recruit to be enrolled under the red flag. In the larger towns there will be systematic house to house canvassing and distribution of Socialist literature. A variety of novel methods of proselyting is prom-

ised. A number of London bus conductors have agreed to risk dismissal by handing a leaflet to each patron of their vehicles. Elevator men in the tubes will explain to passengers the benefits of Socialism as a remedy for the ups and downs of life; milkmen will drive Socialist arguments home with the milk, and postmen will defy government regulations by leaving Socialist literature at the doorways of possible converts.

A general strike all over Italy proclaimed by Socialists became effective on June 8. The strike was called as a result of the shooting of a number of Socialists who took part in a demonstration in defiance of the orders of the authorities.

The intercommunal fund for the relief of the unemployed of the locality of Brussels has recently issued its annual balance sheet for 1913, which shows an increase in expense of 50 per cent, as compared with the record for the year 1912. The organization, which extends its operations to as many as nineteen different urban, agglomerations or communes, had admitted at the end of 1913, 70 syndicates, or unions, comprising in the aggregate 29,000 members.

The general strike on the railroads of Italy has assumed desperate conditions. Strikers are burning railroad stations and sheds. Tourists are fleeing from the country in droves and all Italy is becoming terrorized. The soldiers and strikers are clashing daily, and martial law has been proclaimed in twenty towns. The radical Socialists are determined to gain adherents for the general strike, and the authorities are pressing all available militia into service in order to bulldoze the strikers into submission.

The victory of the French Socialist Party is of far-reaching international importance, and will not fail to stimulate the activities of Socialists in all countries.

The referendum of the membership of the British Socialist Party has resulted in a majority declaring for affiliation with the Labor Party, though the figures have not been published. The movement inaugurated by the International Socialist Bureau in favour of a federation of the Socialist forces of Great Britain within the Labor Party is thus taken a step farther, and no obstacle to the establishment of a Joint Council, representing the I.L.P., the Fabian Society, and the B.S.P., remains.

Almost 3,000,000 people have left Russia through the persecutions of the Czar. These astounding figures in emigration from Russia to the United States are shown in a statement by V. Karkevich, a Russian emigrant to North America, begun in 1820, and since that year almost 3,000,000 subjects of the Czar, fearing for their lives, have made their homes in the United States.

The little stream of emigration, beginning with fourteen emigrants in 1820, had increased to 100,000 in 1902. War and revolutionary upheavals encouraged rapid growth during the next five years, and in 1907 Russian emigrants to America had risen to 258,943 persons.

East Hamilton Riding

There will be no Socialist candidate in East Hamilton, Ont., at the forthcoming provincial elections. None of the local comrades felt themselves in a position to become the standard bearer, moreover most of us were of opinion that it would be an unwise policy to put a man up against Allan Studholme, the present labor member. We have all along recognized the necessity of making clear to the workers the comparative futility of reformist laborism, but to oppose Studholme would be likely to defeat this very object, for the prejudice we would create by such a step would cause them to turn a deaf ear to our explanations. Then, according to his light, we must admit that Studholme is an exemplary labor representative. Unlike many of that designation, he is no office seeker, truckling to one or another of the capitalist parties with the expectation of landing a soft job. He can put up a sturdy fight for what he conceives to be in the interests of his class and will not let a good co-worker for any of our comrades who get elected. Under the circumstances therefore, the best thing we can do is to keep plugging away with our literature distribution and other propaganda, and so lay the solid foundation of a Socialist constituency. The I.L.P. here has no standing organization and does no educational work whatever, and it is doubtful if among its adherents it turns a single man who could retain the seat, so it is up to us to do the needful. Present indications are that Studholme will go in unopposed. At last election the Conservatives put up the best man they had and he got badly beaten.

—Since last we have held our first picnic, which was such a success that others will surely follow. On June 12th we held our first Ice Cream Social. In recent Cotton's we announced a move to hold a joint picnic with Toronto comrades, also an International one at the Falls. We are now informed that preparations are well under way for holding a monster International affair at Niagara on Saturday, July 11th. All Hamilton reds are therefore, hereby called on to take their place in the contingent from this city. You cannot positively afford to miss such a splendid opportunity to compare votes, and of associating with kindred spirits. It will be a foretaste of the comradeship that will exist in the state that is to be.—J. A.

OUR BUNDLE BOOSTERS

Comrades who subscribe for bundles are good workers. We consider they do not wish their bundles discontinued at the expiration of time paid for unless we are notified. We send bundle bills out every month. Upon receipt of bundle bill, kindly notify us if you wish your bundle discontinued.

## No Statement This Week

ON ACCOUNT OF EVENTS OVER WHICH WE HAVE NO CONTROL, NO CIRCULATION STATEMENT WILL APPEAR THIS WEEK. THE "ON" LIST, HOWEVER, NUMBERS ONLY 229, AND SHOULD BE AT LEAST TWICE THAT AMOUNT IN ORDER TO PUT THE PEP INTO THE CIRCULATION. LET US SEE WHAT NEXT WEEK WILL BRING FORTH.

## MONTREAL SOCIALIST CONCERT

I enclose you \$3 for more sub cards, and send Facts, the Comrade who sells most sub cards gets the Facts. It looks good to see every German Comrade with Cotton's in his pocket.

We sold the last 100 of the concert we held Saturday under the auspices of the Montreal Socialist Council. We spent a good evening and hope everybody took as much enjoyment as the German candidates did.

Plenty of comrades walk the street and every building in construction has signs posted up on it stating, "positively no admittance," and "no help wanted." It looks good and just like the old country. Things are coming out that way.—A. J.

## IN BOWSER'S COTTAGE.

I intend to renew my subscription which ran out since the strike started. I have not had much chance to read your paper of late, as I was an inmate of one of Bowser's Cottages where the chief diet is bread and water and no such dainties as Cotton's Weekly. We could get the Starvation Army War City every week, but its chief use was for toilet paper.—William Cumming, Nanaimo, B.C.

## STOCK RECEIPTS.

Cotton's has received \$280, more from the sale of capital shares under the referendum. Finnish Local, Toronto, has paid for twelve shares, Port William local, thirteen shares; Stone Falls, Ont., Local, Mond, Ont., Local, and Green Valley, Alta., Local one share each.

The receipt of this money allowed us to pay our most pressing debts. With activity from comrades on the firing line, will put Cotton's on its feet. Read over the premiums offered in this issue and get busy and get one.

An unemployed army benefits the masters. It helps them, to cut wages.

MAKE \$200.00 A MONTH

JUST LISTEN TO THIS. One man traveled from the Atlantic to the Pacific in the new boat, lived like a lord wherever he went and cleaned up more than \$100 every day he was out. He was not a gambler, nor a speculator, nor a stock trader, nor a money lender, nor a politician, nor a lawyer, nor a doctor, nor a minister, nor a priest, nor a school teacher, nor a farmer, nor a merchant, nor a tradesman, nor a professional man, nor a public official, nor a private citizen, nor a man of any other kind, but a man who was a man.

MY PROPOSITION

is a WONDERFUL NEW CAMERA with which you can take and instantly develop 70 pictures. Post Cards and negatives. Every picture is developed without the use of chemicals. The camera is so simple that you can take pictures in any place, at any time, and in any weather. The camera is so small that you can carry it in your pocket.
