Andreoli, high priest of the Greek Orthodox church, will come from the Sound to officiate at the funeral.

—On New Year's eve about 8 o'clock the wedding took place at the residence of Mr. J. J. Russell, of Cedar Hill, of Mr. James Dodd, eldest son of

good nature and appreciation. The chair was occupied by the grand chief ranger of British Columbia, and among other prominent Good Templars present was the grand councillor, Rev. T. W. Gladstone, who gave a stirring temperance address, and later an amusing recitation which provoked an encore. In addition the programme included a duet by Mrs. (Rev.) Tapscott and Miss Crocker, and a solo by the latter, both numbers bringing persistent encores; a recitation by Miss Gladstone, which was accorded similar recognition. Songs much applauded were sung by Mrs. Giffin, Mrs. R. McGregor, Mrs. McAdam, Rev. J. P. Hicks and Miss Ethel Ricketts.

Besides these musical numbers there was an amusing farce, "While Bro. Phil Was Walking," acted by Mrs. McGregor, Miss Coats, and Messrs. Dudley and Hicks. A part recitation by thirteen girls, who dressed alike in white with red sashes, produced in succession a letter on cardboard until they had spelled out as each recited, the motto, "Sign the Pledge." There was also an interesting drill by five boys, who dressed as young cadets, carrying sticks and bayonets. The drill consisted of a salute, "Credit for the success of the affair was first of all due to Mrs. McGregor," ably seconded by Mrs. Hicks, who not only with much willing labor provided the excellent tea, but found time as well to organize the dramatic features.

Many others gave willing service in other matters, including the decoration, which was superintended by B. Cooper, and the stage arrangements attended to by J. Bowden, G. King and T. Bailey.

STREET COLLISION.

Auto Broken to Pieces by Tram Car To-day.

With a crash that could be heard some distance away, a powerful automobile collided with an outer wharf car at the corner of Yates and Douglas streets shortly before 3 o'clock this afternoon. W. Gibson, who was driving the auto, was hurled bodily from his seat, almost beneath the wheels of the street car. His escape was considered miraculous by those who witnessed the accident.

The automobile was smashed to atoms. The street car suffered very little damage. Gibson was attempting to round the corner of Yates and Douglas when the wheels of the auto skidded, causing the auto to collide with the car, which was just coming to a standstill.

Gibson attempted to steer the car clear and had no time to jump. The steering wheel was shattered in his hands and he was thrown out. Beyond a few scratches he was unhurt. The promptitude of the motorman in pulling up probably saved Gibson from severe injury.

J. Johnson was seated in the tonneau and was badly shaken. The automobile, No. 83, was smashed to pieces. The two front wheels were torn off and the mechanism shattered.

Why Do Women Worry?

FIRST SIGN OF FAILING HEALTH.

The woman who worries has a poor appetite—she sleeps poorly. If it only lasted for a day or two it might be of small consequence—but she grows limp, miserable, unhappy—worse day by day.

She needs Ferrozone which cures worry by curing the conditions that render worry possible. For nervous weak women, no tonic is so good; thousands it has cured just like Mrs. M. E. Etherington of Troy, who writes: "I am quite willing to give a public testimonial for Ferrozone, believing it to be a tonic of superior excellence and one that will rapidly build up strength and supply new energy to anyone not feeling well. Last spring I was in a very poor condition of health. I was nervous, felt tired, and completely worn out. No doubt it's quite a common complaint with ladies of my age, but I placed great reliance in Ferrozone, and took it for several weeks. It made me quite strong, and in fact I have been in better health ever since. I can heartily recommend Ferrozone."

Ferrozone cures by making good blood strong nerves and a healthy body. This is why it gives color, clearness to the skin, buoyancy to the step, brightness to the eyes—because with good digestion and activity of the body in all its parts there's health. Price 50c. per box at all dealers.

DIRIGIBLE BALLOON
IN TIME OF WAR

Will Know U. S. Aeronaut States It Is Destined to Play an Important Part.

Washington, Jan. 1.—Lieutenant F. P. Laha, U. S. A., who in Sept. 1906 won for the United States the International balloon contest in France and who has returned to this country after four years spent in Europe, will report to General Allen, chief of the signal corps for duty at Washington.

Lieut. Laha, in an interview said that in his opinion the dirigible balloon as an instrument of war is destined to play an important part in future operations on land and sea.

"The chief war advantage of the dirigible or of opposing balloons over the old aerial, or wind driven balloon," he said, "is that the former, after spying out an enemy's defenses and movements can face about and return to its owners with the information gained while the old spherical vehicle has to depend on carrier pigeons or make a more or less perilous and uncertain descent and resort to ordinary means to send back the message."

KILLED HIS WIFE.

Dedham, Mass., Jan. 2.—Raleigh Ambury, M. D., the physician who shot and killed his wife, Anna Rees Ambury, at her home in Hyde Park on Christmas day, waived an examination to-day and was committed to jail without bail to await the action of the April grand jury.

THOUSANDS OF
WOMEN TORTURED

BY BLINDING HEADACHES.

WHO COULD BE WELL, AND HAPPY, AND FREE OF PAIN.

Headaches simply mean poisoned blood. The human body is constantly decaying and being renewed. Dead matter is absorbed by the blood, and should be taken from the blood by the kidneys, bowels and skin and passed out of the system. If one of these organs does not act properly, the blood becomes impure—if two fail, death is certain.

When there are constant headaches, it is always found that the bowels are irregular, the kidneys weak, or the skin sluggish, pale or scaly. The tissue waste is left in the blood—carries to the brain—and irritates the nerves. To treat headaches with cocaine, morphine, phenacetin and the host of "headache powders" is useless. They relieve for the moment, but they clog the system and do harm. They never reach the seat of the trouble, they cannot purify the blood. "Fruit-a-tives" completely cure headaches. They stimulate the liver and make the bowels move regularly. They regulate the kidneys. They induce healthy action in the blood. Thus, all the waste matter—body poisons—are taken out of the blood and there is nothing to cause headaches. "Fruit-a-tives" are the only remedy that really cures.

"Fruit-a-tives" are fresh fruit juices—in which the medicinal action is greatly increased by the special way in which they are prepared. Fifty cents a box; 6 for \$2.50. At all druggists' or sent on receipt of price.

Fruit-a-tives Limited, Ottawa, Ont.

TWO ACQUITTED
IN NOTED TRIAL

SENTENCE PRONOUNCED
ON EX-DOUMA MEMBERS

Out of Those That Signed Viborg Manifesto 197 Must Serve Three Months.

St. Petersburg, Jan. 1.—The trial of the 189 members of the first Dozma who signed the Viborg manifesto was concluded yesterday. One hundred and sixty-seven of them were convicted and sentenced to three months' imprisonment, while two were acquitted on the ground that they had signed under misapprehension.

The sentence coincides with the loss of all political rights. M. Ransschil, who already has served more than three months' preliminary imprisonment, will be set free. Unless appeal from the decision of the court is taken, the sentence will take effect, beginning January 30th, until which time the former deputies will remain at large without any restriction.

The announcement that the government had reserved all timber lands, created much interest in timber circles here, but it is generally felt that the greater part of the timber likely to be accessible for many years to come has already been staked and owing to the wet season there are but few stakes in the ground. The timber is affected by the suddenness with which the timber has been withdrawn from the market.

The sentence withdraws from Russian politics the foremost Liberal leaders in the constitutional movement for several decades. Among them are Ivan Petrunkevitch, who drafted the first demand on the Emperor for constitution; Prince Dolgoroukoff, Prince Dmitri Shakhoffsky, ex-senator and several other princes; Prince Obolinsky and Prince Ozerovskoff, the well-known jurist; MM. Petralitski, Vladimir Naboukoff, leader of the Constitutional Democrats; Ivan Vinaver and Lensky, and the peasants Chilikin and Nazarenko, together with a score of other noted men.

ATTEMPTED MURDER.

Vancouver, Jan. 2.—Dan Woodward, a pioneer and the best known rancher on Lulu Island, was shot and narrowly escaped murder at the hands of his son-in-law, W. O. Street, last night.

Mr. Woodward's daughter, Lottie, is married to Street, who is alleged to have warned Woodward that the entire family would be exterminated if Woodward caused his daughter to start divorce proceedings. The latter move was taken, and last night Street appeared at Woodward's house with a new loaded revolver in his hand. Street fired point blank, the bullet passing through Woodward's upraised arm, but spent itself against the suspender buckle. Woodward's sons rushed to aid of their father and bound Street hand and foot with ropes.

FATHER SAW BOY DROWN. Ice Tragedy at Emo, Ont.; Parent Could Render No Aid.

Emo, Ont., Jan. 2.—The 12-year-old and youngest son of Mr. G. Paltre, residing on Ralby Street, was drowned while skating on the river, through the ice breaking. The father was looking at him at the time but could render no aid, as he was standing on the bank. The body will hardly be recovered before spring.

TENEMENT EXPLOSION.

Bomb Outrage in New York Ascribed to Members of Black Hand.

New York, Jan. 2.—A dynamite bomb believed to have been set off by members of the Black Hand Society, wrecked the entire lower floor of a five-story tenement house on East 119th street, last night and caused a panic among the occupants of the building. One man was injured by the explosion.

MAIL BLOCKED
BY HEAVY GALE

BUILDINGS WERE
DAMAGED IN ALBERNI

Necessity of Clearing Nanaimo Road of Heavy Trees Demonstrated in Recent Storm.

(Special Correspondence of the Times.)

Alberni, Dec. 31.—A heavy gale blew here on the afternoon and evening of the 29th ult. Coming from the southwest it did considerable more damage than usual. Generally one or two storms may be expected about this season, but the prevailing wind is usually from the southeast. A large number of trees were blown down across the roads, delaying the mail stage for three days, and causing much interference to the telegraphic communication. Gangs of men were dispatched to clear out the Nanaimo road, but it was late on the 28th before the mail was able to get through. In some places the wind-falls were so numerous that only a few hundred yards could be cut out in a day.

While this storm was exceptional, yet both the mail and the Pacific cable wire is liable to be blocked at almost any time by even a single tree falling across the road. If the Dominion government, the provincial government, and the C. P. R., which operate this section of the Pacific cable business, would join in having the road cleared of standing trees throughout its entire length, the advantages to the public would be obvious and a saving would be effected in the upkeep of both the road and the telegraph wire, as sending a special gang out several miles to cut out a tree or two at a time is a far more expensive way than by cutting them all down at once. A few of the buildings in Alberni were damaged by the storm, more particularly the building occupied by the Royal Bank, the Presbyterian church and the office of the newspaper, while the front window of Thomson's general store was blown completely in.

Christmas Tree. The annual Christmas tree of the Presbyterian church Sunday school was held on the evening of the 24th ult. Supper was served to the children and parents at 6 p.m., and thereafter the children enjoyed various games, concluding with the usual Christmas tree. The Sunday school Xmas tree of the Anglican church was held on the 27th inst., when a somewhat similar programme was carried out.

Uluetset Potlatch. A large number of the Tseshaht Indians made a special excursion by the last trip of the S. S. Amur to Uluetset, where they had been invited to a potlatch by the natives of that place. Over fifty adults accepted the invitation.

Timber Reserves. The announcement that the government had reserved all timber lands, created much interest in timber circles here, but it is generally felt that the greater part of the timber likely to be accessible for many years to come has already been staked and owing to the wet season there are but few stakes in the ground. The timber is affected by the suddenness with which the timber has been withdrawn from the market.

T. Mahor. George Fraser, the well known horticulturist of Uluetset, arrived from there by the S. S. Amur on Sunday, and is spending a few days with Mr. and Mrs. Grieve, of Cherry Creek.

EDITOR SHOT. St. Louis, Mo., Dec. 31.—Al. H. Spink, editor and proprietor of the company publishing the Daily World, author of the Derby Winner, and several other plays, and formerly a sporting writer of national reputation, was shot and perhaps fatally injured to-night by Victor Groves, an employee, following an altercation with Wm. Spink, the editor's son. Mr. Spink was rushing to the scene of the quarrel when Groves drew a revolver and fired two shots, one of them entering the editor's left shoulder and penetrating his lung.

TERCENTENARY. Presidents of Canadian Clubs to Assemble at Ottawa.

Ottawa, Jan. 1.—The Canadian Club of Ottawa has issued invitations to the presidents of all the Canadian Clubs in Canada to hold a meeting in Ottawa on January 17th to consider the proposal of Earl Grey for a monument upon the heights of Quebec to celebrate the tercentenary and to make a national park of the Plains of Abraham and other battlefields. The meeting will be to consider the ways and means in connection with the Governor-General's scheme.

ROOMING HOUSE TRAGEDY. New York, Dec. 31.—Guiseppe Capuzzo, alias Charles Davis, who had been on trial for killing Sophie Keller, a native of Moose Jaw, was convicted to-day of murder in the second degree and immediately sentenced to not less than 20 years in prison.

WESTERN UNION OFFICIAL DEAD. Richmond, Va., Jan. 2.—Thos. Kates, formerly superintendent of the southern district of the Western Union Company at Richmond and later general superintendent of the Postal Telegraph & Cable Company, with headquarters here, died last night at Manchester, Va. FARMHOUSE TRAGEDY.
Homesteader Found Lying Dead Under Suspicious Circumstances.

Rochester, N. Y., Dec. 31.—John A. Burton, a farmer living four miles north of Churchillville, was found dead to-day under peculiar circumstances. Shortly before noon a hired man employed by Mr. Burton, and who has always gone under the name of "Shorty," appeared at the house of a neighbor and said that he believed his employer was dead. The neighbors immediately started for the Burton home and when they reached it found the house in a state of confusion. With his head resting on the floor, lay the body of the dead farmer. Burton was 40 years of age and lived on the farm with only the hired man.

Gretna, Man., Jan. 1.—James O'Brien, the sixteen-year-old self-confessed slayer of Arthur Leclaire at Neche a week ago last Sunday, was brought from the Pembina county jail at Pembina to Neche to-day to attend the inquest, and he retold his confession, made to Detective Crawford at Pembina. The confession was almost word for word that related to the detective. On the conclusion of his story of the week ago last Sunday, the coroner's jury returned a verdict that the crime was committed by James O'Brien with a hatchet.
