Afternoon-Large Attendance

The Mothers' Club, of Spring Ridge school, held its regular fortnightly meeting yesterday afternoon in the Frimary classroom. The meeting was well attended, the topic, "True Citizenship," being one to interest all. The discussion was based on the following questions suggested by Miss A. D. Cameron's paper, so much enjoyed by the club two weeks ago:

1. What do we meen, in the broadest sense, by true citizenship?

2. As women, what is our interest in this subject?

3. What are our duties as citizens?
4. How can we best train children in the ideals of honor, justice and truth in the discharge of civic duties?
5. How can we best help our future citiens?

6. What is the measure of our responsibily to the young, the weak and the erring
i our city?

The discussion took a very practical turn,

ity to the young, the weak and the erring in our city?

The discussion took a very practical turn, especially in regard to questions three and five. Several ladies talled attention to the need of supplying neglected boys and those whose occupation kept them in town after nightfall with some place of legitimate recreation. A committee of three, Mrs. Lyall, Mrs. J. G. Brown and Mrs. Dauphin, was commissioned to report on the cost of opening a room in town, where games, books and magazines, with light, warmth and comfort, may help to educate our future citizens, whose only sources of amusement now are the street or the salcon. The club will be very glad to receive information or advice from anyone historested in this important work, if they will kindly communicate with any of the above committee, or Miss Winter, at Spring Ridge school.

mittee, or Miss Winter, at Spring Ridge school.

The evil of allowing boys under twelve to sell papers on the streets was also noted, and the secretary was asked to frame a resolution protesting against this and asking for the co-operation of the Children's Aid Society in remedying it. This will be signed by the members of the club and forwarded to the secretary of the Children's Aid Society. Mrs. Dauphin and Mrs. I're volunteered their services for securing signatures.

signatures.

The non-attendance at school of childrer of school age, and other crying evils, were dealt with in an earnest, business-like way, which showed that the women feel deeply their individual responsibility as members of the social and civic whole. of the social and civic whole.

Tennyson's thoughtful poem, "Love Thon Thy Land With Love Far Brought," with its broad and lofty interpretation of the ideals of citizenship, and an extract from Mrs. Browning's pathetic "Casa Gaidi Windows," were read by Miss Winter, and very much enjoyed.

The next meeting of the club, on Thursday afternoon, Feb. 20th, will be devoted to hearing the reports of various committees on proposed reforms and to planning active work along the lines indicated above.
