The masters said they could not pay more, make their arrangements at as early a date as possible so as to enter for the races without unnecessary delay. It is obliged to send their work to England, session of that old cold school in which important that the entries be made at the date fixed, Saturday, 2nd September, so more than eighty men are employed in State Press.

will be issued to those attending the arrangements for the forthcoming regatta.

The Melbourne (Australia) Age of June 12th just, received, contains a champion obituary notice of Edward Hanlan, champion oarsmen of the world. The Age of the newspaper.

The yellow flower was the "Common Daily Telegraph, in a special issue of June 11th, announced Hanlan's death from and his fair and honest dealings in his beginner.

I would esteem it a favor if the same and his fair and honest dealings in his matches commended him to all who knew individual would procure this plant with him." Like Marshal Bazine, of France Committee. It will float nearly level with root for me-never mind the flower. I Hanlan is amused by reading his own

A Philadelphia despatch of 8th says,-"The Charles S. Parnell branch of the Irish land league of this city has unanimously adopted a resolution to send Arabi Pasha the Parnell branch's share of the net proceeds of the excursion which is to be made to Atlantic City under the auspices of the Philadelphia league on Sept. 3. The Parnell branch has also in Parnell wisely telegraphed his strong disapproval of this action, and declares that

it ought to be reversed. Active Militia officers and men will be interested in the following list of the mil-

which they will be held, and the approximate strength of each:-12th, 2,134 men; camp No. 2, Niagara, N. S. | 12th, 2,134 men; camp No. 2, Niagara, Grand Chaplain—Wm. Bannister, Hali- | September 13th, 2,356 men; camp No. 3, Coburg, September 5th, 1,511 men; camp No. 4, Brockville, September 5th, 1,100 men; camp No. 5 (not decided), September 19th, 1,765 men; camp No. 6 Pictou District.

The Hessian fly has appeared in consider able force in some parts of the province, and there is danger that it will seriously affect the oat crop. Between Fairville and Fredericton Junction, along the line of the St. John and Maine Railway, a of the St. John and Maine And it is great many fields are damaged; and it is and is altogether an excellent propert mercial and other purposes. For along the line of the Intercolonial Railway. The presence of the insect may be detected by red leaves on the stalk which, on being examined, will be found to contain the They seem to suck the juice of the plant and it rapidly withers. In Ontario the fly has attacked the wheat, and in some

Two young men, named Robitaille and Bedard, having been caught in the storm at St. Catharine, Quebec, took refuge under a spruce tree in an open field; but they were not there long before it occured to them that they were in a very exposed position. They accordingly started to leave the tree, but had not got more than -Eighteen shebeens sell rum on Maine a few paces away-Bedard some ten or St., Moncton. Sunday is a gala day fifteen and Robitaille three or four feetwhen the lightning struck the spruce, felling both of them to the ground, and stunning Robitaille, who remained insensible town, N. B., drank a large quantity of ice afterwards for nearly an hour—Bedard water the other day and died within an escaping without other shock than being thrown to the ground. But the strangest part of the occurrence is that the electric fluid, without tearing in any way Robitaille's coat or shirt, has left upon his arm a perfect imprint or facsimile in minature of the spruce tree under which he had
