Every Winter Overcoat

On our racks for men was fresh made this fall—not a
single one carried over from last winter.
Besides, every Overcoat here was made to our special
order from woolsens selected by us in the piece, and be-
cause we buy and sell for cash only we can and do sell
them to you for less than you can get equally good over-
coats for elsewhere.

COMMERCIAL.

PLACED \$5,000,000 AT 98.

Mr. William Mackenzie, who is work-
ing hard in the interests of the Cana-
dian Northern Railway, has returned
from England, and has sold \$5,000,000
4 per cent. Canadian Northern of Que-
bec debenture stock at 98. The Spec-
ing house is putting it on the market.
Once or twice Canadian Northern is-
sues have met with rather a chilly re-
ception in London, but they seem to be
in more favor now.

Mr. Mackenzie says that he is well
pleased with the result of his trip.

BIGGEST GOLD FLOW IN HIS-
TORY.

Last month's gold movement was the
greatest in history.
England exported \$46,885,875 gold,
\$24,815,000 of which came to the United
States.

Never before has such a flow of the
precious metal taken place from Eng-
land, and only once has the movement
to the United States been exceeded.
The maximum monthly gold export
to the States from England in the
year 1893 was \$27,115,835, in August.

Russia drew \$7,400,000 gold from
England, Egypt \$5,500,000, Britain
\$2,044,000, and other countries of
the world \$9,163,000. Thus a new record
was established in the history of
Great Britain's gold exports, and the
Bank of England's action is further
explained.

The following table shows England's
exports of gold last month and their
destination, compared with a year ago:

To:	Sept. 1906.	Sept. 1905.
Russia	\$1,480,000	\$280
Germany	222,945	4,265
France	148,558	1,429,414
Egypt	670,000	550,000
United States	4,983,000	638,000
Argentina	18,800	610,085
Brazil	400,000	480,000
India	402,900	237,208
Other countries	420,777	477,292
Total exports	\$8,337,175	\$4,446,573

SHAREHOLDERS TO GET \$700,000
MORE.

Canadian banks in 1906 will distribute
\$700,000 more in dividends than they
did in 1905.

Bank after bank within the past
twelve months has come to the front
with an announcement of some sort,
either of a larger dividend, a quar-
terly instead of semi-annual payments,
or an increase in capital stock.

Some have announced all three and
all, with one or two exceptions, have
shown greatly increased profits in spite
of the costly expansion in the way of
new branches.

Thirteen banks have increased divi-
dends, and the table shows approxi-
mately the amounts they paid to
shareholders in 1905 and the amounts
they will pay in 1906:

	1905.	1906.
Nova Scotia	\$333,000	\$224,000
U. of Halifax	130,000	93,500
Ontario Bank	105,000	90,000
Bank of Montreal	105,000	90,000
Bank of Commerce	80,000	420,000
Royal	342,000	240,000
Dominion	250,000	100,000
Standard	147,000	100,000
Ottawa	300,000	225,000
Crown	40,000	—
Home	147,000	—
Commerce	500,000	700,000
Hochelaga	160,000	140,000

\$3,350,000 \$2,832,500
Of course, the Ontario Bank, with its
increase, will have to distribute the
list for its shareholders are likely to
get a request for money instead of
a dividend.

In addition seventeen banks have in-
creased their capital, and already more
than \$9,000,000 has been paid in by
shareholders.

Before the year is out it is expected
that two other banks will also an-
nounce a new issue of stock.

NEW YORK, Oct. 31.—Stocks were
depressed from the outset, the losses
were generally well under half per
cent. A block of 5,000 shares of United
States Steel was sold at a decline of
3-4. Rock Island fell a similar amount.
Continued realizing in Pennsylvania
responsible for a drop in it of a point.
The Mexican stocks on other hands
showed general strength. National
Railroad of Mexico going up 1/2, the sec-
ond pfd 1 1/4 and Mexican Central 3/4.
St. L. and W. sold down 1-2, and An-
aconda 2-5.

BOILER EXPLOSION

IN MASS. KILLS
ONE, INJURES SCORE

WEBSTER, Mass., Oct. 30.—The ex-
plosion of the steam cylinder of a
slasher machine in the dressing room
of the woolen factory of S. Slater &
Son, here, late today, caused the death
of one person, serious injury to three
others, while a score or more of others
received hurts of a minor nature.

The man who was killed was Uth-
Laroche, a French Canadian, 32 years
old. Laroche was near the machine
at the time of the explosion. He was
almost instantly killed, being crushed
and mangled by the flying metal, and
scalded by the escaping steam.

Julius Raun, another operative, was
passing through the room at the time
of the explosion. He was cut by the
flying metal, and badly scalded on
head, face, arms and legs. He was
taken to the city hospital at Worcester,
where it was said his condition
was serious.

A heavy piece of steel was forced
through the ceiling into the room
above. In this room two Polish wo-
men, whose names could not be ob-
tained, were seriously cut and scald-
ed.

More than twenty other persons re-
ceived slight cuts and burns and pre-
ceded the ceiling into the room
above. The force of the explo-
sion shattered nearly a hundred win-
dows in the factory.

The cause of the explosion has not
been determined.

MRS. MEDLEY'S MONUMENT

FREDERICTON, N. B., Oct. 30.—The
monumental stone for the grave of the
late Mrs. Medley has arrived from
England and is being placed in posi-
tion at the end of the Cathedral, where
the deceased lies buried alongside of
her husband, the late Metropolitan. The
stone which is the design of the Rev.
Edward Medley, son of the late bishop,
and was made under his supervision, is
very similar to the Metropolitan's
monument though not quite so large.

The equity court has been engaged
the entire day with the hearing in the
case of Grotz Pick against John A. Ed-
wards. The plaintiff is asking for an
account from the defendant of the man-
agement of certain premises on
Queen street since 1880. Besides the
reading of the papers in the suit the
evidence was taken of Judge Gregory
and J. Barry Smith. The case will be
continued in the morning.

ATTEL DEFEATS BAKER.

LOS ANGELES, Calif., Oct. 31.—Ab-
Attel, of San Francisco, who won the
decision from Harry Baker, of San
Francisco, after 20 rounds of fighting
here last night, defended the world's
featherweight championship and the
McCarvey diamond belt. When referee
Eddie Robinson held up Attel's gloves
before the 4,200 spectators who had
been brought to the feet by the fierce
closing rally Baker threw up both
hands and fell face downward on the
floor in hysterics. Then followed a
spectators hissing, hooting, groaning
and surging about the ring in protest
against the decision while a squad of
police directed by Chief Commissioner
Sailer fought them back from the en-
closure.
